Coal Branch Station.

For the past few months business has been very dull around here. The lumbering operations have been comparatively small in this vicinity, and quite a number of our young men unable to get employment here have gone to the United States for the winter.

Mr. David Lawson, of Main River, is putting up near the station a store and dwelling house combined, and purposes doing a general trading business in the spring. Mr. Lawson is an enterprising young man, and we wish him success in his laudable undertaking.

It is reported that the seam of coal which was found near the north fork of Coal Branch stream some years ago is to be at last opened up. It is understood that a number of our enterprising business men have taken it in hand, and intend commencing operations soon and it is to be hoped they will meet with better success than the "Weldford Mining Co. Ltd."

Mr. John Stevenson, crown land surveyor, paid us a visit last week. His many friends were pleased to see him.

One day last week a very select party taking advantage of the good condition of the roads drove to Mill Branch and returned by moonlight all having enjoyed the drive very much. Albert says he did anyway.

Mr. Albert Kenney, who for the past few years has been residing in Boston, is here visiting friends. He speaks very highly of the States, and purposes returning Monday. We are sorry to hear Mr. Kenney intends leaving so soon. Considering the interest he is taking in school matters we thought he would remain a little longer.

There has been several parties in this vicinity this winter, and the young folks seem to be enjoying themselves very much.

The last party was held at Mr. Howard's. The music was furnished by White's orchestra. The party broke up at an early hour, all having spent a very pleasant evening. The young ladies are anxiously looking forward to another party soon as the lumber season is over.

A petition is being circulated to have the express trains stop at this station, and we understand the petition is to be forwarded to our M. P. We hope that Mr. McInerney will do all he can to have this brought about as it will be a great convenience to the people of this place.

A Cure For Headache.

Headache arises from constipation, bad blood, dyspepsia or liver complaint. As B. B. B. cures all these complaints it is naturally the most successful headache cure existing. Once the cause is removed the headache vanishes.

Kouchibouguac.

FEB. 27.—On Thursday afternoon, one of our best known inhabitants passed away in the person of Councillor Edward Betts, lumber merchant. Mr. Betts had been attending to business until lately he was confined to the house. Deceased was a well known personage for miles around, principally on account of his ability as a mechanic. He has resided at Black River for over thirty years. Charitable and kind to all, he often studied the following lines:—

"With charity to all, for all are weak,
Our own way heed, the good of others seek."

Sophia Mitchell of Kingston, is the guest of Mr. and Mrs. Cliff Atkinson. Sophie does not intend to go home for a fortnight.

Cyril Babineau, caught a cub bear at Baldwin's camp, South Fork Kouchibouguac last Monday. He sold the hide for \$10.00. Mr. White of Weldford was the purchaser.

Mr. Harry Whalen, chopped a pine log in Kouchibouguac on Thursday last which turned out 19 logs, averaging 14 feet in length.

Mrs. Wm. Kennedy, was kept busy visiting friends the latter part of last week. She did not finish until Saturday night. She is the guest of Mrs. Allan McEachern.

Moulins River Notes.

We are never going to believe the weather Indian again; for when the cold snap that lasted two months was over he came up and said: "Sartin missus, me know all about weather: no more big heaps of cold come no more; soon come good day, new sartin." Well, here it is this week blowing, snowing and freezing—like, well—you know what the men say; but, of course, I can't—such roads and such weather.

We have again seen some of our neighbors leave us for Uncle Sam's farm. The Misses O'Marr have gone to Salem, Mass. They were such universal favorites that their going was felt as a loss by the young people especially. We hope to see them back again next summer. Love is a strong motive power. Talk about your steam engines, electric dynamos; a little bit of love in the left corner of his heart sent Joseph X. on a sixty mile walk through these bad roads. Joseph says he was not at all tired; but he looked less lively than usual. Was it the sixty miles or the love, Joseph?

A gentleman who never was upset and would like to see the horse that could get away from him was seen carrying a buffalo robe on one arm and a whip and a wrap on the other, widely pursuing a team, minus a driver. Of course he was not upset; he was never upset.

No bass in the river. No excuse for the boys out after ten. Oh my! how strict we all have got this year.

Moulins River school has a large attendance. Is it brotherly kindness, or some warmer feeling that causes so many sleighs on hand when school is out to take teacher and pupils home?

Geo. E. Warman threshed over 12000 bushels of grain this fall.

Rev. Henry Warman and wife have gone to Red Lodge, Montana. Mr. Warman has a love for the work which will surmount all ordinary difficulties. His amiable partner will, no doubt, be a most valuable assistant. We wish them all happiness and success.

Dug says he will get there even if the fate of Tam O'Shanter's nag be that of his colt. We are afraid that Dug is in more danger of being bewitched than his colt. Beware Douglas.

This, though a cold winter, has been a very healthy one: there has been no sickness of any account so far. We are all talking Manitoba and the Northwest. We girls are all going out there and of course the boys will follow, if what your article on the subject be true. Where is C. C. C. and the Manitoba man? Why did they not give us a lecture? Is C. C. C. going to disappoint us all as he did at Bass River social, and not come at all? Come and we will all go to hear you, and say:

Though other skies may be as bright, and other scenes as fair,
Though charms of other lands invite my wandering footsteps there;
Yet there is one, the peer of all beneath bright Heaven's dome,
Whose praise we sing: Oh happy land, our own Canadian home!

CALAMITY.

Rebecca Wilkinson, of Brownsvalley, Ind., says: "I had been in a distressed condition for three years from Nervousness, Weakness of the Stomach, Dyspepsia and Indigestion until my health was gone. I bought one bottle of South American Nerve, which did me more good than any \$50 worth of doctoring I ever did in my life. I would advise every weakly person to use this valuable and lovely remedy; I consider it the greatest medicine in the world." A trial bottle will convince you. For sale by W. W. Short, druggist.

Bass River.
FEB. 24th.—While James Marsh, Sr., was working on his landing of logs a few days ago, the logs rolled upon him and pinioned him between them in such a manner that he could not move. He was in this predicament about three hours, when one of his men hearing his calls went to his assistance. Fortunately no bones were broken, and he is again able to be around.

Among the events of the season was a molasses candy pull at Geo. Brown's. Jos. Reid, of Mill Branch, was one of the guests. All spent an enjoyable evening. Some of the fair sex have styled Mr. Brown a helpless bachelor; but we expect to see the announcement of his wedding in THE REVIEW before long.

We had a week of fine skating; but owing to the heavy fall of snow, we find it very lonesome now without a friendly arm in ours, to go gliding over the broad sheets of ice.

James Hanson, Sr., has been working in Tracadie for the last four months. We are pleased to see his pleasant face among us once more.

Miss Mabel Sullivan has been summoned home from boarding school, on account of the illness of her mother, Mrs. Sullivan. MINK EYE.

HAWKER'S LIVER PILLS cure all stomach ills. They assist digestion, regulate the bowels and liver, tone the stomach and purify the blood.

Black Point Notes.
FEB. 27th.—The weather for the past few days has been very stormy, and roads almost impassable.

Miss Janie Dickie, who has been ill with diphtheria, is rapidly improving under the skillful treatment of Dr. J. W. Beggs, of Dalhousie.

Mr. P. Deveraux, who has been in the Hotel Dieu Hospital, Campbellton, has returned home. His many friends are pleased to see him back, and hope soon to see him restored to health.

Miss Minnie Cook is at present visiting friends in Jacquet River.

Hope the young men enjoyed their six mile walk on the morning of the 25th. ST. CLAIR.

LYNN, MASS.
DEAR EDITOR:—I have just been looking over the home news, for THE REVIEW is very welcome to me although I am in the United States. My dear Canadian home is the sweetest spot on earth to me and I will end my days there, if it is left to my own free will. I have read the report of oyster expert, Kemp, and I do not agree with him that the mud diggers are destroying the oyster beds. Ten years ago I dug mud on Hughes oyster bed, and at that time there was no other bed near it and at the present time, 1893, it is all oysters from Hughes to Abram Dickinson's. This, I have no hesitation in saying, was caused by the oyster brood floating from the shovel when coming from the bottom; which goes to show that the diggers are a help, rather than a destruction to the oyster fisheries. Wishing to bring this to the notice of the public, I take the opportunity through your valuable paper. Thanking you for the space, I remain,
KENT COUNTY BOY.

Mr. T. M. Burns has gone to St. John on business.

We note with regret this week, the illness of Dr. W. P. Bishop, and trust he will soon be up and around as usual.

Mrs. C. H. Cowperthwaite's many friends are delighted to see her once more in Bathurst, but regret that her stay is to be a short one.

Mr. J. J. McGaffigan was in town last week.

Rev. A. F. Thompson and Rev. J. Seller have returned from Fredericton.

Theophilus DesBrisay Esq., is still confined to his house through illness.

The large store belonging to Mr. Angus McLean, on Water street is almost completed and the ladies are all anxiety to see it opened. It is whispered that Mr. McLean's spring stock will contain some beautiful articles in fancy and dry goods.

Mr. R. H. L. Young the junior member of the firm of R. Young & Son Caraque, spent Sunday in town.

The Misses Ferguson of Tracadie, spent Sunday in Bathurst, leaving by train next day on a visit to Montreal and Toronto.

Little Eddy Keary, son of the popular proprietor of the Keary House, narrowly escaped meeting a serious accident Wednesday. In attempting to slide down the stair banister he lost his balance and fell about fifteen feet to the floor beneath. Fortunately he escaped striking the stone floor just beneath and was picked up not much the worse of the fall.

Reports of the richness of the coal seam near Burnsville have created some excitement in this vicinity. The coal is of good quality, and the vein so far shows a thickness of about twenty inches. Two more shafts are to be sunk, and if they show an increased thickness a competent inspector will be sent to investigate and report.

Piles! Piles! Itching Piles.
SYMPTOMS:—Moisture; intense itching and stinging; most at night; worse by scratching. If allowed to continue tumors form, which often bleed and ulcerate, becoming very sore. SWAYNE'S OINTMENT stops the itching and bleeding, heals ulceration, and in most cases removes the tumors. At druggists, or by mail, for 50 cents. Dr. Swayne & Son, Philadelphia. Lyman Sons & Co., Montreal, wholesale agents.

Didn't Like the Weapons.
"I came very near having a duel once," said the congressman to a group of auditors.

"Tell us about it," said they as one man.
"When I was about thirty," he continued, "I hung out my shingle in a small town in a southern state, and, being from the north, I did not receive at first the agreeable recognition I expected. In fact, there was one blatherskite of a fellow who made himself so obnoxious, that one day I slapped his jaws. This brought all the respectable people to my side and I was feeling pretty good for three or four days, when the bottom was knocked out of it all by my receiving a challenge from Mr. Blatherskite. If there was anything more than another that I didn't want to do it was to fight, and I tried to get out of it

some way but couldn't, and finally accepted his challenge and chose double-barreled shotguns at ten paces. I don't know why I did, but I did, though I should have preferred popguns at a mile and a half. I didn't hear anything from my man for twenty-four hours, and then I had a personal call from him.

"I have come in," he said, after a few preliminary remarks, "to make a statement about this duel. What I've got to say is that shotguns are two dogged mortuary for me, and if you have no objections I'll apologize and call it square."

"Then I became very brave and blustered some, but I accepted the situation very gracefully at last, and ever after Mr. Blatherskite was most respectful and stood about as well in the town as he ever did."
