As regards Mr. George Jardine, we can state positively that he removed to Kingston in May, 1891, prior to the revision of the lists, and has resided there ever since. Mr. Warman, so far as we can learn, is alive and well. It would seem strange if he were dead in 1891 that his name should appear on the assessment roll of 1892.

## Portland, Me.

The weather here for some days past has been very spring-like. The snow is fast disappearing beneath old Sol's penetrating rays, and everybody seems elated that spring is fast approaching. Wheels have taken the place of runners once more, and it is the general belief that we can say a hearty good-bye to old winter.

Monday, the sixth was the day appointed for the election of our mayor and alderman, and once again we believed the Democrats were victorious. Joe and chums celebrated by a group in remembrance of the occasion. Joe came out good, but not so well as expected, the *grin* was too broad. It is now said that on account of fraud practised on the above date there will be a new election on the 17th of next month. It is claimed that the warden destroyed votes, and rendered no account of them. There arose such a hub-bub that Mr. Ingraham, Democratic nominee refused to accept his election. Warden Harper was arrested last evening, and is held in \$500 bonds. He claims to be innocent of all willful wrong doing.

We regret very much that ill news has robbed us of two of our most popular N. B. young ladies. Miss Bessie and Annie Holland left us Monday noon, called home by the illness of their sister Miss Lizzie Holland of Chatham. We trust it is nothing serious, and that they will soon return to their many friends here, for their places in the circle of home girls cannot be filled. A number of their friends accompanied them to the station.

Miss Annie Dolan and some friends enjoyed a pleasant ride to Stroudwater some few evenings since.

Miss Julia Ryan spent part of Sunday with friends in Stroudwater, and enjoyed her visit very much. She intends visiting Boston in the near future. We hope she will have a good time for she deserves it.

We are pleased to know that Miss Fannie McGonigle is enjoying her well earned outing, and that she will soon return to her friends here.

We are very sorry that it is now too late to give you the details of the ball given by the Maine Central Railway. But as your N. B. readers will be some what interested, as some of N. B.'s fair daughters were in attendance, we can at least give you the names of these—Miss Annie O'Neil of Chelmsford, looked very pretty in pink silk, with black lace overdress white carnations and smylax. Miss Annie Dolan, of Nelson, looked elegant in a very becoming costume of blue silk and lace with steel trimmings; She wore white carnations. Miss Aggie Chambers, Chelmsford wore a very becoming costume of black silk henrietta and black and white silk, a bouquet of red carnations.

There is to be a concert given in the City Hall tomorrow night (St. Patrick's), by the children of St. Dominick's and Kavanah schools.

We are sorry we have not time to tell

your readers of the laughable incident which occurred at the Union Station, of the young lady and the satchel, but it would take more time than we have at our disposal now. Suffice it to say that the young lady came out all right though we have not seen her yet. The satchel "walked off."

## Restored to Health.

DEAR SIRS,—For years I was troubled with indigestion, but being induced to try B. B. B. I did so and find myself quiet restored to health. HOWARD SULLIVAN, Mgr. Sullivan Farm, Dunbar, Ont.

## Bass River.

MARCH 17.—Times are exceedingly dull in Bass River. The heavy thaw which we have just had, has made the roads very bad and travelling is difficult.

Quite a number of the people around here have lately left us. Mrs. James Stewart took her departure a few days ago for the state of Maine. We expect some of the young men home from New Hampshire soon and then, no doubt, times will be gay.

Mrs. John Farrer of this place is over eighty years of age. She is however, vigorous and healthy, and is able to do as much work as many of our young women. This winter she has knit 40 pairs of socks besides doing other work.

In some places the roads are in a very bad condition. Two of our young men got stuck in the mud a few nights ago, and were unable to pull themselves out till help arrived.

What has become of Tom? We have not seen anything of him for a long time. Perhaps he has other fish to fry.

## XERXES.

## Beware of Cholera.

The healthy body throws off the germs of cholera therefore wisdom counsels the use of Burdock Blood Bitters this spring to purify the blood, regulate the system, and fortify the body against cholera or other epidemics.

## Kingston.

MARCH 20.—Sarah Bowser, daughter of Mr. Wm. Bowser, passed away last Tuesday after an illness of some weeks. The funeral which took place Friday was very largely attended. The pall-bearers were Messrs. Hugh Jardine, John McKay, Wm. Dickinson, Fred Doherty, John Walker and Alfred Bowser. Rev. Wm. Hamilton conducted the funeral services. Much sympathy is felt for the bereaved family.

Mr. Thomas Sherard, of Point du Chene, spent a few days in Kingston last week.

The basket social in the Temperance Hall here last Friday evening, was a decided success. A committee of ladies viz: Mrs. D'Olliqui, Mrs. Geo. Jardine, Mrs. H. M. Ferguson, Mrs. T. G. Dickinson, Mrs. E. Hutchinson Miss Chrystal and Miss Gifford took the matter in hand and the success of the evening is almost entirely owing to their efforts. The hall was crowded at eight o'clock. Councillor H. M. Ferguson was called to the platform and in a few words explained that the object of the entertainment was to provide funds for the erection of a new public hall. The baskets were then offered at auction. Bidding was active, and good prices were given—the basket of Miss Maud Doherty bringing the highest. A refreshment table loaded with ice-cream, confectionery, fruits etc., was also provided. The proceeds of the evening amounted to \$90.25. This with the amount already raised by private subscriptions, will go far towards building the new hall.

Messrs. Thibideau, of Moncton, and Pascal Herbert, of Memramouc, arrived here this afternoon with their horses to attend the races to-morrow. A great day is expected.

## A Cure for Croup.

Croup kills thousands where cholera kills tens. For this dread disease no remedy can compare in curative power with Haggard's Yellow Oil. It loosens the phlegm, gives prompt relief, and soon completely cures the most violent attack.

The joints and muscles are so lubricated by Hood's Sarsaparilla that all rheumatism and stiffness soon disappear. Try it.

## MARITIME W. C. T. U. LEAFLET.

## Why Should I Belong to the W. C. T. U.?

Why? Because the sympathy of every Christian woman is needed in a work having for its object the protection of the home. Why? Because in union there is strength. In union there is power. The most delicate threads when sufficiently multiplied will form the strongest cable. Forces when acting singly, says Salter, are utterly impotent, but are, when acting in combination, resistless in their energies, mighty in power. This truth has been established by the forces of the W. C. T. U., the largest organization of women in existence. A society beneficent in purpose, and blessed by God from its commencement. The Women's Christian Temperance Union was born of prayer and has been based upon Christianity.

"Make a chain saith the Lord, for the land is full of bloody crimes and the city is full of violence." The W. C. T. U. is a woman's chain that is fast encircling the land. Every Union organized is an added link and every member gives additional strength to the chain. By co-operation many things are possible that single individuals cannot bring about, and by it women are being helped socially and intellectually. The women's chain is for the protection of the home, of society, and of all humanity. "For God and home and every land." Why should I belong to the W. C. T. U.? Because you are a woman, and to you is entrusted the moulding of the men and women of the future. The home is women's kingdom, and the Christian Temperance work must begin in the home. Society is composed of households, and woman resigns in the household. She must therefore mould society. If woman forms society she must aid in reforming society. To do this individual effort is not sufficient. Organization is most effectual. "Every wise woman buildeth her house, but the foolish plucketh it down with her hands." Not only does the wise woman build her house for the present, but for the future. It is not enough to build our own walls, but we must look to the walls of our neighbor.

"Think not the Lord will spare thy child, If thou hast seen the wolves go by, Nor warned thy neighbor's son, beguiled To pitfalls, where he sure must die For want of help."

Every white ribbon woman must realize that she is in a measure her "brother's keeper." Why should I belong? Because the Christian Temperance work is largely preventive work. It has been truly said that "Tears for the drunken son do not mould the future of a man like training him when a child. The faithfulness of a drunkard's wife does not help society like the resolution of a maiden to ask purity for purity." The method of the W. C. T. U. is to teach the equal standard of purity for both sexes. To instruct the boys, showing them that there is not one code of morals for them and another for their sisters. That the blessing of the "pure in heart" is for both, and that all sin is equally sinful in God's sight. Mothers, above every other class should belong. The eyes that daily look into yours with such love and childish confidence may soon be dazzled with the serpent-like glitter of the saloon. Somebody's sons must help to keep up the ranks of the great army of drunkards. Must it be your sweet boy? He must suffer like temptation with all who have yielded to the soul destroying drink? One mother we are told "watched day and night, and day over the bodies of her dead sons, lest the dews of Heaven should fall upon them, or the birds of prey devour them." White ribbon women watch day and night, night and day against those who are ready to prey upon their living sons. Christian Temperance Union means comradeship. Women who have previously led solitary lives, whose home duties prevent them mingling in society, can here find the kinship of kindred souls that every woman craves. One hour in each week where "friend holds fellowship with friend," will help a woman to bear more patiently the daily friction of every woman.

## AWFUL HEADACHES.

2 YEARS OF SUFFERING.

## LIFE A TORTURE.

*Kindrick Outhouse, of Toronto, N. S., says: For several years I suffered from severe attacks of biliousness, which came on periodically, about every ten days. I had awful headaches and the smell of anything cooking turned me sick. I became weak and nervous, and had no ambition or strength to work. I passed many sleepless nights, and for days could not retain food on my stomach. I suffered intensely with piles and hemorrhoids, and my life was a constant torture to me. I became so weak that my friends gave up all hopes of my recovery. My brother brought me a bottle of*

**HAWKER'S NERVE AND STOMACH TONIC, and a box of HAWKER'S LIVER PILLS.**

I had not taken them long before I commenced to improve and in a short time I was completely cured. I grew strong and vigorous, my appetite returned, I slept well and in a few months had gained 30 pounds in weight. I have not suffered from piles or biliousness since, now 2 years, and am as strong and hearty as any man could wish to be. I firmly believe that

man. The little knot of white ribbon is the token of kinship. A talisman of hope and pledge of sisterly love. If your talents now lie hidden, rolled away in the napkin of reserve and fastened with the tie of timidity, in the W. C. T. U. they will expand, be freed from rust, and kept bright by constant use in the service where "we wage our peaceful war." Come and help us to "make a chain against the bloody crimes that are in our land" through the curse of strong drink.

"The Master is come and calleth for thee."

Had I heard aright? Was the call for me?

Was it I who was wanted? I listened again.

And my heart incredulous filled with pain

That was keen and bitter and hard to bear.

No doubt there are others waiting there.

To answer the summons—the good, the strong

And those who have served the Master long—

Yet it seemed that to me the message came,

For coupled with it I heard my name,

"The Master is come and calleth for thee."

I felt at last that the call was for me,

And timidly answered the darkness through,

"Lord, what wilt thou that I should do."

This is the question for every woman to ask when she asks, Why should I belong to the W. C. T. U.?

## Harcourt.

MARCH 21st, 1890.—Several trains of emigrants have passed through here of late en route for Manitoba and the Northwest. They are chiefly Scandinavians, and a fine looking lot.

Rev. G. M. Young, of Centenary Church, St. John, N. B., passed through here on his way home to visit his mother, who is dangerously ill.

There is still a good deal of sickness in this neighborhood, and the doctor is kept constantly on the move.

Most of the men who have been working in the lumber woods this winter have returned to their homes. Mr. Andrew Lipsett who has operated on the Canaan stream has done a fine winter's work. The lumber is very fine quality of pine, some sticks scaling over a thousand feet. It is wonderful how this growth of logs has been preserved so long. Mr. Lipsett expects it will take two years yet to clean the ground.
