RICHIBUCTO, N. B., MAY 26, 1892.

RICHIBUCTO AS A SUMMER RESORT.

As the season advances many of the towns of the maritime provinces are informing the public of into Jerusalem seems nothing short of the advantages they possess as sacrilege but the onward march of civilisummer resorts. We feel safe in zation is not to be stopped by any such saying that Richibucto possesses reverential feelings. Already the shrill more of these advantages than any other town in New Brunswick. In the first place, we have already constructed a large summer hotel, favorably situated, and capable of being fitted up in first-class style. It is within a few hundred yards of the railway station, its boating and bathing facilities unsurpassed, it is only a short distance from the best fishing and shooting grounds in the provinces, and as a health resort, it could not be more favorably located. Mr. E. E. Phair, under whose direction the building was constructed, ran it as a summer hotel for two seasons. All who visited it were loud in their praises of the hotel and the locality, but, unfortunately, the company who backed Mr. Phair, were did not prove a success. What is tal increase of population accounted for in needed to make it a success is a the statement of religious denominations campany with sufficient capital to is 475,701, divided among them as follows: to take hold of it, fit it up, and equip it thoroughly, and properly Methodists......104,488 is no reason why Richibucto, with its unsurpassed boating and bathing privileges, its fishing and shooting, its drives, walks, and other advantages, and, above all, ther could not do better than visit this town. We feel sure no one would go away cissatisfied.

MR. ADAMS' SPEECH.

Mr. Adams, M. P. for Northumberland, has had some very severe things to say concerning the action of the government in the Harris land purchase matter. Mr. Adams appears to think that the land purchased was not needed for railway purposes, and that it Northwest. This, no doubt, arises from the was bought by the government at large immigration from the old country to a price greatly in excess of its real these provinces. The Lutheran increase value. During his remarks, he is due to the large number of Scandinatook occasion to refer to the city vians who have settled in Manitoba and of St. John in terms far from com- the North west. plimentary to the people of the The following statement shows the commercial capital of this pro- strength of the principal religious bodies vince. He termed it a "city of in Canada in 1881 and 1891:beggars," and warned its representative in the Commons that he was committing a public crime in trying to force an expenditure which could only benefit a few individuals in his city. If Mr. Adams was not satisfied with the Harris land purchase, he had a perfect right to express his disapproval of it. If he thought there was anything crooked in the transaction it was his duty to censure the government, and no fair minded person will find fault with him for doing so. But very few can approve of his illnatured references to the city of Saint John and its people. The citizens of Saint John are making a determined effort to secure improved ocean shipping facilities in connection with the I. C. R. and C. P. R., and we believe they have the sympathy of the whole province in their struggle against Halifax. Mr. Adams, we feel safe in saying, is not voicing the feeling in Northumberland when he makes such a charge. The Newcastle Advocate tells him plainly there ought to be. Many of our branch that he has acted foolishly, and railway lines were cheaply and meanly the Chatham papers are even built and in cases where some were well stronger in their condemnation of built the roads have not paid well enough his utterances. The Chatham to keep them in good order and pay desir-World, which has always support- ed dividends. In all cases such defects ed him, has the following to say endanger the lives and property of people regarding his action :-

"Mr. Adams seems to have

soured on St. John, or on the men who represent it, and vents his unamiable feelings by calling the commercial metropolis of New Brunswick the "city of beggars." This was an uncalled-for and unwise attack, and without any foundation in fact. St. John ought to be backed up by all New Brunswick members in its struggle against Halifax for terminal facil-

Had Mr. Adams simply conland purchase matter, his inde- in aid of the funds of the Methodist, Church pendence and courage in speaking his convictions would have gained him, but the force of his utterances has been greatly weakened by his childish and unjust attack on the people of the city of Saint John.

THE JERUSALEM RAILWAY. To a great many the idea of a railway voice of the railway engine is resounding through the orange and palm groves of Palestine, startling the Arabs and frightening their asses and camels. The railway has been completed from Joppa to the foot of the Judean Hills and trains are regularly running that distance. Most of the stations along the route bear the scriptural names given to the localities in which they are situated. Such familiar cries as "Hack to the Hotel Jerusalem," "Free coach to the Sharon House," already greet the traveller at Joppa and it will not be very long till pilgrims to the Holy Land will be found crowding around the ticket office window requesting a ticket to Jerusalem.

THE RELIGIOUS CENSUS.

The census bulletin just issued giving the religions of the people of Canada, and the gains and losses made by the different not supplied with the necessary denominations during the past decade will funds, and, as a result, the venture be interesting reading to many. The to-Roman Catholics......198,458 Lutherans...... 17,629

Public Safety and Government's Duty.

Moncton Times: A statement appears in the Times and Sun of yesterday to the effect that the bridge at Buctouche of the Buctouche and Moncton railway is unsafe and that employes are getting afraid to pass over it. From what we have heard it would appear that the fear is that the timbers of the foundation are eaten by worms which are said to be quite destructive in that river, but our object in mentioning the matter is to enquire if Gentle, there is no provision in our laws for periodical inspection of such works by competent men. If not, it seems to us who have a right to accept the railway as a safe highway, who cannot in fact have to do otherwise.

It seems to us that if not already done the attention of the Government and Parliament ought to be given to this subject | self with a trace chain in her father's sta-(particularly as many of our small company roads are getting worse day by day) with a view to give the people at least as much protection and confidence as is afforded by the regulations and 'restrictions respecting steamboats. Public safety should be a first claim on [public author-

Social at Molus River.

A very pleasant social was held at demned the government in the Molus River on the evening of May 20th, here. A very nicely arranged programme was carried out, consisting of dialogues, him many friends, even among songs and speeches. After this was over those who could not agree with the wants of the inner man were well supplied through the liberality of the ladies of the district. The large attendance as well as the liberal response in the shape of financial results go far to attest the esteem in which the pastor, the kind Mr. Seller, is held famong the good people of all denominations both Catholic and Protestant of Weldford as all the bodies were well represented at the meeting. While it may be said that all the young people who took part in the rendition of the various parts assigned them did well, no one could keep noticing the very superior manner in which Miss Annie Warman rendered the somewhat difficult part entrusted to her. There is evidently a spark of dramatic talent in her composition which only wants opportunity to develop. C. C. Carlyle was chairman and Henry Hicky was auctioneer.

We think it however a great pity and a mistake which should be remedied by the parties organizing such entertainments that in view of the fine material now obtainable of Canadian growth that they find it necessary to render Yankee war songs and dialogues that either directly or indirectly convey a reflection on the great and glorious empire to which we belong And whose institutions are as much superior to those of the States, and its people as much more free as the latter is than Russia. The proceeds were in the vicinity of \$45.00. Julie Diagree

M. P. P.

The M. P. P. Company, of Truro, N. S., have in our proper columns to-day brought their preparation-Malto Peptonized Porter-before our large reading public. This company, since its start six to months ago, has met with most wonderful success in disposing of M. P. P. Over 200 medical men have spoken right out in favor of this new patent medicine This is indeed a rare thing for doctors to do, and shows that there must be real merit in this new preparation. The owners claim that for general debility, convalescence from fever, chronic dyspepsia and a weak digestion, the equal of M. P. P. is not on the market to-day. See the testimonial from one of New York city's distinguished medical practitioners in this to the merits of M. P. P.

Earthquake in Britain.

London, May 18.—A rather severe earthquake shock was felt early this morning in the county of Cornwall. The earth tremblings were so great that the houses rocked to and fro on thir foundations. Crockery was thrown from the shelves and broken and in a few cases chimneys were overturned, Almost everyone was asleep when the shock occurred. The people were awakened by a rocking of their beds, and many of them believed that their houses were about to fall, rushed out in their night dresses. The movement lasted for several seconds but no damage of any importance has been reported.

A slight earthquake was felt at Singapore, and at Penang last night. No damage was done. Several shocks were also felt in the island of Sumatra.

Asthma.

"I have been a great sufferer from Asthma and severe Colds

every Winter, and last Fall my friends as well as myself thought because of my feeble condition, and great distress from constant coughing, and inability to raise any of the accumulated matter from my lungs, that my time was close at hand. When nearly worn out for want of sleep and rest, a friend recommended me to try thy valuable medicine,

Refreshing Bleep.

Boschee's German Syrup. I am confident it saved my life. Almost the first dose gave me great relief and a gentle re-

eshing sleep, such as I had not had r weeks. My cough began immeditely to loosen and pass away, and found myself rapidly gaining in ealth and weight. I am pleased to inform thee—unsolicited—that I am in excellent health and do certainly attribute it to thy Boschee's German Syrup. C. B. STICKNEY, Picton, Ontario."

At Orillia, Ont, twelve.year-old Jose Badjers committed suicide by hanging herble. Disappointment at a refusal of a request is the only known cause.

K. D. C. frees the stomach from poisonous acid and gas and restores it to healthy action.
