"Senator Hearst's death," writes a Washington correspondent, "makes his son, William R. Hearst, the richest newspaper proprietor of the country. It is said young Hearst will have complete control of the bulk of the senator's estate of \$20,000,000, and that he will at once set about the establishment of a daily newspaper in New York, as he regards Frisco as too small a field."

A highly sensational incident occurred on Thursday at the Palais de Justice, Paris. It took Stanley and his party a long time to get used to having people behind them. If a waiter who was serving them at the hotel in Cairo came behind them they would order him to come round in front, and not to dare to stand at their backs. If, when walking in the streets, they heard a footstep behind them, they would either turn around and face the person coming or draw back to the side of the walk until he had passed.

There's a patent medicine which is not a patent medicine—paradoxical as that may sound. It's a discovery! the golden discovery of medical science! It's the medicine for you—tired, run-down, exhausted, nerve-wasted men and women; for you sufferers from diseases of skin or scalp, liver or lungs—its chance is with everyone, its season always, because it aims to purify the fountain of life—the blood—upon which all such diseases depend.

That's what the makers call taking the risk of their words. Tiny, little, sugar-coated granules, are what Dr. Pierce's Pleasant Pellets are. The best Liver Pills ever invented; active yet mild in operation; cures sick and bilious headaches. One a dose.

The Yatisi Corset, owing to the peculiar diagonal cleavage of the cloth will fit the wearer perfectly the first time worn, no matter what her style of form is—either long or short waisted.

The Yatisi Corset does not stretch at the waist, requires no breaking in, fits comfortably the first time worn. As it gives to every motion of the wearer it will out-last any of the old style rigid Corsets.

The Yatisi Corset is made of the best materials, and being elastic, (without rubber or spring) is invaluable for invalids, as it cannot compress the vital parts of the body. They are recommended by the most celebrated physicians in all the leading cities.

The Yatisi Corset is the only one that the purchaser can wear ten days and then return and have the money refunded if not found to be the most perfect fitting, healthful and comfortable Corset ever worn.
