**A Remarkable Race.**

YORK, Pa., Aug. 15.—A remarkable race with a locomotive was made by Mr. S. Dr. Rause. She was crossing the Northern Central railroad tracks seated in a phaeton and driving a spirited horse. As the horse reached the track the Hanover express, dashing at a mile-a-minute rate, was sighted bearing down upon them. The horse became frightened and turned down the track ahead of the engine. It was a race for life and the plucky woman won.

The phaeton bobbed up and down on the ties like a bandbox. Every minute the engine drew nearer. Mrs. Rause kept her seat with difficulty, and the engineer shut his eyes, expecting every minute that the locomotive would crash the carriage. He reversed the engine and trusted to luck. When the engine was within three feet of the phaeton it was stopped.

The train slowed up and it was easily checked after a race of a quarter of a mile. The passengers left the train and went to the lady's assistance. It was found that she had escaped serious injury, having only been bruised about the face and body by bumping against the sides of the phaeton. The horse and carriage were removed from the track, and Mrs. Rause drove home without assistance.

K. D. C. positively cures the worst cases, send for a free sample to K. D. C. Company, New Glasgow, N. S.

Please remember that we keep our stock well assorted throughout the summer months, and orders for samples will receive most careful attention.
