

#### MR. C. C. HAUN.

The following remarkable facts are fully certified to as being undeniably correct in every particular. Mr. Haun is well known in the vicinity, having resided here over fifty years, and is highly respected as a man of the strictest honor, whose word is as good as his bond.

As will be seen from his letter, four physicians had attended him, and it was only after he had given up hope of cure that he decided to try Burdock Blood Bitters on the recommendation of a neighbor who had been cured of a similar disease by its use. Mr. Haun writes as follows:

DEAR SIRS,-I think I have been one of the worst sufferers you have yet heard of, having been six years in the hands of four of our best doctors without obtaining four of our best doctors without obtaining permanent relief, but continually growing worse, until almost beyond hope of re-covery, I tried your Bitters and got relief in a few days. Every organ of my body was deranged, the liver enlarged, hardened and torpid, the heart and digestive organs seriously deranged, a large abscess in my back, followed by paralysis of the right leg, in fact the lower half of my body was entirely useless. After using Burdock Blood Bitters for few days the abscess burst, discharging fully five quarts of pus in two hours. I felt as if I had received a in two hours. I felt as if I had received a shock from a powerful battery. My re-covery after this was steady and the cure ermanent, seeing that for the four years to ce I have had as good health as ever I had. I still take an occasional bottle, not that I need it but because I wish to keep my system in perfect working order. I can think of no more remarkable case than what I have myself passed through, and no words can express my thankfulness for such perfect recovery.

other countries are unknown to us. We of the old chief. He will not sell it no have a fertile soil, which grows wheat matter how much he is offered, and it is equal to Manitoba. C. C. HAUN,

## Welland P.O.

In this connection the following letter In this connection the following letter from T. Cumines, Esq., a leading druggist of Welland, Ont., speaks for itself: Messrs. T. Milburn & Co., Toronto. GENTLEMEN,—I have been personally acquainted with Mr. C. C. Haun for the

last 20 years, and have always found him a very reliable man. You may place the utmost confidence in anything he says with regard to your medicine. He has on many occasions within the last four years told me that it was marvellous the way the Burdock Blood Bitters had cured him, and that he now felt as able to do a day's work as he ever felt in his life. Although quite well he still takes some B. B. B. occasionally, as he says, to keep him in perfect health.

Yours truly,

THOMAS CUMINES, Welland, Ont.

The steadily increasing sale of B. B. B., the length of time it has been before the people; and the fact that it cures to stay cured, attest the sterling merit of this monarch of medicines, the people's favorite blood purifier, tonic and regulator.

#### Kouchibouguac.

L. T. Joudry, wholesale jeweller, of Moncton, was doing town last week.

A number of young men came again to spend the summer with us. There seems to be a magnetic attraction in the town that draws tender hearts and shallow intellects to it.

The pic-nic at Sapin was a success financially, and attended by several of the youth and beauty from this place.

Miss Mazerall, our popular teacher, is spending her vacation in Moncton.

The late rains brought out all the lumber which will keep the mills sawing till late in the season.

dant harvest.

the advisability of starting a butter and cheese factory which will be a bonanza to the farmers and the country in general. Some weeks since we had a lecture from Mr. W. W. Hubbard on the matter. Mr. Hubbard is an expert in dairy business and is employed by the local government to instruct the people of the province on this important industry. natural resources which if developed will ere long be one of the wealthiest parts of the continent. We have a delightful climate the year around, where summer clothing is winter wear. In this land of health and happiness, floods, tornadoes and burning droughts are unknown. Our country is especially famous for longevity Men of robust nature generally go away up in the nineties, and our grave yards Plagues, fevers and ague so familiar to

pen, closes the number, the size of which we regret is not larger.

The illustrations are unusually good and profuse this month. The frontispiece is a view of Lake St. Joseph, while the supplement is an excellent portrait of the late Sir Alex. Campbell, Ontario's late Lieut .-Governor. The Sabiston Litho. & Pub. Co., Montreal and Toronto, are the publishers, and at the low price asked-\$1.50 yearly-the magazine should have a very large support from the Canadian public.

### Sons of Temperance.

SCOTCH SETTLEMENT, W. Co., July 7th. -On Wednesday evening the McCarthy Division Sons of Temperance, received a fraternal visit from Harrisville and Lewisville Divisions, Harrisville being strongly represented. The McCarthy Division entertained the visitors very favorably in a well selected programme of speeches, dialogues and instrumental music, the visiting members in turn giving speeches, recitations, &c.

At the close of the entertainment, luncheon was prepared and served by the ladies of the home division, and it would be drawing it mild to say that none were allowed to go away hungry. At about midnight the meeting dispersed, and all retired with kindly feelings toward one another, remembering the pledge, faithful to our vows, and zealous in doing good.

One Minute Cure for Toothache. Toothache, the most common and one of the most painful affections, is is instantly cured by the application of Polson's Nerviline. Polson's Nerviline is a combination of powerful anodynes, and it strikes at once to the nerves, soothing them and affording in one minute total relief from pain. Mothers try it for your children's toothache. Nerviline is sold in 10 and 25 cent bottles by all druggists.

Only his priests of the Mission]who have known him long, can get anything from him regarding the relic. The lasso, however, speaks for itself, if one gets his eyes on it. It is undoubtedly composed of human hair, and womans' hair at that. There you see the dark tresses of women who were once famous locally, at least, as brunette beauties. Further along in the rope may be Our people are beginning to realise that be noted hair of brown and auburn, and they are living in a country with great in half a dozen places of yellow. Hair jet black, straw colored and even red is shown, but the saddest of all to contemplate are the long tresses of gray and white which are twisted yards long in places on the lariat. As has been intimated, old Chief la Pier will not talk much about the lasso, but to the priests he has confined its grewsome history. The hair was taken by the savages from the heads of wives and daughters of pioneers. record the deaths of several centenarians. Many years has it been in the possession

that prompt and energetic action is necessary, to insure the success of New Brunswick's exhibit.

I am sir, Yours truly, E. A. CHARTERS, agent for N. B. Sussex, N. B. July 11, '92.

The experience of the manufacturers of the "Myrtle Navy" tobacco is a valuable lesson in political economy. Previous to their commencing that brand, the tobacco made of the finest Virginia leaf, was always held at fancy prices, and put up in some fancy style of manufacture. It was thought that only the rich would buy such tobacco, and at the old price none but the rich could buy it. The makers of the "Myrtle Navy" resolved to strip the manufacture of the tobacco of all its fancy costs and put their profit at so low a rate that no competitor could possibly undersell them with the same quality of article. From the very first, until now, their rate of profit has been a uniform percentage upon the cost. It is their enormous sales which make their low rate of profit a satisfactory one in the aggregate, and also gives them their firm hold upon the market. Their success is an excellent lesson for manufacturers to study over.
