### STALLION GOLDLEAF.

The Stallion Goldleaf will stand in Richibucto and Kingston during the first part of the season, viz:—In Richibucto on Friday and Saturday of each week, in St. Louis on Mondays and Tuesdays, and in Buctouche on Wednesdays and Thursdays, for the service of mares at the fee of \$5.00 for single service, and \$8.00 for the season.

Goldleaf is the son of Rysdyk, 653, Sire of Clingstone, 2.14, Victor, 2.21, Geo. M. Rysdyk, 2.25, Maud A., 2.26, Bertrance, 2.27, Dam, Oakleaf, by Sunshine, (thoroughbred.) He is bay in color, with two hind ankles white. He stands 16 hands high and weighs 1100 pounds. He is perfectly sound, and has an excellent set of feet and legs, with plenty of bone and substance, good back and loin, well muscled and springy ribbed, splendid head and neck, well put on, oblique shoulders, and deep chest, and a fine main and tail. His finish style and action are perfect, and though never handled for speed, he shows a natural and frictionless gait, and will go fast if developed. He can now show a 2.40 clip. He has good stifle action, and opens up wide when he moves.

Goldleaf is bred for speed, his veins being rich in the famous Hambletonian blood flanked by the very best strains of imported thoroughbred. He took first prize at the Sackville, N. B., Exhibition in 1886 and 1888. (He was not shown in 1887.) He is 12 years old on June 20th, 1892, and for so young a horse is a remarkably successful one.

Goldleaf's colts are claiming attention wherever shown, and carry off honors in the face of the weightiest competition. Mr. H. A. Whitney, Mechanical Superintendent of the Intercolonial Railway, Moncton, has two fillies sired by Goldleaf, aged four and five years respectively, full sisters and well matched, that were driven in double harness on the streets the past winter, and pronounced by all to be a very handsome team. Warden J. B. Foster, of the Dorchester Penitentiary, has a five-year old that took first prize at the Sackville Exhibition. Many more of his get might be mentioned, but suffice it to say that the best guarantee that his stock are appreciated is the fact that trotting and carriage horse breeders have patronized him three years consecutively. Breeders may rest assured that they can make no mistake by stinting their best mares to this handsome and finely bred young stallion.

The season will commence on May 1st, and end on July 31st.
