The other day a crowd gathered on a street corner in Lewiston. One man pulled a silver watch from his pocket worth about \$35. From another pocket he fished up a dozen matches. "I'll give this watch," he said "to whoever will hold a match in his thumb and finger blaze down, till it burns up completely." One fellow tried it and dropped the match when it began to burn. Another and still another did the same. Then came one who was out of work and had a wife and little

babies at home. He took the match and held it till it was charred between thumb and finger and the nails on the thumb and finger were burned up. "Why did you do that for a watch?" asked some one. "O, I must have money and a burn is better than seeing one's little children starve," he answered as he walked off with the watch.

The catch of salmon in the Port Medway, Queens Co., N. S., this season was the largest ever known there. The quantity taken aggregates 25 tons and the price ranged from 60 to 12 cents per lb. All this fish was shipped on ice to Boston. 1000 barrels of alewives were also taken.

Sioux Falls, South Dakota, has suddenly come into prominence as a place of refuge for persons who have found marriage a failure and are seeking release from the bonds. Here the marital invalids find a climate highly favored to their complaints, for by the law there prevailing divorces are granted after six month's residence by publication only, and for almost any cause—"incompatibility of temper being not the least of these." Already, it is said, Sioux Falls has received and entertained a number of distinguished and wealthy people, one of the latest arrivals being a New York lady who is seeking to be freed from her liege lord, a Belgian baron, who threatened on account of certain alleged irregularities on her part, to incarcerate her in an insane asylum.

**"Kingstone!"**  
Should sufficient patronage be offered, the trotting bred stallion "Kingstone" will be held for the service of good roading mares at "The Cedars," Kingston, from each Saturday at noon till Monday noon during the season, and at other places at stated times where his services may be required, which places will be hereafter made known through circulars.

"Kingstone" is sired by "Rysdyke (653)" and he by the founder of the great Hamiltonian family, viz, "Rysdyke's Hamilton (10)"; "Rysdyke" the sire of "Kingstone" has six of his get in the 2.30 list, including "Clingstone" 2.14, nicknamed "The Demon" on account of his bull dog determination displayed in his several hard contested races. "Kingstone's" dam "Duchess of Kent" was by the imported thorough-bred "Aracan" and her eighteen years' service over all kinds of roads proved her a superior roadster.

Coupled with the right kind of mares the get of "Kingstone" should show a fair percentage of fast trotters, while all should be superior roadsters, having a sufficient amount of the stamina and fine bone of the thorough-bred, as he, "Kingstone," is half thorough-bred, sire and dam being each half.

Service fee \$10.00 for the season, or \$5 for single service. Be it known to all who it may concern "Life is too short to be spent in going to mill or market behind an ox or mule team."  
I. W. DOHERTY.
