

NUGGETS

Mrs. Doctor Ferguson is said to be the best lady skater in Kent. Capt. Connaughton has assumed command of the ship Highland, one of Troop's vessels. It was estimated that there were seven hundred cases of la grippe in Yarmouth on Sunday. Two Kingston smelt fishermen have made \$600 thus far this season out of the little smelt. The election in Richibieu on Monday resulted in the return of Bruneau, Liberal, over Morgan, Tory, by a majority of 107. Mr. Edward Barnett presented some of his lady friends with some Mayflowers, well budded out, that he gathered last week. One of our farmers might have been seen on Monday last busily engaged plowing potatoes in one of his fields. Rather a late crop. Mr. Vetal Blanchard fell from a platform on Monday evening and dislocated his shoulder. He was attended by Dr. Bourque. Capt. Henry Letson, a Chatham boy, has been promoted to the important post of second officer of the Cunard steamer Umbria, one of the great ocean greyhounds. R. P. Doherty, D. D. S., will visit Kent Co., professionally this month. His regular days for each place can be found in advertising columns until further notice. Monthly trips will be made to Kent instead of former arrangement. A novel race took place on the ice above the bridge at St. Louis, on Tuesday, between Honore Landry's colt, hitched to a sulky, and the Babineau mare drawing a sleigh. The former won the race, which was witnessed by a large number of the local sports. Elder James Porteous conducted service last Lord's day morning very acceptably in the Kingston Presbyterian church in the absence of the pastor, through very severe illness. We are pleased to learn that Mr. Hamilton is improving in health. Messrs. Michael Long and Richard O'Leary grew weary waiting for Jack Frost to throw an ice bridge across the channel, and, as they were anxious to set their smelt net, they detached a large block of ice from the flats, which they moored at Caie's block, and are now fishing from their crystal raft, and reaping the reward of their ingenuity. Messrs. Somers & Doherty, of Moncton, have one of the handsomest dental rooms in the province. The set of furniture in their waiting room consists of five pieces, costing in the vicinity of two hundred dollars. The upholstery is of the latest style, being made of heavy Wilton carpet and plush, with silk railway fringe. The curtains are chenille, and a nice match for the furniture, and their handsome Wilton carpet makes it a most elegant room. Their operating rooms are also furnished and fitted up with all that is necessary. Their office is situated in the Wright building, adjoining the Y. M. C. A. building, on Main street, Moncton. Monday last was the 25th anniversary of Mr. Wm. Hudson embarking in business in Richibucto. That Mr. Hudson still retains his old-time business enterprise and vigor will perhaps be best demonstrated by the fact that he is going quite extensively into the lobster packing business this season, having procured fishing privileges and erected a factory on the North Beach, which is considered one of the best localities for the prosecution of the lobster fishing business in the county. We hope Mr. Hudson's new venture will equal his most sanguine expectations and that the next quarter of a century will prove as profitable to him as the last has been. The ladies of the Richibucto Methodist church, gave a very pleasant and successful entertainment Tuesday evening in the Temperance hall. The tables were loaded with a bountiful supply of delicacies giving evidence of what can be accomplished on short notice when taken in hand by the ladies. Tea was served from six to eight, after which the musical and literary part of the entertainment commenced. J. D. Phinney, M. P. P., kindly consented to act as chairman, and in his usual happy style conducted a pleasing entertainment. The following programme was rendered and very much enjoyed by the audience: Solo, by Miss Muriel Crozier. Recitation, by Mr. Wm. Robertson. Duet, by Misses Annie Phinney and Fanny Sayre. Recitation, by Miss Annie Robertson. Solo, by Miss Maud Crozier. Recitation, by Jennie Siderquest. Solo, by Mr. Wm. Robertson. Dialogue, Grumpton Woman's Association by eight young folk. Miss Hanna and Mrs. George Robertson presided at the organ. At the close of the meeting the chairman called upon Rev. J. Seller, who briefly referred to the fact that the term of his incumbency on the Richibucto circuit was, he regretted to say, drawing to a close. He and his family had been shown nothing but kindness by all classes. He thanked the audience for their presence, and the interest they had shown in the present undertaking. Friendly intercourse was then indulged in over ice cream, etc., after which John T. Caie, Esq., kindly acted as auctioneer, closing the programme. Net proceeds, \$36.00 which was presented to the pastor, Rev. J. Seller.

The Yatisi Corset does not stretch at the waist, requires no breaking in, fits comfortably the first time worn. As it gives to every motion of the wearer it will out-last any of the old style rigid Corsets. The Yatisi Corset is made of the best materials and being elastic (with rubber or springs) is invaluable for invalids, as it cannot compress the vital parts of the body. LATE FR. BELLIVEAU

I have a beautiful cabinet photo of the late Fr. Belliveau, made from life, and was highly approved of by himself. Do not buy some of the poor copies that are being sold, but see that every picture bears my name printed in gold on the bottom. If you want a picture you also want a good portrait and faithful likeness, which you can get mailed to you, postage prepaid, by sending 25 cents in stamps to my address.

NUGGETS.

Boats were sailing about the harbor on the 8th and 9th inst. A valuable cow belonging to Mr. Philip Woods died last week. Some cranberries gathered on the 8th inst. were in the market on Saturday. A number of cases of typhoid fever are reported from Acadieville and St. Louis. The doctor said my faith in Johnson's Anodyne Liniment was correct," writes a lady friend. James Flanagan, dry goods merchant, Moncton, is paying the highest market price for raw furs. Every bruise, every sore muscle, should be freely bathed in Johnson's Anodyne Liniment. Mr. Price Webber, who is making a tour of the Maritime Provinces with the Boston Comedy Co., expects to visit Richibucto in March next. Mr. Ernest Hutchinson has made the school district of Douglastown a present of the best site in town for a school house and \$1,500 in cash towards the cost of building. The saw mill at the Indian Mission reserve, opposite Campbellton, and formerly owned by Mr. Henry O'Leary, has been purchased by Mr. George Moffat, of Dalhousie, and is being removed to that place in sections. Let there be no mistake about this; that the "Myrtle Navy" is manufactured from the very finest Virginia leaf. No higher quality of leaf can be purchased for any tobacco made. It is selected with the very greatest care, and treated with the most approved processes for preserving the flavor of the tobacco. That the ways of that woman are past finding out who rails against the male sex for chewing tobacco and expectorating on the sidewalk, yet who goes herself and deliberately wipes up that same sidewalk with a \$25 or a \$50 gown that her father or husband earned by the sweat of his brow. Mr. D. Maculey, an extensive fruit grower of Picton, Ontario, lately returned from England, whither he had been, we presume, in the interest of some shipments of fruit. This gentleman reports that Canadian apples brought from seventy cents to nearly a dollar more per barrel than similar varieties of the same fruit grown in the United States. The new Royal Hotel, at Moncton, in issuing a handy little pocket calendar for 1892, announces the opening of the house for guests on January 18th. The furniture is nearly all placed, and workmen are busy putting in the bells and light fixtures. When complete, the Royal will be among the best fitted hotels of the province. A full description will appear in another issue. The head offices of the Canada Eastern are soon to be removed from here to Chatham, and although this end of the route has supplied, and now supplies, the largest share of the traffic of the through line all business must be done through Chatham. All supplies will also be purchased there. The superintendent and ticket agent, according to the Chatham World are now having offices fitted up in Chatham.—Gleaner. Last year Mr. John D. Fraser, of the Victoria Hotel, St. John, was pleasantly remembered by the guests of the house, who recognized his good qualities of head and heart in a substantial way. This season, with greater recognition than ever of his personal merit, they presented him with a gold horseshoe pin and an address which closed as follows: "They ask you to accept of this little souvenir, accompanying it with their best wishes for a merry Christmas and all the good luck which the horseshoe proverbially carries with it." Mr. James Barnes, successor to R. Toombs, has opened an auction and commission business in No. 334 Main Street, Moncton, near the railway crossing in the building formerly occupied by Geo. P. Hogan. Mr. Barnes is prepared to handle, at a moderate commission, all description of merchandise, produce, etc., consigned to him, and make prompt returns. He has been fortunate in retaining Mr. B. Toombs, whose reputation as an expert auctioneer is widespread. Mr. Barnes being a gentleman of sound business principles, there is no doubt but he will make his new venture a financial success. Sunday School Teachers in need of something entirely new for church entertainments would do well to secure a copy of Morley McLaughlin's Floral Cantata. This concert has been given with unprecedented success in Canada and the United States. It is to be given the present winter in Chicago by 250 children. In St. John the attendance was so large that it was found advisable to repeat the concert three or four times, the receipts amounting to \$470.00. The concert is very simple and cannot fail to please. Three weeks at the outside are all that is necessary in which to train the children. Copies of this work with directions in full, plan of platform, words and music, elegantly gotten up may be had by the readers of this paper at the reduced rate of 50 cents per copy. Address REVIEW, Box 356 St. John, N. B.
