The number of cattle in Australia is estimated at 8,600,000, and increase of more than 2,500,000 in the last fifteen years. Sheep have also increased from 53,000,000 to 90,000,000. The people of England view these figures with great satisfaction, inasmuch as they indicate an increased meat supply for the mother country.

An incident of the Jewish persecution at Vienna is reported by a correspondent of the London Standard as being well vouched for. A Jewish horse dealer in the suburbs was preparing to go to market, when he happened to look under the box seat of his cart and was startled to find there a little boy about five years old, huddled up in a narrow space between a number of iron spikes so arranged as to threaten him with serious injury whenever the cart was put in rapid motion. He had presence of mind enough to summon witnesses, and the child who turned out to be the son of a poor Christian peasant in the neighborhood, was extracted unhurt from his dangerous position. The supposition is that he was placed there by anti-Semites, who intended to rescue him later on, after he had been wounded by the iron spikes, and then charge the Jews with the abduction of a Christian child for sarcifice at the Passover, which was then

El ction Card!

To the Electors of the County of Kent, GENTLEMEN :-O. J. LeBlanc, M. P. P., having accepted a nomination for the late election for the Commons, his seat in the House of Assembly has thereby become vacant and you

will soon be again called upon to elect a member to represent you at Fredericton. The large vote (1203) which I received at the election in January, 1890, (when I was comparatively unknown in some sections of the County) with the solicitations and encouragements I have lately had from a very large number of you, induce me to again offer you my services. I have since that election continued to represent my own parish (St Marys) at the Municipal Board, and have been honoured with an unanimous election as Warden of the Council, I have therefore become more intimately acquainted with the business and people of the County, and have confidence thas I can faithfully serve your interests

in the higher position to which I aspire. If honored with a majority of your votes my chief aim will be to advance the interests of my native County, and for this purpose I will be prepared to favor all which in my judgment may tend in tha

direction. Your local wants with reference to roads and bridges shall not be overlooked by me, and I will do my utmost to secure for Kent a fair share of public money.

I therefore solicit the active support of all who so generously assisted me in my former contest, as well as all others who are are now willing to trust the representation of the County in my hands.

I will endeavor to make a thorough canvass of the County, and trust to have the pleasure of explaining my views to a large number of the electors. Again soliciting your votes and support

> I am, gentlemen, Your obedient servant, JOHN B. GOGAIN.
