CARD.

To the Electors of the County of Northumberland.
GENTLEMEN:—At the request of a large number of gentlemen who have presented me with a Nomination Paper numerously signed by the electors of the different polling districts of the County, I have decided to allow myself to be put in nomination as the Candidate of the Liberal Conservative Party at the ensuing election to be held on the 5th day of March next.

To my friends throughout the County who have promised me their support and influence I return my sincere thanks for this expression of their confidence in me, and I beg to assure them and the whole of the electorate of this County that in accepting the Nomination so kindly presented I shall use every endeavor to win for our party a grand victory and place our County in line with the Government.
For many years important interests touching our County's advancement and progress have been neglected with the result that Northumberland to-day requires more than any other County of the Province, a representative in thorough accord with the Government and in touch with the important interests of the County.

Our late representative, being a non-Resident, is not immediately interested in the further advancement of the County, and this together with his open hostility to the administration, has left Northumberland in the unfortunate position she occupies to-day.
As your representative I will take every occasion to press upon the notice of the Government the fact that our interests have not alone been neglected in the past but they must be attended to in the future—I will demand from the Government that a fair share of the Public moneys be expended on such important works as—the construction of the Escuminac breakwater.
The building of necessary wharves on the north and south side of our river, from Chatham downwards for the convenience of the travelling public—
The erection of a public building in the town of Chatham, for Postal, Customs and Revenue purposes, better adapted to the wants and importance of the town than the present unsightly and unsafe one—
The obtaining of Government aid for railways as feeders for the I. C. R. and the completion and extension of the Indian town Branch—and generally such other matters of importance as our public necessities require.

In view of the short space of time between this and polling day, it will be impossible for me to visit each one of you. I therefore request that the electors of the County will give their earnest support and co-operation, and work earnestly for me from now until the close of the polls. In the meantime I will address such public meetings throughout the different sections of the county as time and opportunity will permit.
I am yours most respectfully,
M. ADAMS,

DOMINION SAFETY FUND LIFE ASSOCIATION.

Incorporated by the Legislature of New Brunswick, 1881.
Licensed for the Dominion of Canada since 1882.
DEPOSIT AT OTTAWA, \$50,000.00.
The only regular Life Insurance Company in America devoted exclusively to the business of Pure Insurance.

A HOME COMPANY: The only Company having its Head Office in the Maritime Provinces.

ACTUAL RESULTS.

Death Claims paid to beneficiaries to date under its system of Pure Insurance.....	\$164,000.00
At a total cost for Natural Premiums paid, of.....	12,719.18
The ordinary Level Premiums on the same lives for the same time would have been.....	21,541.50
Thus saving.....	18,822.32

It will readily be seen that the savings made by those thus insured in this Association, which savings might be termed Dividends or Profits, is equal to a return of the entire Natural Premiums paid and over 46 per cent. added! The Association gives the insured the benefit of those dividends FROM THE COMMENCEMENT OF THE POLICIES by allowing them to retain the difference.
The percentage of cost in the Dominion Safety Fund Life Association for each \$1.00 cost in the Level Premium Companies is..... \$ 0.41
Average cost paid by those insured for the time insured, of..... 77.15
Average cost for each \$1,000 in a Level Premium Co. for the same insurance on the same persons..... 191.10
Being an average saving on each \$1,000 for the time insured, of..... 113.95
and yet with all the above advantages in favor of the insured the Association is enabled to show the security of

A RATIO OF \$245 OF ASSETS FOR EVERY \$100 OF LIABILITIES.
If the \$12,719.18 premium paid to the Dominion Safety Fund Life Association had been paid for ordinary whole life Level Premium Insurance, \$36,000 only would have been received by the claimants instead of \$164,000, which was paid to them by the Dominion Safety Fund Life Association, "a difference of \$138,000."
It is not worth while for the people to investigate the advantages offered by The Dominion Safety Fund Life Association and obtain the most insurance for the least money, combined with the greatest security?

Canada Under Unrestricted Reciprocity—Or the Liberals' Free Trade.

The following taken from the Chicago Times will give the electors an idea in what a terrible position Canada would be placed under unrestricted reciprocity with the United States:
"It must not be forgotten that this proposition implies a complete surrender by the Dominion Parliament to the American Congress of all control over the principal source of the Dominion's revenue, the tariff. Whatever it may please the American Congress to do regarding the tariff, that the Dominion Government must forthwith accept. Our Congress would have more power over the Dominion under this arrangement than it would in the event of political union, because the people of the Dominion would have neither vote nor voice in Washington under the proposed commercial union, while they would have both under political union. Not only would Congress prescribe and change at pleasure all the tariff taxes exacted from the people of Canada, but our executive officers and our courts would make all the rulings and decisions affecting rates for the Dominion as well as for the United States."
