

WONDER IN WELLAND!

A Representative Farmer
Speaks.

MR. C. C. HAUN.

The following remarkable facts are fully certified to as being undeniably correct in every particular. Mr. Haun is well known in the vicinity, having resided here over fifty years, and is highly respected as a man of the strictest honor, whose word is as good as his bond.

As will be seen from his letter, four physicians had attended him, and it was only after he had given up hope of cure that he decided to try Burdock Blood Bitters on the recommendation of a neighbor who had been cured of a similar disease by its use. Mr. Haun writes as follows:

DEAR SIRS,—I think I have been one of the worst sufferers you have yet heard of, having been six years in the hands of four of our best doctors without obtaining permanent relief, but continually growing worse, until almost beyond hope of recovery, I tried your Bitters and got relief in a few days. Every organ of my body was deranged, the liver enlarged, hardened and torpid, the heart and digestive organs seriously deranged, a large abscess in my back, followed by paralysis of the right leg, in fact the lower half of my body was entirely useless. After using Burdock Blood Bitters for a few days the abscess burst, discharging fully five quarts of pus in two hours. I felt as if I had received a shock from a powerful battery. My recovery after this was steady and the cure permanent, seeing that for the four years since I have had as good health as ever I had. I still take an occasional bottle, not that I need it but because I wish to keep my system in perfect working order. I can think of no more remarkable case than what I have myself passed through, and no words can express my thankfulness for such perfect recovery.

C. C. HAUN,
Welland, P.O.

In this connection the following letter from T. Cummes, Esq., a leading druggist of Welland, Ont., speaks for itself:

ME-SRS. T. MILBURN & CO., Toronto.

GENTLEMEN,—I have been personally acquainted with Mr. C. C. Haun for the last 20 years, and have always found him a very reliable man. You may place the utmost confidence in anything he says with regard to your medicine. He has on many occasions within the last four years told me that it was marvellous the way the Burdock Blood Bitters had cured him, and that he now felt as able to do a day's work as he ever felt in his life. Although quite well he still takes some B. B. occasionally, as he says, to keep him in perfect health.

Yours truly,
THOMAS CUMMES,
Welland, Ont.

The steadily increasing sale of B. B. B., the length of time it has been before the people, and the fact that it cures to stay cured, attest the sterling merit of this monarch of medicines, the people's favorite blood purifier, tonic and regulator.

Proverbs of Abram.

My son, if all the superstition was taken out of some peoples' religion, they wouldn't have enough left to make a decent hypocrite.

There are more people worshipping the golden calf, the almighty dollar, the god of money, than any other god known to man, and there's not any hypocrites among them either.

My son, keep from lying and swearing. If you find yourself so constituted that you can't possibly keep from lying, quit swearing and go into politics, and press forward to the mark of your high calling.

In the early days of responsible government, the raw material used in the manufacturing of all laws was common sense and equity, but the resources become exhausted. Now politics and expediency is used as a substitute and the resources are inexhaustible.

My son, Moses was a wise legislator in his day, but he couldn't lead a government on the same lines in this age of politics. He'd need to make different use of the golden calf, and he wouldn't swallow up all the office seekers with one earthquake either.

If thine enemy hunger, go and get the poor master to provide for him. By so doing, thou wilt heap coals of fire on his head.

Some men are like a loose pile of wood. You can go around them quicker than you can climb over them, and with more safety.

The man that Solomon found among a thousand didn't want to shake hands with every person he met, nor he wouldn't say yes and agree to everything said to him, either.

My son, wise astronomers tell us that after five or ten million years there won't be sufficient sunlight, heat and moisture to sustain life on this earth. Therefore, you can console yourself with the fact that during the last hundred years or so there won't likely be half as many mosquitoes.

The dog that bounces out upon the peaceful passer along the highway deserves to be shot; his owner to be punished.

Molus River.

Much sympathy has been expressed in the community with the parents and friends of Mrs. Coanly, nee Miss Lizzie Whalen. "How short appears the time that has passed since we were school mates and class mates!" "How lively, pleasant and kind-hearted she was—what a favorite among us!" Her death so sudden was such a shock to her friends.

Those lately so ill with the measles are again around us as usual, it is said, however, George don't expose himself as much as formerly; the evening air is fraught with malaria—stay indoors George, the marshes are unhealthy ground.

The fishing fleet have loaded and departed, leaving quite a supply of silver for church collections, as the gasperea were not only plenty but very good our people realized a fair return for their labor. A farewell party was given the gallant tars at the residence of Mr. George Thompson. "Come again sailors bold."

Generosity.

Our readers do not take very long to discover an improvement made in their interest. Mostly everybody has already found out that the proprietors of Perry Davis' Pain Killer have just issued a new big bottle of that old reliable medicine. This bottle contains twice the quantity that the old style held, and it is to be sold at the old popular 25 cent price. Naturally the users of this old favorite medicine and who does not use it? are jubilant over the change, and praise its proprietors very strongly for their generous action. Have you seen the big bottle? If not be sure and get one without delay.

With it in the house you have a veritable medicine chest at hand, and all for the trifling sum of a quarter.

A Silver Service Contest.

Progress is out with a unique and wonderful offer, viz: A quadruple plate silver tea service of seven pieces, which will be presented to the person who cuts the most coupon tickets from Progress during the months of July, August and September. A large engraving of the silver service will appear in Progress Saturday, July 2, and the coupon ticket will be printed for the first time in Progress of July 9th. This will give every one ample time to arrange with their friends to assist them in securing this beautiful service.

Messrs. Ferguson & Page, a well known and very reliable firm of jewelers, supplied Progress with the silver tea service, and their guarantee accompanies it. The set consists of seven pieces of the largest size, all quadruple plate, elegantly chased with a graceful design.

The service cost Progress between \$40 and \$50, and is another indication of the faith of the publisher in advertising. There are few readers who will not long for such a prize, and any one of them is liable to get it with but little effort. Whoso many will try all stand an equal chance. A suggestion is thrown out to those who think of entering the contest: Canvass all your friends at home first, and then write to all your friends and acquaintances in the provinces and get them to help you by collecting coupons. In this way Progress will gain new readers—which is its object—and you will stand a splendid chance for the service.

Took His Life.

Boston, June 25.—The body of the young man who committed suicide at the hardware store on Washington street yesterday morning, has been identified, at the city hospital morgue, as that of Charles Roach, aged 23, of St. John, N. B.

He had been a patient at the Washington Home on Waltham street for some six months, being a sufferer from the morphia habit.

Dr. Day has used his best skill in endeavoring to help Roach to conquer his appetite, and this week had allowed him for the first time in three months, the privilege of going out a short distance.

While Mr. Gladstone was driving on Sunday to address a meeting at Chester, a woman threw a piece of hard ginger bread which struck Mr. Gladstone on the nose, bruising that member and causing it to bleed slightly. Mr. Gladstone made his address. His left eye seemed to be affected and inflamed. Mr. Gladstone's injured eye has been banded. He will be put in a dark room for a few days. It is stated that the woman who threw the missile at him said she "threw it for luck."

Dr. J. H. Korff, New York City,

ASSISTANT SURGEON TO MANHATTAN EYE AND EAR HOSPITAL,

SAYS OF M. P. P.: "I have given your preparation a fair trial. I regard it quite equal to any similar article in use with the ADVANTAGE THAT OTHERS DO NOT POSSESS OF being TOLERATED BY THE STOMACH IN EVERY CASE in which I have employed it. I would be glad to give it a further trial, and have no hesitation in recommending it to the attention of the Medical Profession."
