A barefaced Fraud.

The following, clipped from the columns of the *Toronto Globe*, Oct. 29th, is of sufficient importance to newspaper readers to warrant its reproduction in these columns:

To the Editor of the *Globe*:

Sir,—I am sure you will agree with me when I say that something ought to be done to stop the barefaced swindling (no milder name will do) which is going on in a certain direction in our midst, and I have no reason to doubt that my experience in this city is the experience of others in many parts of Canada. I have read much of the great success of Dr. Williams' Pink Pills for Pale People that I determined to give them a trial for nervous troubles. I accordingly went to a drug store to procure a supply. On asking the druggist for the pills he took down a glass jar and proceeded to take out the quantity. "But," said I, "Dr. Williams' Pink Pills are not sold in bulk, and that cannot be them." "O, yes, it is," said the dealer. "We always get them in bulk and sell them that way." I had read the caution of the proprietors to the effect that these pills were never sold in bulk, and thinking they should know best, I declined taking them, and left the store. My next experience was no more fortunate. Again pills pink in color to imitate the genuine, were offered me. When I remonstrated this dealer admitted the pills were not supplied him by Dr. Williams' Co., but declared that they were just the same. And yet, for the sake of a little more profit he would have imposed them on me for the genuine Pink Pills had I been less cautious. As I left the store, I thought the repeated warning against imitations given by the Williams Co. must be the result of bitter experience on their part. But I did not expect I would meet with three dishonest dealers (do you think the term is too strong?) in succession. My next experience proved the third dealer little better than the other two. When I asked for Dr. Williams' Pink Pills he said he had them, and then produced a package which I saw at a glance bore another name, and which he insisted were just as good. I declined taking them, and turned to leave the store, when the druggist offered to give me the genuine pills. But I did not feel that I ought to patronize a man who would have imposed something else on me had I been less guarded, and declined buying. I almost despaired getting the genuine Pink Pills unless I sent to headquarters; but on my visit to the fourth drug store I was more successful, and was at once handed the genuine Dr. Williams' Pink Pills. No doubt, Mr. Editor, my experience is that of many others, and no doubt hundreds less cautious are constantly being deceived. I think the newspapers ought to do something towards protecting their readers from frauds of this kind. We frequently read of reporters doing clever detective work, etc, visiting churches in the garb of the lowly, and then writing up their reception. Here is a new field for them. Let some clever reporter travel the length and breadth of this city in humble guise, and see how many dealers are honest enough to give him what he asks for without trying to impose a substitute upon him.

I trust, Mr. Editor, you will give this a place in your columns, as it may serve to prevent some one else from being cheated.

Oh, stop that toothache! Johnson's Anodyne Liniment will relieve any severe pain promptly.

"Look at these manuscripts of mine that have been returned," growled the author.

"That editor doesn't know a good thing when he sees it." "But he probably knows a bad thing," suggested his friend.

If the hair is falling out and turning gray, the glands of the skin need stimulating and color-food, and the best remedy and stimulant is Hall's Hair Renewer.

"I have met this man," said a lawyer, with extreme severity, "in a great many places where I would be ashamed to be seen myself." And he paused and looked with astonishment at the smiling court and jury.

It is not what its proprietors say but what Hood's Sarsaparilla does that tells the story of its merit. Hood's Sarsaparilla cures.

"My love," he cried, "my heart is thine for aye." "Look here," she answered in a practical tone, "if you want to make love to me you want to talk English, and not ordinary newspaper poetry."

The signature A. Johnson is on every genuine bottle label of Johnson's Anodyne Liniment.

John Jackson, editor and owner of the *Calais Advertiser* since its foundation, over fifty years ago, died at his home in Calais last Wednesday night. The paper has been consistently republican from its first issue, and its aged proprietor was one of the best known and most highly respected citizens of Calais.

Both air and water abound in microbes, or germs of disease, ready to infect the debilitated system. To impart that strength and vigor necessary to resist the effect of these pernicious atoms, no tonic blood-purifier equals Ayer's Sarsaparilla.

On Wednesday morning the supreme court of P. E. Island gave judgment in the Queen against Thomas McTague,

charged with perjury before the stipendiary magistrate in a presentation before him for breach of the Lord's Day Act. McTague was sentenced to five years in the penitentiary.

We are glad to learn that the "PAIN-KILLER" is having so large a sale in our city. We have every reason to believe it to be an almost never-failing cure for pain, and is a medicine that no family should be without. Only 25c. for a big bottle.

An invention of much interest to ship owners and mariners has been brought out in England. It is a seamless steel life-boat. Ordinary wooden boats are so much affected by the sun during a voyage that they become dried up, and when put in the water leak like a sieve. A steel boat that cannot be disabled by this cause is therefore a great improvement. The new invention is said to be absolutely watertight, and to cost but little more than a wooden boat. It is deserving of attention, as ensuring greater safety of life at sea.

It is the testimony of all men who have tried it that "Myrtle Navy" tobacco has the most delicious flavor of any tobacco in the market, and it leaves none of the unpleasant effects in the mouth that most tobaccos do. The reason for this is the high and pure quality of the leaf, which is the finest known in Virginia, and the absence of all deleterious matter in the manufacture.

King of Medicines
And His Cure Was

Almost a Miracle

"C. I. Hood & Co., Lowell, Mass.

"Gentlemen: When I was 14 years of age I was confined to my bed for several months by an attack of rheumatism, and when I had partially recovered I did not have the use of my legs, so that I had to go on crutches. About a year later, *Scrofula*, in the form of

White Swellings,

appeared on various parts of my body, and for eleven years I was an invalid, being confined to my bed six years. In that time ten or eleven of these sores appeared and broke, causing me great pain and suffering. Several times pieces of bone worked out of the sores. Physicians did not help me and

I Became Discouraged

"I went to Chicago to visit a sister, as it was thought a change of air and scene might do me good. But I was confined to my bed most of the time. I was so impressed with the success of Hood's Sarsaparilla in cases similar to mine that I decided to try it. So a bottle was bought, and to my great gratification the sores soon decreased, and I began to feel better. This strengthened my faith in the medicine, and in a short time I was

Up and Out of Doors

To make a long story short, I continued to take Hood's Sarsaparilla for a year, when I had become so fully released from the chains of disease that I took a position with the Pitt & Walcott Mfg. Co., and since that time have not lost a single day on account of sickness. I always feel well, am in good spirits and have a good appetite. I endorse

Hood's Sarsaparilla

for it has been a great blessing to me, and to my friends my recovery seems almost miraculous. I think Hood's Sarsaparilla is the king of all medicines." WILLIAM A. LEHR, No. 9 North Railroad St., Kendallville, Ind.

INTENSE SUFFERING!

Mr. William Buchanan, 24 years engineer in the Cunard Steamship Company's service, 8 St. John's Road, Kirkdale, Liverpool, Eng., writes: "I suffered two years of agony from an affection in the head which six physicians pronounced incurable.

They were divided in opinion as to whether it was acute neuralgia of the head or rheumatic affection of the brain, but all agreed that I could never recover. In my paroxysms of pain it needed two and sometimes three men to hold me down in bed. When at death's door,

ST. JACOBS OIL

was applied to my head. It acted like magic. It saved my life. I am well and hearty, and have had no return of the trouble."
