THE WORLD OVER.

The Astoria (Oregon) Express tells a
novel bird story: "When Mr. Andrew
Young returned from Alaska last fall he
went out to his ranch on Young's River
to dig his potatoes. Passing a hollow tree
he noticed several bushels already gather-
ed. He looked around the patch, but saw
no signs of any one having disturbed the
ground, and to solve the mystery watched
the tree. He was soon rewarded by see-
ing a flock of bluejays alight on the tree,
and each bird had a potato in its bill,
which was dropped into an opening in a
limb and passed on down to the ground.
He procured sacks, and as fast as one was
filled another was put in its place, and in
this way the birds harvested 50 bushels of
potatoes for him from various patches
round the country."

A woman who died recently in Plaquet-
mine, La., left \$36,000 in cash hid away
in her residence. Nearly half of it was
gold and the balance nickel, silver and
paper.

International Exhibition closed with a de-
ficit of \$1,900,000.

MRS. ROBINSON, Hopewell Corner,
writes: "Dear Sir, I have used your British
Liniment for one year, and must say it
surpasses all the Liniments I have ever
used for Sore Throat, Lamé Back, Pains
in the Side, and all complaints for which
a Liniment is needed. I had a pain in
my side so bad that I had to give up work.
I gave my side a good bathing with your
Liniment and it gave me immediate relief
so that in twenty minutes I was able to
go about my work."

The first of a series of races between Mc
Cormick and Harold Hagen was skated
Sunday afternoon, resulting in the defeat
of our champion by 30 seconds in a five-
mile race. The course was a four-lap one,
the full distance being 8,045 metres, equal
to four and three-fifths miles. Hagen
covered it in 15m. 56 2-5 seconds, and
McCormick's time was 16m. 27 1-2 seconds
considering the distance this is poor time,
and McCormick is said to have not fully
recovered from his sea voyage.

Miss Rivard of Montreal took out an
action against that city for \$148,000,
claiming that she owns the property
known as the Parthian Square held by
the city. She is only 24 years old.

A special from New Westminster, B.C.,
to Seattle, says that city was visited by a
conflagration Sunday, which destroyed
\$500,000 worth of property. John Mc-
Cannon, a member of the fire brigade,
was buried in a mass of brick and killed.
Another man is reported buried in the
ruins.

Hens and chickens worth \$2000 apiece
attracted curious sightseers at the poultry
show in New York, while domestic fowls,
worth each a few hundreds, were so com-
mon that they hardly won any notice.

THE DOMINION SAFETY FUND LIFE ASSOCIATION.

Incorporated by the Legislature of New Brunswick, 1881.
Licensed for the Dominion of Canada since 1882.

DEPOSIT AT OTTAWA, - - - \$50,000.00.

The only regular Life Insurance Company in America devoted exclusively to the business
of Pure Insurance.

A HOME COMPANY: The only Company having its Head Office in
the Maritime Provinces.

ACTUAL RESULTS.

Death Claims paid to beneficiaries to date under its system of Pure Insurance..... \$164,000.00
At a total cost for Natural Premiums paid, of..... 12,719.13
The ordinary Level Premiums on the same lives for the same time would have been..... 31,341.50
Thus saving..... 18,622.37

It will readily be seen that the savings made by those thus insured in this Association, which sav-
ings might be termed Dividends or Profits, is equal to a return of the entire Natural Premiums paid
and over 46 per cent. added! The Association gives the insured the benefit of those dividends from
THE COMMENCEMENT OF THE POLICIES by allowing them to retain the benefit.

The percentage of cost in the Dominion Safety Fund Life Association for each \$1.00 cost in
the Level Premium Companies is..... \$ 0.41
Average cost paid by above insured for each \$1,000 paid by the Association..... 77.15
Average cost for each \$1,000 in a Level Premium Co. for the same insurance on the same..... 191.10
Being an average saving on each \$1,000 for the same insurance..... 113.95
and yet with all the above advantages in favor of the insured the Association is enabled to show the
security of

A RATIO OF \$245 OF ASSETS FOR EVERY \$100
OF LIABILITIES.

If the \$12,719.13 premium paid to the Dominion Safety Fund Life Association had been paid for
ordinary whole life Level Premium Insurance, \$36,000 only would have been received by the claimants
instead of \$164,000, which was paid to them by the Dominion Safety Fund Life Association, a differ-
ence of \$88,000.

Is it not worth while for the people to investigate the advantages offered by The Dominion
Safety Fund Life Association and obtain the most insurance for the least money, combined
with the greatest security?
