St. Joseph's College.

Nov. 23.—"What a lovely day!" Such was the exclamation of our philosophers as they arose last Friday morning and looked out upon the sun smiling brightly down upon them, on this feast of St. Catherine, their patron saint. In fact St. Catherine must have been particularly pleased with the class of '93, for Nature attired in a shining robe of white, seemed to have made special preparations for the celebration of the occasion. Nor were the philosophers behind hand. They spent the morning in the gymnasium and billiard hall, enjoying themselves immensely. Then after a promenade to the park—about a mile distant from the college—they repaired to the boy's refectory for dinner.

This took place at half past one. Among the invited guests were Rev. C. LeFevre, C. S. C., Rev. J. Welmes, C. S. C., Rev. L. A. Guertin, C. S. C., Rev. W. C. Gagnor, Rev. A. B. O'Neil, C. S. C., Rev. T. Tessier, C. S. C., Rev. D. A. Cormier, C. S. C., and Rev. A. LeBlanc, C. S. C. Rev. J. Girard, Professor of Philosophy presided.

MENU.

Soupe aux huîtres, Huitres frites, Huitres crues, Sardines, Salmon, Omelettes, Crêpes au sucre d'érable, Patates mancees, Patates rôties, Blé d'Inde, Betteraves, Salade, Bergnets, Tarte a Lafayette, Tarte aux confitures, Tarte aux prunes, Tartines aux fraises, Pain de Savoie en pyramide, Plum Pudding, Oeufs a la neige, Crêpe fouettée, Malaga, Raisins, Oranges Apples, Grapes, Biscuits, Mixtures, Coffee, Tea, Chocolate.

The respective toasts met with able and even brilliant responses. They were as follows: "The day we celebrate," Rev. J. Girard and Rev. W. C. Gagnor; "The clergy," Rev. F. Tessier; "The societies of the House," Rev. L. A. Guertin and Wm. O'Leary; "Our hosts," Messrs. George Whelan and James Lyons; "The press," Messrs. Michael Coughlan and Jos. McDermott; "Our Alma mater," Mr. Joseph Sirois.

After the banquet, the class, accompanied by Rev. Fr. Gagnor, visited the convent of the Sacred Heart. Although some of the boys have been here ten years they had never before been through the institution. The interior arrangements of this academy redound highly to the honor of Rev. Sister Cleopius, who has been Superioress for many years.

Macnair.

MR. EDITOR:—Has the scribe of Macnair emigrated? We have not seen any notes from here in THE REVIEW of late—an omission which is felt very keenly by many of our residents, as we like to hear and be heard from. Or is it because of the mail road leading from Buctouche being so blocked that the reporter could not visit us?

Neil Cameron of this place met with a very painful accident in the lumber woods of Maine, by cutting his foot severely. He is expected home as soon as he recovers.

The warm weather and heavy rains have prevented the smelt fishers from setting their nets. Buctouche river is licensed at distances one hundred and fifty yards apart all the way to Coatesville. Should the weather and fishing prove favorable with good prices there will be many fat pockets. Neil A. has decided not to fish this season, and instead has gone to slay the giants of the forests of Miramichi.

John McNair has just returned from a successful business trip to P. E. Island with a large supply for the winter operations. He reports lumber in good demand, and expects to get a large cut this winter.

Mr. and Mrs. A. McNair have left us and are going into business in the village of Buctouche. We regret their departure, but what is Macnair's loss in Buctouche's gain. We wish them success.

Miss Mary H. Johnson is visiting friends in Scotch Settlement and Moncton.

We were pleased to have a visit from Mr. Philip Murphy, of South Branch, and his son James who has lately returned

from the far West. He reports times booming.

We also had a visit from Messrs. H. Irving and Henry Murray, of Buctouche. They seem to be interested in the spiritual welfare of the people of this district, as they were talking up a supply to fill the vacancy in the Presbyterian church, left by Mr. Watson, who returned to College last October.

What has happened to C. C. C. that he has not paid us a visit for so long? Has it taken all his time writing up "The Extinct Volcano of Kent," or is he seeking for the hidden treasures at the base? Hadn't he better dig deeper into the bowels of old mother earth and there obtain the gold and silver?

There were a great many sad looking people around here last Saturday, as the postmistress announced, "No REVIEW." Your paper is as welcome to us as a beacon light to the shipwrecked sailor.

Talk to Your Horse.

When a horse becomes frightened, demoralized or otherwise rattled about something he encounters, but does not understand, a good way to quiet him down is simply to talk to him in a quiet tone of voice. If a horse gets frightened at something he sees in the road, stop him at once and give him a formal introduction to it, telling him in the meantime how very foolish he is to let such a little thing disturb him. Nothing can be worse than to whip a horse when he is frightened. He doesn't get frightened because he wants to. It is only because he has seen or heard something that he is not familiar with. After he once gets thoroughly acquainted with the object of his uneasiness it will never frighten him again.

What He knew about the War of 1812.

"Professor, I understand you have flunked my son in history in spite of his assurance to me that he answered accurately every question on the paper."

"Yes Mr. Bunker, it is true. There was but one question on the paper and your son answered it rightly."

"And yet you flunked him?"

"Yes; the question was: 'Tell all you know about the war of 1812,' and your son's answer was: 'It was fought in 1812. That is all I know about it.' Undoubtedly correct, but hardly comprehensive."

While the sister of the late Alonzo Betts of Reading, Michigan, was looking over her brother's effects she found in a memorandum book these words: "You will find money in an old shoe." In one corner of the room she discovered an old pair of overshoes, and in them it is reported, was \$1200 in money, checks and notes.

Stray Sheep!

There are at my place of residence two stray sheep which I wish the owner will please take away before my neighbor's dog find them out, as I find the responsibility of protecting my own more than I can accomplish.

WONDER IN WELLAND!

A Representative Farmer Speaks.

MR. C. C. HAUN.

The following remarkable facts are fully certified to as being undeniably correct in every particular. Mr. Haun is well known in the vicinity, having resided here over fifty years, and is highly respected as a man of the strictest honor, whose word is as good as his bond.

As will be seen from his letter, four physicians had attended him, and it was only after he had given up hope of cure that he decided to try Burdock Blood Bitters on the recommendation of a neighbor who had been cured of a similar disease by its use. Mr. Haun writes as follows:

DEAR SIR:—I think I have been one of the worst sufferers you have yet heard of, having been six years in the hands of four of our best doctors without obtaining permanent relief, but continually growing worse, until almost beyond hope of recovery, I tried your Bitters and got relief in a few days. Every organ of my body was deranged, the liver enlarged, hardened and torpid, the heart and digestive organs seriously deranged, a large abscess in my back, followed by paralysis of the right leg, in fact the lower half of my body was entirely useless. After using Burdock Blood Bitters for a few days the abscess burst, discharging fully five quarts of pus in two hours. I felt as if I had received a shock from a powerful battery. My recovery after this was steady and the cure permanent, so that for the four years since I have had as good health as ever I had. I still take an occasional bottle, not that I need it but because I wish to keep my system in perfect working order. I can think of no more remarkable case than what I have myself passed through, and no words can express my thankfulness for such perfect recovery.

C. C. HAUN, Welland P. O.

In this connection the following letter from F. Cummins, Esq., a leading druggist of Welland, Ont., speaks for itself.

MR. S. F. MILLER & CO., Toronto.

GENTLEMEN:—I have been personally acquainted with Mr. C. C. Haun for the last 20 years, and have always found him a very reliable man. You may place the utmost confidence in anything he says with regard to your medicine. He has on many occasions within the last four years told me that it was marvellous the way the Burdock Blood Bitters had cured him, and that he now felt as well as he ever felt in his life. Although quite well he still takes some 15 to 20 occasionally, as he says, to keep him in perfect health.

Yours truly, F. CUMMINS, Welland, Ont.

The steadily increasing sale of B. B. B. the longest of time has been before the people, and the fact that it cures so many diseases, and the fact that it is a powerful blood purifier, tonic and regulator, has caused it to become the people's favorite blood purifier, tonic and regulator.

"German Syrup"

Asthma. "I have been a great sufferer from Asthma and severe Colds every Winter, and last Fall my friends as well as myself thought because of my feeble condition, and great distress from constant coughing, and inability to raise any of the accumulated matter from my lungs, that my time was close at hand. When nearly worn out for want of sleep and rest, a friend recommended me to try thy valuable medicine, Boschee's German Syrup. I am confident it saved my life. Almost the first dose gave me great relief and a gentle refreshing sleep, such as I had not had weeks. My cough began immediately to loosen and pass away, and found myself rapidly gaining in health and weight. I am pleased to inform thee—unsolicited—that I am in excellent health and do certainly attribute it to thy Boschee's German Syrup. C. B. STICKNEY, Picton, Ontario."

I heard an anecdote of Admiral Goldborough, which, as it is of similar nature, will prove an excellent mate to the one which I related a few weeks ago. On the return from a long cruise the chaplain was asked whether or not he considered his labors satisfactory from a clerical standpoint. "Yes," he answered, "the result has been in the main most satisfactory. The only serious impediment to progress with the sailors has been that it is impossible to prevent their swearing when they hear the officers guilty of the very fault for which I correct them." "Tut, tut, man, that is not to be helped; the officers all swear," replied the Admiral; "I do it myself sometimes, but I don't mean anything—not a bit more than you do by your praying."
