W. R. GOULD, Chatham.

Now is the Time.
Ladies and gentlemen send your soiled and faded garments to the American Dye Works Company, St. John, and have them cleaned and dyed. It will make them look almost like new. See adv. in another column.

Fishing Tackle.
R. O'Shaughnessy, of 83 Germain street, St. John, N. B., has a large assortment of flies, lures, &c. His combination salmon rod is very light in weight and becoming a great favorite. Parties wishing anything in his line would do well to correspond or visit his store. Mr. S. will be pleased to forward samples when ordered. He also manufactures trunks, valises, etc.

The Following Explains Itself.
I hereby certify that D. D. Landry, Esq., has taken all precautions in disinfecting his person, clothing, house and premises necessary to prevent the spread of infection to others, and that he is at liberty to expose himself in any public place whatever.
Buctouche, April 20, A. D. 1891.
W. G. KING, M. D.
Attending physician.

A Successful Operation.
A few days ago Dr. Olloqui removed a large tumor from the neck of Mr. Hugh McEachern, an old man 75 years of age, living in Kouchibouguac. The old gentleman is doing well and says he has not felt better for twenty-five years. The tumor, which has been growing for a long time, was quite as large as a goose egg, and weighed one-half pound. Its great size tended to impede the circulation of blood to the head, causing dizziness and fainting. Mr. McEachern's many friends will be pleased to learn that he is rapidly recovering.

Farewell Party.
A West Galloway correspondent writes:—"A party of the young folk of Galloway congregated at the home of Mrs. James McLelland on Wednesday evening last to bid her farewell, before her departure to her new home in the U. S. A. A jolly time was passed—indeed so freely was the taffy used that some of the young ladies have not got it all out of their hair yet. The young men must have given "taffy" with a vengeance. A young man couldn't attend on account of his coat being smeared with taffy. The departure of Mrs. McLelland and family from our neighborhood is much regretted by their many friends. We wish them every prosperity in their new home."

Kouchibouguac.
Our sidewalks need repairs.
The Kent Lumber Co's mill will start in a few days.
John G. McIntyre is again at his old post in Mr. Atkinson's office. His many friends are glad to see him hearty.
We are favored with a visit from Harry Wood, C. E., by what we gathered from his remarks, the future of the C. P. R. is promising.
George Raymond has been down the bay, he has this time excelled his former exploits by bringing home 23 fine geese.

A stalwart buck from St. Margarets has been here for a few days "painting the town red," and created a great excitement among our pugilistic fraternity, until "Jerry" convinced him that he knew nothing about Queensbury rules.
The MacKay is being fitted up for sea. Capt. M. Grogan will soon take command.
RHAPSODIST.
—Mr. A. E. Alexander was elected mayor of Campbellton on Monday.
—There are a number of dangerous holes through the culverts, etc., about town that should be looked after at once
—Hon. Pascal Poirier will be banqueted at Buctouche to-night. THE REVIEW regrets very much not being able to attend.
—Dr. E. H. Leger has associated with him Dr. H. E. LeBlanc, who graduated at the Baltimore University, school of medicine on the 24th March ult. Born at Church Point, N. S., he began his classical studies at St. Louis college in this County, and continued them at Nicolet college, P. Q., and studied medicine before attending lectures at the University, under the tuition of the well accomplished Dr. E. T. Gaudet, of Memramcook.

Blood Oranges Made to Order.
Doubtless but few people are aware of the fact that the so-called "blood oranges" are sometimes simply ordinary oranges treated with aniline dye. The originator of this trick was an Italian, who, on being discovered was prosecuted, and he served 10 years in prison for his crime. Notwithstanding this salutary example, the swindle is still occasionally perpetrated.
—Boston Herald.
The Chiquito language of Bolivia has no numerals. The people cannot even count. Their minds cannot grasp the idea of number. The Papuans of Torres Strait have names for only one and two. Bushmen of Australia count only to three. A recent traveller on the plains of Gran Chaco, in South America, met a chief that could not count his fingers.

MEETINGS.
Lodge St. Andrew, No. 16, F. & A. M., meets Monday on or after full moon, in Masonic hall.
Richibucto Division, No. 42, S. of T. meets Wednesday evening in the Temperance hall.
The W. C. T. U. meets the first Wednesday in every month, at 3 p. m., at the residence of the president, Mrs. John Thompson.
Methodist services will be held on the Weldford circuit on Sabbath 26 inst, as follows:—McWilliam's Corner, 10 30; Capt. Smith's Corner, 2; Weldford, 6.30.

Henry M. Stanley is reported as saying that there is no need for further exploration of Africa. "Progress will do all that. In 1894 a railway will be completed, running from the ocean to the lowest cataract, a distance of 240 miles. That will open up 8,000 miles of navigable waters, which means 16,000 miles of river banks, on which will be located towns and villages, and many industries, and the natural growth of the country under these conditions will do away with any need for further exploration."

Martin P. Black, supposed to have been the wealthiest man in Halifax at the present time, died Saturday morning aged 76. His estate is estimated at \$750,000, mostly in securities. He was a bachelor and some New Brunswick people will likely be interested.
