This has been one of the coldest and roughest winters that has ever been known in this country, the thermometer registering from 52 to 62 degrees below zero for the last two weeks.

Wolves are very thick in this country. Your correspondent was working on the river the other day, when suddenly he heard a fierce howl, and, on looking up, he saw two large timber wolves gazing down on him.

Deer, also, are very plentiful. Our boss, A. Dixon, shot eight this winter, some of them being very large.

Four Persons Burned To Death. One of the saddest events that has occurred in this country since the Miramichi fire, was that which took place on Monday night, 6th inst., by which James Flynn, a well known farmer and lumberer, of Upper Bay du Vin, his wife and infant child, also an adopted girl aged 6 years, daughter of Mr. Anthony Daley, perished with a burning house.

Mr. Flynn had a lumber camp some four miles up river from his house. His two eldest boys were up in the woods, with the other men of the crew. Mr. Flynn generally came down to his home Saturday evenings and remained home for a day or two, to procure wood, etc., and to see that his little family were comfortable.

Mr. McGraw broke in the bed-room window, but could not get in. He reached in his arm and caught Mr. Flynn by the arm and called him.
