"World Traveller at 21"

He could tell you how Italian tanks scattered in Libya; how Sicily looked by the light of flare bombs; how the Hunns ducked for cover in a half-dozen European countries. He's a member of an R.C.A.F. air crew—those much travelled "fighting comrades of the skies."

Trained in Canada—R.C.A.F. air crews take the world in their stride. Smooth-working attack teams—bomber and fighter Pilots, Navigators, Bombers, Gunners, Wireless Operators—ready for action on any front. They seek out and destroy the foe wherever he can be found. After victory these keen young Canadians will lead the way to a bright new world. Our future is in their hands. Their future is in the skies.

Young men with a taste for adventure—and a yen to pin Hitler's ears back—have a new career awaiting them in R.C.A.F. air crews. R.C.A.F. training in Canada is expanding steadily. More planes, more schools, more instructors are now available. At present applications are being accepted for air crew at R.C.A.F. Recruiting Centres throughout Canada.

If you are physically fit, mentally alert, over 17½ and not yet 33, you are eligible. If you are over 33, but have exceptional qualifications, you may still be considered. Lack of formal education is no longer a bar to enlistment.

WOMEN TOO—Join "that men army fly." Canadian women fill vital jobs in the R.C.A.F. Women's Division, releasing men for air crew duties. Recruits are needed, age 18 to 40, physically fit, with at least High School entrance. Many useful and fascinating jobs await you. No experience needed. The Air Force will train you quickly to take your place with Canada's airwomen. Full information at any R.C.A.F. Recruiting Centre or write address below for booklet.
