## LOOKING FOR MANUFACTURERS.

### The Success That Attended Three Months Business of a New Concern.

A chosen committee of shrewd business men of the St. John board of Trade, met a few days ago to consider in what way the City could induce more manufacturing; to talk over the possibilities of their town for manufactures, and to make known its advantages.

This is one of the signs that the people of St. John are alive and seeking to increase its business and manufacturing output. Another sign is the success that some of the later manufacturers are meeting with. This is notably the case with the Hawker Medicine Company, which has just completed its first quarter of business. Last fall we saw the formation of this company which includes among its stockholders gentlemen who have been foremost in the business world of the province, who have not been afraid to be enterprising and to operate extensively, fearlessly and confidently when they did enter upon an undertaking.

This is the spirit with which these men took hold of the Hawker remedies, and the push and ability shown by the directorate and management since the first of January has been such that at the end of March the showing was such as to surprise even the most sanguine directors. When it is stated that the sales were so large that one quarter of their value paid their entire newspaper advertising, which appeared in seventy-five newspapers in the maritime provinces, then some idea can be formed of the popularity of the goods.

Much of this is due to good advertising, to practical travellers and to energetic management; but all this would have been in vain, had not the Remedies themselves possessed the true secret of popularity—they are what they are represented to be.

### The Best Remedy.

DEAR SIR,—I was greatly troubled with weakness, loss of appetite, restlessness and sleeplessness, and found B. B. B. the most strengthening and beneficial medicine I have taken.

MISS HEASLIP,

### Nervous Headache.

The ordinary nervous headache will be greatly relieved, and in many cases entirely cured, by removing the waist of one's dress, knotting the hair high up on the head out of the way, and while leaning over a basin, placing a sponge soaked in water as hot as it can be borne on the back of the neck. Repeat this many times, also applying the sponge behind the ears, and the strained muscles and nerves that have caused so much misery will be felt to relax and smooth themselves out deliciously, and very frequently the pain promptly vanishes in consequence. Every woman knows the aching face and neck generally brought home from a hard day's shopping, or from a long round of calls and afternoon teas. She regards with intense dissatisfaction the heavy lines drawn around her eyes and mouth by the long strain on her facial muscles, and when she must carry that worn countenance to some dinner party or evening's amusement, it robs her of all the pleasure to be had in it.

Cosmetics are not the cure, nor bromides, nor the many nerve sedatives to be had at the drug shop. Use the sponge and hot water again, bathing the face in water as hot as it can possibly be borne; apply the sponge over and over again to the temples, throat and behind the ears, where most of the nerves and muscles of the head center, and then bathe the face in water running cold from the faucet. Color and smoothness of outline come back to the face, an astonishing freshness and comfort is the result, and if a nap of ten minutes can follow, all fatigue will vanish.

The same remedy is invaluable for sunburn, and the worst cases of this latter affliction of sensitive skins will succumb to the hot water treatment. The cold douche should not be followed in this case; instead, a light application of vaseline or cold cream, which prevents peeling of the skin as the hot water prevented inflammation. Nothing so good for tired eyes has yet been discovered as bathing them in hot water; and neuralgia in nine cases out of ten will yield to applications of cloths wrung out in hot water in which the hand cannot be borne.—Harper's Bazar.

## PROVINCIAL EXHIBITION.

To be Held at Fredericton in September.

It was decided by Agricultural society, District No. 34, that although their past two exhibitions have been fairly successful, yet on account of being strictly confined to the products of the farm, they did not allow for the manufacturing enterprise which is beginning to manifest itself throughout the province. They have concluded to hold an exhibition in September next, on the 19th, 20th and 21st, which will include, besides all products of the farm, everything in the line of manufactured goods. Ample space will be put at the disposal of all firms or individuals to display their or his specialties and there can be no doubt but that the show will be a most successful one. September has been chosen as the best month because the city is then in its fullest beauty and the weather is warm and delightful. Cheap rates will be given on all steamboats and railway lines, and at that season of the year the trip from St. John by the river boats, will be very pleasant. All possible will be done by Fredericton citizens to aid the society in the project, and visitors may be assured of a good show and the best attendance. Those intending to exhibit, or requiring any particulars, should address A. S. Murray, Secretary, Fredericton.

### Free Trip to Chicago.

Separate W-O-R-L-D-S-F-A-I-R and use the letters to spell as many words as you can by using the letters as many times as you wish, either backwards or forwards, but not use the same letter in making any one word more times than it appears in "World's Fair."

It is said seventy-five small English words can be spelled correctly from the ten letters contained in "World's Fair." Example:—Wad, waif, soar, idol, etc. If you are good at word-making you can secure a FREE trip to the World's Fair and return, as The Scott Seed Company will pay all expenses, including R. R. fare, hotel bills, admissions to the Columbian Exposition, and \$50.00 in cash for incidental expenses, to the first person able to make seventy words from the letters contained in "World's Fair," as above. They will also give a FREE TRIP to the World's Fair and return with \$25.00 for incidental expenses, to the first person sending sixty words as above. They will also give a FREE TRIP to the World's Fair and return (without cash for incidental expenses) to the first person sending fifty-five words.

To the first person sending fifty words will be given \$50.00 in cash towards paying expenses to the World's Fair; to the first sending forty words will be given \$25.00 in cash towards paying expenses to the World's Fair; to each of the first five persons sending thirty-five words will be given \$10.00 in cash, and to each of the first ten sending thirty words will be given \$5.00 in cash.

Only one prize will be awarded to the same person. Write your name on list of words (numbered) and enclose the same postpaid with ten three-cent stamps for a large package of our Choice English Cottage Garden Flower Seeds.

This combination includes the latest and most popular English flowers of endless varieties (same as will be contained in the elaborate exhibit of English flowers at the World's Fair.)

This "World's Fair" Contest will be carefully and conscientiously conducted solely for the purpose of introducing our business. You will receive the BIGGEST value in flower seeds ever offered, and if you are able to make a good list of words and answer promptly you will have a first-class opportunity to secure a free trip from your home to Chicago and return.

We are spending a large amount of money to start our trade this season, and want your trial order. You will be more than gratified with the result. Send today, and address

THE SCOTT SEED COMPANY,  
Toronto, Canada.

### A Tale of the Sea.

LOS ANGELES, Cal April 5.—The steamer Los Angeles from San Francisco, arrived at Redondo today, having on board Captain William Drummond and three of the crew of the ship King James, previously reported abandoned and on fire about 250 miles off Point Conception, where the first mate and sixteen men landed. The captain and his companions were picked up off Hueneme this morning. Their boat when they left the burning vessel on March 30th, contained sixteen men. The next day the boat capsized and four men were drowned. The captain and his boy and the remainder of the crew climbed upon the keel of the boat and righted her. The boat was full of water. They remained to their waists in water fourteen hours, when eight men, including the captain's son, exhausted and chilled, expired. When picked up the men had been five days without food or water. They were so weak they were unable to stand.
