THE PROPOSED HOME RULE BILL.

Ever since the last general election, Mr. Gladstone has been urged by his friends to give an outline of his proposed Home Rule scheme. His opponents have often taunted him, and openly charged that he was afraid to comply with the request of his supporters.

Two-thirds of the members of the Canadian Commons support the Government. The House as at present constituted contains 215 members. Two seats are vacant, Chicoutimi and Marquette. The latter was held by the Liberals and the former by the Conservatives.

THE CROPS.

Reports from all parts of the county, say that crop prospects were never better than they are at present. Grass is in an excellent condition and it is predicted the hay crop of Kent county this season will be the largest produced for a number of years.

tato bugs. Fruit is in a healthy condition and promises an abundant yield. If the present satisfactory condition continues till harvest time, we may expect an abundant yield of all kinds of farm products.

THE TROUBLE AT HOMESTEAD.

Andrew Carnegie, the millionaire steel manufacturer of Pennsylvania, has had serious trouble with his workmen at Homestead where some of his mills are located. About three weeks ago he proceeded to discharge them and employ other workmen in their places.

Hon. Edward Blake has met with an enthusiastic reception in Ireland. He addressed a crowded meeting of Home Rulers at Londonderry last Wednesday and will make speeches in as many doubtful Irish constituencies as he can reach before election day.

Nothing will be done this session with the bill providing for an increase in the salaries of the Supreme Court Judges but it will be reintroduced early next session.

The trades and labor council of Vancouver, B. C., reports that over 45 per cent. of the workmen both in Vancouver and Victoria are out of employment.

The arbitrators, counsel and agents who will figure in the Behring Sea arbitration case have been appointed by Great Britain and the United States. The three foreign arbitrators have not yet been appointed.

In Bradstreet's Failure Record for the first six months of 1892 the maritime provinces make a very poor showing. The figures by provinces compared with those for last year are as follows:

Table with columns for Province, 1891, 1892, and Liabilities. Rows include Ontario, Quebec, New Brunswick, Nova Scotia, P. E. Island, Manitoba, N. W. Territory, and British Columbia.

These figures show that while in Ontario and Quebec there is a great decline in the number of failures, the amount of liabilities in New Brunswick and Nova Scotia has nearly doubled.

There are several instances on record of the complete destruction of whole regiments in one battle. On September 8, 1812, Napoleon's Fifty-third regiment perished to a man in storming over the Roman positions.

Quadruple Golden Wedding.

Mr. Jeremiah Mazerolle, who has been one of the most industrious and one of the most successful farmers in the Parish of Saumarez, informed a correspondent yesterday that he was born November 10, 1820, and married Nov. 21st, 1841, in company with three other couples at Neguac; that the four grooms were Matthew Savoy, Louis Breux, Grigoire Savoy and himself, all but himself still belonging to Neguac; that the four couples are all still living and enjoying rather good health.

The writer might also mention that fortune favors all in the above catalogue with good circumstances and the highest respect.

Buctouche School Examination.

BUCTOUCHE, July 4.—Last Thursday was entirely devoted to the semi-annual public examination in the two departments of Buctouche school. The morning was spent in the primary department, in charge of Miss Celina Bourque. Not very many visitors were present. The examination was chiefly conducted by the principal and was very satisfactory.

Throughout the whole examination, Principal Pearson took care to show that there was no preparation made. All the different grades were examined in the various subjects of reading, spelling, writing, book-keeping, arithmetic, algebra, drawing, history and useful knowledge.

The examination from beginning to end was an interesting review of the last six months' work. A feeling of interest seemed to animate the whole school.

At the close of the examination the principal called Theresa Smith to the front and in a few well chosen remarks presented her with a volume of Tennyson's Poems for regularity of attendance.

Mr. J. C. Ross, trustee and secretary of the school board, expressed himself as highly pleased with the work, and stated that it seemed more of an examination than those formerly held, which had consisted chiefly of recitations and dialogues.

Mr. Keswick and Mr. Hyslop followed with some very encouraging remarks to the teacher.

Mrs. Carter and Mrs. Coates expressed themselves as highly pleased.
