

LOCAL & GENERAL.

A Big Estimate. (Pictou Standard.)

Manitoba beats the world. This year it raised 30,000,000 bushels wheat, 15,000,000 bushels oats, and 3,000,000 of barley. Well done Manitoba, the future home of 100,000,000 people.

Editorial Evidence.

Unique—K. D. C. is not advertised to cure "all the ills that flesh is heir to," but is specially prepared for the cure of dyspepsia or indigestion. Cure guaranteed. Try it!

—We draw attention to an error in Chas. K. Cameron and Co.'s advertisement in our last issue. The price postpaid of Madame Warren's dress form corsets is \$1.67, not \$1.50 as therein stated.

—Ice one inch and a half thick will support a man; four inches thick will support cavalry; five inches thick an 84-pound cannon; ten inches thick will support a multitude, eighteen inches thick will support a railroad train.

—The reappearance of grip at many points of the United States and Europe, following the attacks during two previous winters, causes much alarm. Let us hope that it is not to prove an annual visitor in the future. The New York Herald mentions that the opinion is gaining ground among physicians that grip is an infectious fever, and calls for isolation of its victims as the best preventive of its spread.

For internal cramps and external chills, Johnson's Anodyne Liniment excels anything in use.

LATE PA. BELLEVEAU

I have a beautiful cabinet photo of the late Father Belleveau, made from life, and was highly approved of by himself. Do not buy some of the poor copies that are being sold, but see that every picture bears my name printed in gold on the bottom. If you want a picture you also want a good portrait and faithful likeness, which you can get mailed to you, postage prepaid, by sending 25 cents in stamps to my address.
