Councillor Richard said that he understood the government had already taken some steps in the matter. Councillor Smallwood pointed out that the grounds on which the refund was asked were entirely inadequate. The affidavit states Mr. LeBlanc had sold a portion of his real estate. If so he had the proceeds day in June. and was no worse off. He thought the door in matters of this kind had been opened a little too far yesterday, and that it was about time to shut down on this tax refund business.

Councillor Richard gives notice that he will at 10 o'clock to-morrow move that the amount payable for retail liquor licenses be \$50.00 and wholesale licenses \$75.00 after the present year.

Councillor Murphy thought this Council should deal with the present year and leave the Council of next year to act as it saw fit in this matter. There were too many applications, and something should be done to shut down on them.

Councillor Johnson thought it would be unfair to raise the amount this year, when applications had already been put in on the understanding that the amount was the same as in the past.

Councillors McKee, Ferguson and Mc-Almon were against raising the amounts

Moved by Councillor McAlmon, and

seconded by Councillor Curran, That George Johnson, of Dundas, be granted a tavern license for the ensuing year.

Councillor Gesner stated that he had been asked by several residents of the vicinity where the license was asked for to oppose the application. He was satisfied that a great many of the signatures to the petition were not those of genuine voters. This man had kept a bad house, he understood, last year on the other side of river and now he had moved across. He did not think the people of the vicinity wanted the house licensed, and he would vote against the granting of a license.
