

LOCAL & GENERAL.

Repairing.
The most complicated watches, clocks and jewelry repaired and guaranteed.
W. R. GOULD, Chatham.

The Biggest Yet.
County Warden Flanagan leads them all in the big colt line. He has one sired by the government perchon, "Preferer" that is only one year and eleven months old and weighs 1525 lbs.—Advance.

Another Fortune.
Mrs. Alexander Barnes, of Molus River, Weldford, Kent County, claims to be heir to the Clare fortune, eighty thousand pounds sterling, which now lies in the Bank of England. Mrs. Barnes is John Clare's oldest daughter, and has family records back to the year 1733. John Clare, brother of Dr. Clare, was born in Bristol, England, in 1755.

Fire at Newcastle.
The steam mill in Newcastle known as Park's mill but owned by D. & J. Ritchie was burned to the ground on Wednesday night. The property was a valuable one although the mill had not been working for some years. The origin of the fire is unknown. The insurance on the property is as follows: Eastern, \$2,000; Royal, \$2,000; Lancashire, \$500; Queen, \$500; Imperial, \$500; Liverpool and London and Globe, \$500; Etna, \$500; Hartford, \$500; total, \$6,000. About \$200 worth of spool wood which was piled near by was also burned.—World.

Murphy's Carriage Factory, St. John.
That New Brunswick can hold her own in the quality of the products of her carriage factories was patent to all who went through the carriage section of the recent St. John exhibition. Mr. Edward Murphy who has had large practical experience in carriage building, has established a factory of his own on the City Road. He has not set out any flourish of trumpets but has employed six competent workmen, and begun on a moderate scale, satisfied that the quality of his work would soon lead to a necessary enlargement of the business. He builds wagons and sleighs of all kinds and does a considerable amount of repairing. He occupies a large wooden building in the rear of which is his paint shop. Mr. Murphy has been established for nearly a year and thus far received a most gratifying patronage. With a thorough knowledge of the business, he aims to turn out work second to none. Mr. Murphy is a native of St. John, and his industry and ability deserve the recognition they are receiving.

How to Kill a Town.
An exchange, in telling how to kill a town, uses the following language:
Denounce your merchants because they make a profit on their goods. Glory in the downfall of a man who has done much to build up your town. Make your town out a very bad place, and stab every chance you get. Refuse to unite in any scheme for the betterment of the material interests of the people. Keep every cent you get and don't do anything of a public nature unless you can get something out of it directly. If you have anything to say of your town say it in such a way as to leave the impression that you have no faith in it. Keep up a divided public sentiment and knife every man who disagrees with you on the best method of increasing business. If you are a merchant don't advertise in your home paper, it may save you a few dimes and make the paper look like it was published in a one-horse town. If you are a farmer, curse the town where you trade as the meanest place on earth. Talk this to your neighbors. Make them believe the business men are all robbers and thieves. It will make your property much less valuable; but then you do not care.

Chatham.
May 4th—The steamer Miramichi made her first trip of the season down river today.
The concert by the pupils of St. Luke's Sunday school in the basement of the church on Friday evening last, was an unqualified success in every particular, and was considered by those who ought to know the best of its kind ever held in Chatham. The little ones not only did themselves credit, but they showed careful training, and indeed the whole affair did credit to Mrs. J. B. Snowball and her assistants, who must have spent a lot of time and patience in preparation. They are to be congratulated on their success, and St. Luke's on having such energetic workers.

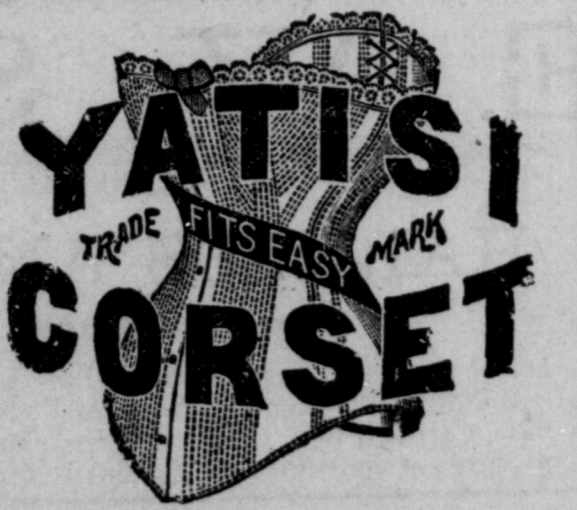

Geo. Whittaker, Esq., is very ill, and has been for some days in a state of coma, with no hope of recovery.
Mrs. Strong, of Summerside, is visiting her sister, Mrs. Whittaker.
We regret to learn that Willie McKay, youngest son of the Rev. Neil McKay, is very low with typhoid fever. His recovery is doubtful.
Inspector Mersereau reached town from Newcastle on Friday evening, and left for Doaktown on the Canada Eastern R. R. on Saturday morning. He is expected to visit the Chatham schools next week.
Mr. B. B. Burnett went to Boiestown today.

Thus, W. Flett and Geo. A. Flett, of Nelson, were in town today.
Also Andrew McLean and John Adams, of Neguac.
E. A. Strang, Esq., has added to his real estate by purchasing the Anslow property in rear of his new store which gives him a rear entrance from the other street. The price paid was, I believe, in the vicinity of \$700.00.
Mrs. Geo. Jardine, of Rogersville, with her two children are visiting her sister, Mrs. Theo. DesBrisay.

LE JEUNE.
PERSONAL MENTION.

Coun. J. A. Irving was in town on Friday.
Mr. C. J. Comeau went to Barnaby River on Tuesday.
Dr. Bourque returned from Memramcook on Tuesday.
W. S. Loggie, of Chatham, was in town for a few days last week.
D. Harris, optician, of St. John, was in town for a few days last week.
Mr. John Miller, postal clerk, spent a few days in town this week.
Mr. H. A. Cais, ex-County Warden, has opened a shoe store in St. John.
Mr. Jas. R. Ayer, of Sackville, registered at the Kent hotel last week.
Mr. A. C. Johnson, station master at St. Louis, was in town the other day.
Mr. Martin Flanagan and Mr. John Cadigan went to St. John on Monday.
Hon. O. J. LeBlanc was in town last week on his way home from Miramichi.
Messrs. A. D. and Harrison Walker returned from British Columbia last week.
Councillors F. M. Richard and Basil J. Johnson, of St. Louis, were in town the other day.
George Jardine, J. P., now of Rogersville, purposes residing in the shiretown of Kent.

Messrs. T. Hudson, of South Branch, and Alex. Walker, of Molus River were in town Saturday.
Mr. Richard Sullivan, wine and spirit merchant, of St. John, was in Kent last week taking orders for his house.
Mr. James Hill, one of Kouchibouguac's promising young citizens, has been spending a few days in town during the past week.
Mr. and Mrs. Donald McKay, of Main River, are both sick and not expected to recover. Mrs. McKay has congestion of the lungs.
Mr. David McLelland, well and favorably known to many of our readers, evidently has faith in the longevity of THE REVIEW, as he has subscribed for two years in advance. "Dave" is paymaster for Sinclair & Doheny, railway contractors, who now have a contract for forty miles of railway at Coburg, Ont., for the G. T. R.
Mr. Peter Loggie and family leave shortly for Miramichi, where they will spend a short time before leaving for the West. THE REVIEW regrets that circumstances compel Mr. L. to remove from Richibucto, as he is one of our most enterprising citizens, having been engaged for a number of years in the fish business and fruit canning industry in this county, and recognized everywhere as a man of sterling integrity, both he and Mrs. Loggie being deservedly esteemed by all with whom they came in contact.

The Yatsi Corset, owing to the peculiar diagonal elasticity of the cloth will fit the wearer perfectly the first time worn, no matter what her style of form is—either long or short waisted.
The Yatsi Corset does not stretch at the waist, requires no breaking in, fits comfortably the first time worn. As it gives to every motion of the wearer it will out-last any of the old style rigid Corsets.
The Yatsi Corset is made of the best materials, and being elastic, (without rubber or springs) is invaluable for invalids, as it cannot compress the vital parts of the body. They are recommended by the most celebrated physicians in all the leading cities.
The Yatsi Corset is the only one that the purchaser can wear ten days and then return and have the money refunded if not found to be the most perfect fitting, healthful and comfortable Corset ever worn.

—Either run a town with vim or just sell out and leave it. One thing must be done—run the town for all it is worth—get up steam and keep it up. Do you want trade? Bid for it. Do you want business to come to your town? Encourage what you have. Do you want a prosperous town and community? Then never permit jealousies to rule your actions, but put all work together for common prosperity and mutual benefits.—Ex

—John Fraser called on us after concluding taking the census in his division. Of course, he could not give us any information about the result of the work, being forbidden by law. He says that every one with whom he came in contact used him well and answered the questions cheerfully. Speaking of the ages he says: "Some people grow a year older every twelve months while others do not gain more than a year in a whole decade." He can't account for the variation.
