Lost.
Between Chockpish and Buctouche, a woollen wagon wrapper. The finder will be suitably rewarded by returning same to Thomas Roberts, Bay View Hotel, Buctouche.

"Bob" is all Right.
Robert Saunders, who received such a bad shaking up by falling off a train while going at the rate of 30 miles an hour near Sussex recently, returned home last week. He says he fell out the side door of the post office car. Saunders wishes to correct the assertion of a newspaper that said if he had not been drunk he would have been killed and says if he had not been under the influence he would not have fallen off the car.

Killed by Alcohol.
At Bath, N.B., May 3, Edward Hartt, a brass worker, drank nearly a quart of wood alcohol and is dead. He used this alcohol as a substitute for other liquor which he could not get. Hartt used to work in the Miramichi Foundry, and served a term in the county jail for drunkenness. He was a very skillful workman, and many will remember the wooden engine he made and exhibited here.—World.

The Dominion Illustrated.
The publishers of that splendid Canadian weekly journal, the Dominion Illustrated, announce that the response to their offer of prizes to the value of over \$3,000 in competition, open to subscribers only, has been most gratifying. The nature of the competition renders it a valuable one, whether the competitor wins a prize or not. The period covered by the competition does not expire until June 30th, and persons subscribing now may compete as readily as any and on even terms. For full particulars of the competition and a sample copy of the journal itself, send 12 cents in stamps to the publishers, the Sabiston Litho. & Pub. Co., Montreal.

Terrible Ravages of La Grippe.
La grippe is making terrible ravages at Advocate Harbor, N. S. A private letter says that numbers of people are dying daily. All the shipyards have been in idleness for several days owing to the very prevalent sickness among the carpenters. A young son of Albert Elderkin was attacked by the disease Tuesday morning and that evening he was dead. Mr. Walter Barteaux, an aged man; Mr. and Mrs. Henry Morris, and Mr. John Morris have all died within a week. Several serious cases are reported and unless the malady is in some way circumvented there will be many more deaths. The wildest alarm prevails in the neighborhood.

Miramichi Yacht Club.
At the annual meeting of the Miramichi yacht club, at Miramichi, on Thursday last it was resolved to invite the Richibucto men to take part in the Club race on the 20th June. A money prize of \$25 will be paid to the winner.
A cup, says the World, valued at £100, having been given by the Queen to be competed for by Canadian yacht clubs, the first race for which will be sailed this year at Toronto, it was deemed advisable that an effort be made to have a race sailed for it in the Miramichi Bay at as early a date as possible, and the Secretary was authorized to correspond with the proper persons with this object in view. New Brunswick is entitled to have a race when its turn comes. Miramichi Bay is the best yachting water in the province, and this is the only yacht club in New Brunswick. The race, therefore, must be held here, and the last winner of the cup will have to come here with his yacht to defend it or let it go by default.

Since it is now a well-established fact that catarrh is a blood disease, medical men are quite generally prescribing Ayer's Sarsaparilla for that loathsome complaint, and the result, in nearly every instance, proves the wisdom of their advice.—Adv.

—Rev. M. F. Richard, bought up a car-load of seed oats for Rogersville and shipped it by the K. N. R. last week. Great praise is due the rev. gentleman for the interest he takes in the temporal as well as spiritual welfare of his parishioners.

Jones & Co., Halifax, has been on the Miramichi this week, inquiring into the spool wood business and looking at birch land, with the intention of putting up a spool factory.
