Thanks For Red Cross Gift

Mrs. Sandy Pert, River Road has received the following letter of thanks for a garment she contributed to the Red Cross:

14 Council House's,
 Mereside,
 Huntingdon, Eng.
 1-143.

Dear Mrs. Pert:
 My little boy was the lucky one to get your letter put in the pyjamas, March 11th, 1942. We received them in a parcel Xmas morning from the W. V. S. He is six years old, but being a cripple, unable to walk, he has had only a little schooling, and that was at the Hospital. He has been at home with me since last May. I try to teach him myself but he is unable to write yet, only write his name, and not very well at that, but I will let him sign his name on this letter so I felt it my duty to write for him and thank you for the lovely little pyjamas. He is very excited with them. His Daddy is a private in the R. A. S. C. and has been in the army 2 years and 3 months. We live on our own.

Robin wants to go to school so I shall see the Medical Doctor to see if he can start.

Well dear I must draw by letter to a close, trusting it will reach you safe and sound.

Cheerio dear, All the Best for yourself, your husband and kiddies.

I am yours sincerely,
 Lina Shelton (Mrs.)
 (ROBIN)

P. S. Will you please write back to me.

Canada's Fighting Farmers

Canadian farmers today are fighting for victory as truly as are the makers of tanks, ships and planes, in support of the men of our army, navy and air force. For the farm is the food reservoir of our battling legions on all world fronts.

To help the farmer increase food production and do his maximum part in this total war, the Bank of Montreal co-operates with him in many ways, particularly by lending him money needed for seed,

labour and marketing. The Bank has been supplying credit to farmers since 1817.

If you need money to improve your production of food, either for export to feed the front lines, or for domestic use, you are invited to discuss your requirements with our nearest branch manager. He will understand your problems and will treat your business as strictly confidential.

150,000 RAILWAY WORKERS
REPORT
TO CANADA AT WAR!
 Last year, we hauled 150 million tons of materials, foods and munitions . . . double the pre-war traffic.
 We carried Twenty Million NEW passengers . . . fighting men and war workers.
 We built tanks, guns, shells, ships.
 Twenty-two thousand of us were with the armed forces of our country.
 Now, we are busier than ever providing the mass transportation that only the railways can furnish.
 The country depends upon us to do this job. We must move the troops. We must handle freight. And, with your cooperation, it will be done.
