Two years ago when the United States Congress was strongly Republican in both branches an attempt was made to pass an act providing for federalcontrolof elections in certain localities. The avowed object of the act was to prevent election frauds in the Southern States where it was claimed the votes of the negroes were fraudulently counted out by white returning officers. This "Force Bill" as it was called passed the House after a stout resistance on the part of the Democrats but was de- Gloucester Co. feated by a narrow majority in the Senate. The friends of the President would now gladly let it remain dead but Democrats persist in resurrecting it in the present election campaign. Despite the assurances of the Republicians that it is a dead issue the Democrats are using it as one of their most effective weapons in the fight.

The Tory government of Great Britain has been dismissed and the grand old man is again at the helm, but apparently all is not plain sailing with him. The Radical section of his crew is said to be on the verge of mutiny. It appears that Mr. Gladstone had determined to take Mr. of Mrs. William Hodnett in the 39th year Labouchere into his cabinet, but when the Queen was informed of this decision she refused point blank to receive the clever her gain in heaven, for blessed are the Dyspepsia Cure Company editor of Truth as one of her advisers. The name of Mr. Labouchere was therefore dropped and some minor members of the Radical division were assigned comparatively unimportant positions. This new arrangement failed to satisfy the more advanced members of the party and they threaten to make serious trouble. The Welsh members are also dissatisfied. They are more interested in the bill to disestablished the church in Wales and in other social reforms than in the Home Rule Bill and are inclined to resent Mr. Gladstone's determination to subordinate everything in his own pet measure. Mr. Gladstone is, however, an old and adroit leader and will no doubt succeed in smothering all feeling of dissatisfaction among his followers by the time the House is again called together.
