PRICE 25 CENTS.

A Waldemar Miracle.

A. C. P. R. MAN RELATES HIS WONDERFUL ESCAPE.

Helpless With Rheumatism and Sciatica—Relief Comes After Doctors Had Failed—The Story Corroborated by Reliable Witnesses.

Grand Valley Star.

There are few people in this vicinity who do not know Mr. Thos. Moss, of Waldemar. He has been for years the trustworthy section foreman of the C. P. R. in the division in which he resides and the exemplary life he has led has given him a respectable status in the community. He is a gentleman who is thoroughly reliable, and when "Tom" Moss tells you anything you can depend upon it every time. This by way of prelude to an interesting story the Star has to tell. For some time past a great deal of novel and entertaining literature has appeared in the columns of the press throughout the country, giving the particulars of cures bordering on the miraculous, in various parts of the country. Those who have read these narratives must have put them down either as clever and daring romances, or come to the conclusion that truth is indeed stranger than fiction. The Star must confess that it did not pay much attention to the reported miraculous cures until about a month ago, when it was told that a cure quite as notable as many of those published had been wrought within those walls of Grand Valley. The fact is a few miles of Grand Valley. The fact is that great cures, or accidents, or tragedies, when they occur hundreds of miles away—no matter how exciting or how thrilling—do not usually arouse more than a passing interest where the actors or the central figures are entirely unknown. But let something occur in one's own neighborhood analogous to that reported from a distance, and with what different feelings is the news received. We had read of miracles wrought at Trenton, London, Hamilton and other places, through the use of Dr. Williams' famous Pink Pills for Pale People. But we were not acquainted with the parties restored to health; we were in the enjoyment of good health ourselves, and the memory of the great things done in other sections passed from our mind. When we were told, however, that we had only to drive down to the pretty village of Waldemar to get the full particulars of a miracle as striking as many that had been reported in the newspapers, we were at once interested. We were further told that Mr. Thos. Moss was the man who owed his restoration to health to the use of Dr. Williams' famous Pink Pills. Remembering that Mr. Moss had been laid up with rheumatism at intervals for years, and that there was a time last spring and summer when his familiar face was entirely missing from the railroad, the Star determined to see him and get a confirmation of the story about as to the cure by the use of Pink Pills. On seeing Mr. Moss and getting the facts from him, we found that his story was even more surprising than the one which had been given in the local rounds. Mr. Moss had not only been troubled with rheumatism, but sciatica of a most painful type, and had also been afflicted with bronchitis which he had come to regard as chronic.

THE PATIENT'S STORY.

"What you have heard is quite true," said Mr. Moss in reply to our query, "I have used Dr. Williams' Pink Pills with wonderful results. For years I had been a sufferer from rheumatism and bronchitis and had come to look upon both as chronic. Last spring I met with further trouble, when I had the misfortune to be afflicted with a severe attack of sciatica. I became so bad that I was laid up, and for some weeks was unable even to move. Many of the men on the line can tell you of the condition I was in. There was an accident on the road and I had to be carried to the scene of the occurrence, in order that a proper report might be made to the railway authorities. I believe I would still have been helpless in my house, or perhaps with the silent majority, if a friend had not told me of the great merits of Dr. Williams' Pink Pills and urged me to try them. All other remedies had failed, physicians were entirely unable to cure me, and I had given them up in despair. You can imagine the despondent condition I was in when Mr. Rainey, of Grand Valley, mentioned Pink Pills to me. I had little hope that they would benefit me, but drowning men clutch at straws, and that was my frame of mind when I purchased the first supply of Dr. Williams' Pink Pills. I had not used the Pink Pills long when I began to find relief and this naturally made me hopeful, and I persevered in their use until the cure was complete. The change wrought in me by Dr. Williams' Pink Pills is as delightful as it is marvelous, and for the first time in years I find myself free from pain. I was weak, helpless and hopeless—doctors and other remedies had done me no good, but Pink Pills have restored me to health and strength. The sciatica disappeared, the rheumatism went with it, but stranger still, I am cured of the bronchitis I had come to regard as incurable. I say

stranger still, because I notice that in the list of ailments for which Dr. Williams' claims his remedy beneficial, bronchitis is not mentioned, and this forces me to the conclusion that Pink Pills have even more marvelous properties than they have been credited with. My case seems almost incredible but there are so many here who are witnesses of my cure that even the most sceptical must be convinced, and I firmly believe Dr. Williams' Pink Pills will cure any trouble with which man is afflicted. This may seem to be enthusiastic, but I have the right to be enthusiastic after what they have done for me, and I strongly urge those afflicted with sickness of any kind to try Dr. Williams' Pink Pills—the greatest of modern medicines." Mr. Moss' narrative was certainly of absorbing interest, particularly as the reporter knew he was not a man who would exaggerate facts.

The story of the case was corroborated by many neighbors, among them Mr. Wm. Lomas who had assisted in carrying Mr. Moss to the hand-car when taken to the scene of accident, above mentioned and also Mr. Buchanan, the popular C. P. R. agent. The reporter returned to Grand Valley fully satisfied as to the great curative properties of Dr. Williams' wonderful discovery.

The Star interviewed the druggists of Grand Valley, and had the same answer from all, Pink Pills are the best selling and most popular remedy in their stores, and the sales are constantly increasing. Mr. Erskine, of Dr. Hopkins' drug store, and Mr. Stuekey, of Mr. Keith's establishment, told the Star they were amazed at the great and growing demand for Dr. Williams' Pink Pills. If the remedy is as popular in other parts as it is in and around Grand Valley, great indeed must be the good accomplished by this famous cure. Dr. Williams' Pink Pills are not a patent medicine in the sense in which that term is usually understood, but a scientific preparation. They contain in a condensed form all the elements necessary to give new life and richness to the blood and re-energize shattered nerves. They are an unfailing specific for such diseases as locomotor ataxia, neuralgia, rheumatism, nervous headache, the after effects of la grippe, palpitation of the heart, pale and sallow complexion and the tired feeling resulting from nervous prostration; all diseases depending upon vitiated humors in the blood, such as scrofula, chronic erysipelas, etc. They are also a specific for troubles peculiar to females, such as suppurations, irregularities, and all forms of weakness. They build up the blood and restore the glow of health to pale and sallow cheeks. In the case of men they effect a radical cure in all cases arising from mental worry, overwork, or excesses of whatever nature. These pills are manufactured by the Dr. Williams' Medicine Company, Brockville, Ont. and Schenectady, N. Y., and are sold in boxes bearing the firm's trade mark and wrapper, at 50 c a box, or six boxes for \$2.50. Bear in mind that Dr. Williams' Pink Pills are never sold in bulk or by the dozen or hundred, and any dealer who offers substitutes is trying to defraud you and should be avoided. Dr. Williams' Pink Pills may be had of all druggists or direct by mail from Dr. Williams' Medicine Company from either address. The price at which these pills are sold make a course of treatment comparatively inexpensive as compared with other remedies or medical treatment.

Bass River Items.

I think the Bass River scribe must have left the country and climbed a tree, as there have been no notes from here for a long time, so I take this opportunity of scribbling a few items.

There has been no ice yet for skating, and the small boys are disconsolate; no snow for sleighing, and the young men are disconsolate, for they cannot give their best girls a drive, and no doubt the girls are lamenting also.

Business is quite brisk in lumbering. A large number of parties are engaged in that industry for Mr. E. Walker.

The weather has been unfavorable owing to heavy rains and warmth, and many people had to leave work for a few days. Everybody seems to be much pleased that George V. has been elected. He should remember Bass River and Molus River for the large vote cast for him.

It is intended to have a concert and basket social here on Friday, the 23rd inst., and if the energy and perseverance displayed by a large number of the young here is any indication of success, then the concert is bound to succeed in pleasing the audience. Young men, look around and find out what mark the girl is going to put on her basket.

We are pleased to see the well known faces of Dr. Bowser and Mrs. Bowser amongst us once more.

Well Mr. Editor I will have to close for this time, wishing you success and a Merry Christmas.

I. X. L.

BARQUE "WM. GORDON."—Barque "Wm. Gordon," Capt. Lowery, encountered very boisterous weather on the voyage from Richibucto to Liverpool. She lost binnacle and compass, and the vessel became leaky. At times the cabins were flooded, and some of the small stores were destroyed. The decks were swept by a huge sea. Captain Lowery narrowly escaped drowning. He was washed from the wheel but fortunately got hold of the rail and saved himself from being washed overboard.

TERRIBLE ACCIDENT AT BATHURST.—A terrible fatality occurred at Bathurst Station of the I. C. R. on Saturday afternoon. Two young ladies named Smith were driving with horse and sleigh when the horse took fright at an engine standing at the station and ran away, throwing the Misses Smith out of the sleigh on to the rail road track. One of the young women was instantly killed, her head striking on the rail with terrible force; the other fortunately escaped without injury.

Deceased was a school teacher 22 years of age.

SUPPER AND CONCERT.—The ladies of St. Mary's Episcopal Church, Richibucto, intend giving a supper and musical entertainment in the Temperance Hall here some evening during the third week in January. They are preparing to give the public something away ahead of all previous entertainments of the kind, and a good time may be expected.

ENTERTAINMENT AND PHYSIC.—The Royal Remedy Company arrived here last Monday and in the evening opened up in the Temperance Hall. Dr. J. E. Ayer, the leader of the company is a physician of some twenty-five years' standing and claims to have visited nearly every quarter of the globe and made a study of all manner of diseases. His rooms at the Kent Hotel are open to patients from nine in the morning to five in the evening, during which time any one may consult him free of charge. During the course of his remarks last Monday evening he informed those who proposed visiting him that he did not wish them to tell him their troubles. All he required was to see them and he could tell them how they were afflicted. He claimed to have made some wonderful cures in New Brunswick and gave the names of several whom he could refer to to support his statements. He is accompanied by Dr. Bouthillier. Their performances are highly entertaining and they have a full house every evening. They will remain here for two weeks, during which time all who are troubled with any bodily ailment are invited to give him a call. Those who are in need of medical attendance would do well to call and test his medical skill.

MARRIED.

PALMER-HUDSON.—On the 14th inst., at the Rectory, Richibucto, by the Rev. H. Hackenley, Mr. Charles Edward Palmer, of Kingston, in the parish of Richibucto, and Miss Mary Ann Hudson, of South Branch, in the parish of Weldford.

WONDER IN WELAND!

A Representative Farmer Speaks.

MR. C. C. HAUN.

The following remarkable facts are fully certified to as being undeniably correct in every particular. Mr. Haun is well known in the vicinity, having resided here over fifty years, and is highly respected as a man of the strictest honor, whose word is as good as his bond.

As will be seen from his letter, four physicians had attended him, and it was only after he had given up hope of cure that he decided to try Burdock Blood Bitters on the recommendation of a neighbor who had been cured of a similar disease by its use. Mr. Haun writes as follows:

Dear Sirs,—I think I have been one of the worst sufferers you have yet heard of, having been six years in the hands of four of our best doctors without obtaining permanent relief, but continually growing worse, until almost beyond hope of recovery. I tried your Bitters and got relief in a few days. Every organ of my body was deranged, the liver enlarged, hardened and torpid, the heart and digestive organs seriously deranged, a large abscess in my back, followed by paralysis of the right leg, in fact the lower half of my body was entirely useless. After using Burdock Blood Bitters for a few days the abscess burst, discharging fully five quarts of pus in two hours. I felt as if I had received a shock from a powerful battery. My recovery after this was steady and the cure permanent, seeing that for the four years since I have had as good health as ever I had. I still take an occasional bottle, not that I need it but because I wish to keep my system in perfect working order. I can think of no more remarkable case than what I have myself passed through, and no words can express my thankfulness for such perfect recovery.

C. C. HAUN, Welland P.O.

In this connection the following letter from T. Cummins, Esq., a leading druggist of Welland, Ont., speaks for itself: Mr. Srs. T. Milburn & Co., Toronto.

GENTLEMEN,—I have been personally acquainted with Mr. C. C. Haun for the last 20 years, and have always found him a very reliable man. You may place the utmost confidence in anything he says with regard to your medicine. He has on many occasions within the last four years told me that it was marvellous the way the Burdock Blood Bitters had cured him, and that he now felt as able to do a day's work as he ever felt in his life. Although quite well he still takes some B. B. B. occasionally, as he says, to keep him in perfect health.

Yours truly, THOMAS CUMMINS, Welland, Ont.

The steadily increasing sale of B. B. B., the length of time it has been before the people, and the fact that it cures to stay cured, attest the sterling merit of this monarch of medicines, the people's favorite blood purifier, tonic and regulator.
