—The Winnipeg Tribune declares that the "hour of suspense has passed, the crop is practically all out, much of it is stacked, and there no longer exists the dread of a visitation of hail, early frost or any other danger which strikes terror to the heart of the farmer. All reports go to show that an excellent crop has been safely garnered, and that the sample is one of the best the province has had for many years. The people of Manitoba are to be congratulated on the result. Such a crop as has been safely harvested means much to the Northwest. It will result in a greatly increased immigration from Ontario next year, and, after all, these are the kind of settlers we want. We believe that the country has turned the corner and is now on the highway to success."

—Profitable farming depends as much upon selling as upon producing. First, grow the best crop you can. Then take it to the best market that is available. To do this a man must be out of debt, or at least have no one "carrying" him in such shape that he is forced to sell his crop through or to his creditor. This shuts off all chance to find the best market. The only free man, and the only farmer who can get the full profit from his work, is the one who pays as he goes.—Kansas Farmer.

—F. A. DYKEMAN, Commercial Traveller, St. John: "I have been troubled with dyspepsia and bilious attacks for some time and have tried many things for relief. Five doses of your K. D. C. have done more for me than all other medicines I have tried. My mother has been a sufferer for twenty years. I procured for her some of your K. D. C. and after taking only a small quantity she enjoys better health than she has had for many years."

—Be and continue poor, young man, while others around you grow rich by fraud and disloyalty; be without place or power, while others beg their way upward; bear the pain of disappointed hopes, while others gain the accomplishment of theirs by flattery; forego the gracious pressure of the hand, for which others cringe and crawl. Wrap yourself in your own virtue, and seek a friend, and your daily bread. If you have in such a course grown grey with unbleached honor, bless God, and die.—Heinzelmann.
