W. H. S. LOSES N. B. BASKETBALL TITLE BY SMALL MARGIN

Newcastle Premier Deals With Proposed New Government Projects

Won Tourny By 5 Points

BY BOB BROWN, W. H. S. BASKETBALL COACH

At the Beaverbrook gymnasium in Fredericton last Saturday afternoon March 6th a new champion was crowned when Harkness High of Newcastle, N. B., captured the New Brunswick High School Basketball title by winning a close fast hard checking game from W. H. S. 13-8.

Both teams had advanced to the finals by turning aside their opponents with good scores. Harkness High defeated Saint John, 38-9 and McAdam 37-10, while W. H. S. defeated Campbellton High, 19-3 and their old rivals Fredericton High, 24-11.

W. H. S. 40-CAMPBELLTON 8
W. H. S. and Campbellton High met at 4.30 in the quarter finals. This was the first time the North Shore boys have entered a team. In spite of their lack of experience they displayed a good brand of ball. W. H. S. took an early lead and were in front throughout. Hay was high scorer with 14 points, closely followed by R. Tommy with 8 points. Slipp and McKinley each chalked up 6 points, while A. Tommy who played a good floor game scored 4 points. The work of Lenchman, Clark, Lindsay and Breneol was outstanding. Lockhart also showed up well.

For Campbellton Davingue, Connelly and Davis shared the scoring honors. The North Shore boys were good sports and no doubt with the experience gained in this tournament will show much improvement in next year's classic.

Lineups:
Campbellton. Connelly 2, McDonald, Cyr, Moser, Forwards; Davingue 4, MacMillan Centres; Guldry, Davis

Potato Prices

The price of potatoes to-day is slightly in advance of \$3.00 a barrel. The market is good and farmers are offering their stock but the serious shortage of heated cars and the blocked condition of the roads is a decided drawback to transportation. The situation remains the same as for some time past. Very little hauling is taking place due to cold weather and bad travelling.

RED CROSS DRIVE IS GOING AHEAD IN ALL SECTIONS

CANVASSERS ARE SHOWING A FINE EXAMPLE

The stormy weather of the past week has delayed reports of the Red Cross campaign. County Chairman F. O. Creighton said this morning. The drive is going ahead nevertheless, and in those communities where cars and even horses cannot go, canvassers are showing a fine spirit by doing their territory on foot. Those engaged in this voluntary work are meeting with a sympathetic response and the chairman feels confident that Carleton County will once more go over the top.

Alfred Page, chairman for the town of Woodstock says that some teams have already exhausted their supply

RED CROSS DOES DOUBLE WORK DURING FEBRUARY

CONVENER ASKS KNITTERS TO CAST ON LOOSELY

Mrs. Alfred Page, war work convener, reported a busy month of February at the monthly meeting of the Red Cross Society in the Court House last Thursday afternoon. She reported 597 articles sent to Saint John more than double the quantity sent last month. In the total were: 51 donated articles, 24 quilts, 4 complete layettes of 236 pieces, 3 toddlers' packs, 105 refugee garments, 7 pairs of socks, 3 pairs of seamen's socks, 6 sweaters, 66 turtle neck tuckins, 5 scarves, 6 pairs of mittens, 6 helmets, 18 pairs of gloves, 3 pairs of ladies' hose and two ladies' sweaters. Mrs. Page requested that knitters cast on loosely, as too many socks were tight at the top.

Mrs. B. H. Smith of the purchasing committee reported spending for supplies in January and February close to \$400. The most of the purchases had been for refugee work. Mrs. E. R. Jones of the surgical committee reported shipping two complete units of hospital supplies to Saint John.

Mrs. S. L. Lynett gave the financial statement showing a balance on hand. D. R. Bishop, president, was in the chair.

A Tragedy

THE C. V. C. HAVE OPENED NEW ROOMS ON QUEEN STREET

ROOMS ARE FOR THE BENEFIT OF COMMITTEES

Woodstock, N. B. March 8th, 1943
The Carleton Sentinel,
Woodstock, N. B.
Dear Mr. Editor:

The Local Civilian Volunteer Corps, have opened new Committee rooms on Queen Street Woodstock, N. B. to carry on general organization work.

Meetings of the General Committee will be held in this room every Wednesday evening at 7.30, and various other evenings for the benefit of other committees, and general office work. We trust that all committees will make full use of these rooms to complete their organization, and bring records up to date.

We have received much valuable equipment, such as fire fighting. First Aid, helmets, respirators etc., our pumps and hose, have already been used to advantage in this community and surrounding district. Although much equipment and supplies have been distributed to citizens, there is much more to be done. Equipment is distributed on a merit basis, and it we are to receive further assistance we must show that we are properly organized, prepared to take proper care of same, and to use it efficiently.

Upper Woodstock, and Grafton have been added to our corps, which increases our work to some extent, and it is to carry on the general work of the organization, that these rooms have been opened. We therefore solicit the assistance and co-operation of all citizens, and trust that all personnel will renew their efforts in their particular posts.

We hope that this organization will never be needed and that all our work will be forgotten, but it does not cost much to come in and help us, and should a real emergency arise, we might be the means of saving many lives, and much suffering.

We ask the assistance and co-operation of ALL.

A. HETHERINGTON,
Mun. A. R. P. Officer.

Substantial Reforms Suggested

EDUCATIONAL REFORMS ARE UNDER CONSIDERATION

Closing the debate in the address in reply to The Speech from the Throne, yesterday Premier J. B. McNair dealt particularly with Federal capital assistance to industries in New Brunswick, new projects of a substantial nature proposed for the province. Educational Reforms under consideration, addition concessions planned in motor vehicles fee in rates and reduction and the province's cooperation in social insurance.

Mr. McNair answered the opposition's charge of inadequate Dominion assistance for industry and the absence of any major government sponsored war industry in New Brunswick. He said he and his colleagues had continually pressed the opportunities and claims of the province, never slackening their efforts. Capital outlays and commitments made in the province by the Dominion for war purposes showed more than \$20,000,000 given to capital assistance for private industry and capital expenditures on various public projects. Saint John had obtained approximately \$5,000,000 of the sum. This list did not include several major projects now in contemplation, one or two of which were now being organized. Orders obtained were
