**A NIAGARA MIRACLE.**  
THE REMARKABLE EXPERIENCE

Utterly Helpless and Bed-Ridden for  
Five Years—His Case Baffled the  
Skill of Physicians—It is the Ab-  
sorbing Topic for Miles Around—  
The Details and Causes of his Re-  
markable Recovery.

Niagara Falls Review.  
It has been frequently declared that the  
age of miracles has long since passed.  
However, newspaper men and correspon-  
dents have occasionally published accounts  
of remarkable escapes from death by ac-  
cident or disease, which have clearly  
proved that an over-ruling Providence  
still governs human affairs, and is inter-  
ested in human lives. These accounts of  
extraordinary deliverances from positions  
of danger in this age when everybody is  
of such a practical turn of mind have de-  
manded evidence of an unimpeachable  
character before they would be accepted  
by the thoughtful and intelligent reader,  
and sometimes a most searching enquiry  
into the facts have furnished positive  
proof completely substantiating what has  
been claimed in some cases. While we  
have recognized the possibility of such  
wonderful occurrences, it has seldom been  
our privilege to investigate them, and by  
careful examination and enquiry into the  
facts arrive at a conclusion agreeing with  
the declarations of those presumably ac-  
quainted with the incident.

To-day, however, we are enabled to  
publish in the Review an account of one  
of the most wonderful and miraculous  
deliverances of a fellow creature from a  
life of pain and suffering. We can vouch  
for the absolute truth of every statement  
in this article in regard to this remarkable  
restoration, having examined for ourselves  
both the man on whom the miracle was  
performed and many who knew him only  
as a bed-ridden sufferer, and who now  
meet him in the daily routine of life. It  
is now some time since the rumor reached  
us that Mr. Isaac Addison, of historic  
Niagara-on-the-Lake, had been cured of a  
long standing chronic rheumatism. These  
rumors being both repeated and denied,  
we decided to investigate the case for our  
own personal satisfaction.

Accordingly some days ago we drove  
over to the historic town on our tour of  
investigation. While yet some miles  
from Niagara we met a farmer who was  
engaged in loading wood, and asked him  
if he could tell us where Mr. Addison  
lived. At first he seemed puzzled, but  
when we said the gentleman we were  
seeking had been sick but was recovered,

he said, "Oh, yes, I know him well; that  
man's restoration was quite a miracle, and  
it was Pink Pills that did it. He lives  
right up in the town. It is four miles  
away." We thanked him and mentally  
noted the first bit of evidence of truthfulness  
of the report. If this gentleman,  
living four miles away, knew it so he  
could speak so positively about it, we  
concluded there must be some truth in the  
rumor.

Reaching the town we put up at Long's  
Hotel, and while in conversation with the  
genial host we soon found that our mis-  
sion was to be a success. "Know Mr.  
Addison," said mine host, "I have known  
him a long time. His indeed was a re-  
markable recovery. All the doctors about  
here did their utmost, but he only grew  
worse, and for four years he was bed-  
ridden. Now he is as smart as anyone of  
his age. His recovery is a real miracle."

We were then directed to Mr. Addison's  
residence, and found a well-built gentle-  
man with clear eye, steady nerve and re-  
markably quick action. Almost doubt-  
ing whether this gentleman could be the  
object of our search we acquainted him  
with the purpose of our visit and request-  
ed him to tell the story of his illness and  
recovery.

Without hesitation he commenced.  
"About eight years ago I had peculiar  
feelings when I walked, as though bits of  
wood or gravel were in my boots, or a  
wrinkle in my socks. These feelings  
were followed by sensations of pain flying  
all over the body, but settling in the back  
and every joint. I have thought these  
symptoms were like creeping paralysis.  
In about eighteen months I was stiffened  
with rheumatism that I could not work  
and very shortly afterwards I was unable  
to walk, or use my hands or arms to feed  
myself. I lay upon the bed and if I  
desired to turn over I had to be rolled  
like a log. The pains I suffered were ter-  
rible, and I often wished myself dead.  
My kidneys commenced to trouble me  
causing me to urinate eight or nine times  
during the night. In order to rise my  
wife would first draw my feet over the  
side of the bed, and then going to my  
head would lift me to my feet. I was as  
stiff as a stick and could not help myself.  
To walk was impossible, but my wife sup-  
porting me I could drag or shuffle myself  
along a smooth floor. I was in that help-  
less condition for about five years, suffer-  
ing the most intense and agonizing pains.  
I was a poor man but whenever I could  
get enough money I would purchase some  
so-called cures for rheumatism. It was  
useless, however, for they did not help me.  
The physicians visited me. Dr. Ander-  
son said it was chronic rheumatism, and  
that I could not be cured. However, he  
did what he could with bandages of red

flannel and rubbing on alternate days with  
iodine and neat's foot oil. It was severe  
treatment and produced unbearable  
sensations, but did me no good. Dr.  
Watts said, "Isaac, if I knew a single  
thing to do you good I would give it to  
you, but I don't." So I gave myself up  
as hopeless and patiently waited for death  
to end my sufferings. At times I was  
even tempted to end my own life.

But one day my family told me of a  
newspaper account of the wonderful cure  
of Mr. Marshall, of Hamilton, and I was  
induced to try Dr. Williams' Pink Pills.  
I only purchased one box, and although  
that box did not seem to do me any good  
I determined to persevere, and got six  
more. Before I had taken the six boxes I  
found relief from my pains, continuing  
the use of the Pink Pills I have been  
gradually recovering, and am now entirely  
free from pain, and can walk a mile com-  
fortably. At first I used crutches, then  
only one, but now I have no use for them  
at all. I have gone alone to Toronto,  
Niagara Falls, and to Lockport, N. Y.,  
and have felt no inconvenience.

The people wondered when they saw me  
on the street after having been bedridden  
for five years. They asked me what I  
was doing for my rheumatism, and when  
I told them I was taking Pink Pills some  
of them laughed. But I have never taken  
anything else since I began the use of  
Pink Pills, and I am now better. That's  
the proof. Why," said he, "just see how  
I can walk," and he took a turn about  
the room stepping with a firmness that  
many a man twenty-five years younger  
might envy.

Continuing he said, "For two years I  
could not move my left hand and arm an  
inch, but now I can put it anywhere with-  
out pain," accompanying the statement  
with a movement of the arm and rubbing  
the back of his head with his arm. On  
being asked if he felt any disagreeable  
sensations on taking Pink Pills, he laugh-  
ed and said "no, that was the beauty of it.  
With other medicines there were nasty  
and unpleasant feelings, but I just swal-  
lowed the pills and never felt them except  
in the beneficial effects."

As we saw the hearty old gentleman so  
happy in his recovered health, and heard  
him so graphically described his sufferings,  
we agreed with him that a great miracle  
had been wrought through the agency of  
Dr. Williams' Pink Pills. We sought out  
a number of residents of the town, and in  
conversation with them learned that the  
account Mr. Addison had given us of his  
condition was in every particular correct.  
His recovery has naturally been the talk  
of the town and in social circles, and many  
others are using Pink Pills for various  
ailments with good results.

A CHAT WITH THE MAYOR  
We called on H. Pafford, Esq., Mayor

of the town, and proprietor of a tasty and  
prosperous drug business. He verified  
what Mr. Addison had said as to his suffer-  
ings and helpless condition, and said he  
never expected to see him around again.  
He said he considered Mr. Addison's re-  
storation truly remarkable, and that the  
knowledge of the benefit to him had made  
an extensive demand for Dr. Williams'  
Pink Pills, so much that their sales are  
away ahead of any other proprietary  
medicine in the market. He remarked  
that although so extensively advertised, if  
their use were not followed by beneficial  
results the sale would rapidly decrease,  
but the firm hold they have taken on the  
public proves their worth, and that they  
have come to stay.

THE DIVISION COURT CLERK.

We called upon J. B. Secord, Esq.,  
Clerk of the Division Court, who said he  
had known Mr. Addison for many years,  
and that he bore a high reputation for  
truthfulness. He knew that in the ear-  
lier stages of his trouble he had tried sev-  
eral physicians in vain, and at last became  
incapable of moving himself. As a last  
chance he took Dr. Williams' Pink Pills  
for Pale People, and these at first seemed  
to make him worse and the pains increas-  
ed, but continuing them they acted like  
magic, and resulted in a complete cure.  
His cure is looked upon by the people as  
something wonderful, and no one doubts  
that the agency employed, Dr. Williams'  
Pink Pills, was the means under Divine  
Providence of effecting the cure."

Having most carefully and conscienti-  
ously examined into the miraculous re-  
covery of Mr. Addison, and dispassionate-  
ly reviewing the whole evidence, we came  
home fully convinced of the truthfulness  
of the report. It is a pleasure for us to  
publish this full and authentic account of  
the marvellous recovery of Mr. Isaac  
Addison and, so far as we can, lend the  
help of our columns to make known far  
and wide this wonderful and efficacious  
medicine which in so many instances has  
produced startling and unlooked for relief  
from pain and illness.

Dr. Williams' Pink Pills are a perfect

such diseases as rheumatism, neuralgia,  
partial paralysis, locomotor ataxia, St.
