New Brandon.

Gloucester Division, No 284 S. of T. is new in a very prosperous condition. It has withstood some severe trials and many heavy losses. When it was first organized, the saloon keepers began to feel its strength and determined to wipe it out. The hall in which the meetings were held was broken into and the contents totally destroyed. The building was repaired by the members and again it was broken into. Outrages of this kind were repeatedly resorted to, but the members stood true to the organization. Some of them were even assaulted on their way home from these meetings and no steps were taken to punish the offenders. Notwithstanding all this, the cause of temperance continued to make headway, and one by one the bar-rooms around here were closed until today there is not a rum-shop in our midst. A fine hall has been secured, our membership is large, and many pleasant and instructive meetings are held. We are fast preparing for prohibition which we think is not far off. The organization is now, and will continue to be a powerful factor for good.

One of our young men attempted to drive a couple of young ladies home a few evenings ago. It happened that the animal he drove was young and apparently not well guided, for while the driver was showing off the trotting qualities of the beast the sleigh came in collision with a team. Matters looked serious, but fortunately the occupants suffered no injuries.

Messrs. R. Parrott, and A. Hadnett, are engaged in the fur business. The former, has succeeded in capturing four fine foxes, the latter frightened one nearly to death. We wish them still further success.

Miss Emiline Hadnett has quite recovered from a serious illness.

Mr. Matthew Smith has started a creamery. It will be a great convenience to the place.

Owing to some disagreement, the new sleigh factory lately started has been closed. It has been doing a brisk business and was a great benefit to the place. It is to be hoped that the difficulties, whatever they may be, may be soon amicably adjusted and business resumed.

Our parish bailiff has lately arrayed himself in official garb. It is expected that other officials will follow his example before long.

JOHN F.

No other remedy cures sprains, bruises, cuts, wounds, chilblains, sore throat, rheumatism, etc., so promptly as Hagyard's Yellow Oil. It is an old standard remedy that has given perfect satisfaction for 30 years.

McNairn.

FEB. 23.—The last thaw caused the millers to hope; but alas! hope disappeared when the wind changed to the north and brought on a howling snow storm, which dried up the water in the ponds, blocked up the roads and almost stopped traffic. Thanks to our mail carrier, Mr. Hyslop, we have had no cause to complain of irregular mails and have thus been enabled to learn what is going on in the outer world.

The appointment of Mr. James Johnson as postmaster here has given very general satisfaction. Mr. McInerney could not have made a better selection.

Lumbermen are doing good work this season. Mr. Wm. McNairn is getting out a large quantity of the best quality of spruce logs, and Mr. A. Johnson is getting out his usual quantity of shingle wood. John is also doing a good stroke at the business.

William feels the scarcity of water very much. His mill is piled full of grain which he cannot grind. He says he must have steam, as he is determined that his mill shall rank second to none in the country.

Miss May McNairn was visiting Miss McEachern last week.

A certain young lady has taken her departure to Coatsville, on her way to Canaan leaving behind her only a broken heart and a locket.

We understand Johnnie and Daniel were to Bucouche, trying to get up a race with J. A. Irving and John Leger. Daniel is a competent driver, and if his horse does not lose a shoe, there will be hot times among the flyers at Bucouche.

Coal Branch Station.

The roads in this vicinity are in excellent condition, and for the past week the lumbermen have been busily engaged hauling pulp wood which is to be shipped by railway to the United States market. A large quantity of stave wood for the Moncton Sugar Refg. Co. is also being gotten out.

I understand that Mr. Wm. Cail, of this place purposes selling his farm and stock and going to Lynn, Mass., where he has secured a lucrative position.

Mr. Jos. Sainders went to Moncton last Wednesday on business.

Mr. Wm. Hudson returned from Coverdale on Saturday, where he has been lumbering for Mr. James McDonald. Mr. Hudson reports a good winter's work done.

Miss Gertie Calder of Moncton, was here last week visiting friends.

Mr. Richard Little, who for the past two months has been confined to his home on account of a beating hand, is able to be about again.

I notice by THE REVIEW that a trotting race is to take place at Bucouche on the 8th instant. I have no doubt that if some of our farmers had known this sooner they would have entered their trotters, and I believe Coal Branch would stand a good chance for first money. Mr. Michael Swift, of this place, is the owner of a handsome Black Warrior colt which gives promise of speed. Mr. James Spencer also owns a trotter, and I notice he drives along the settlement road quite often. I presume he is getting ready for a match with some one.

Mr. Enoch Steeves, of Birch Ridge, received twenty-five dollars last week for giving information which led to the capture of the outlaw "Jim."

In last week's notes the words "lumber season" should read "lenten season." The young people here do not object to dancing during the lumber season, but are strongly opposed to it during Lent.

New Mills Notes.

MARCH, 6th.—Rev. Mr. Murray, of Flat Lands, occupied the pulpit of the Presbyterian Church, here, Sunday. He preached a very powerful sermon, which was appreciated by all present.

Mrs. A. F. Chamberlain has been visiting her home here for the past week.

George W. Hoegg, of the firm of D. W. Hoegg & Co., paid us a visit on the 3rd. He expects to do a larger canning business than usual this coming summer.

Mr. Duncan Cook, paid a visit to Dalhousie on the 2nd, ult.

Miss Janie Dickie, who has been sick for some weeks, is now convalescent.

Regret to have to report that Mrs. John

Dickie, and Mrs. John Murchie, are still keeping very poorly, there is very little hope entertained for their recovery.

Miss Ellen Shea, is visiting her aunt, Mrs. P. H. Sheehan.

Invitations were extended to quite a number of our young men, to the dance at the home of John McCormack, Belle-dune. A. McCormack, Angus Miller, John McNeil, Duncan McNeil, and Samuel Langhlan, Jr., took advantage of the fine roads and attended. They cannot speak too highly of the evening spent at the home of Mr. McCormack.

There was a very pleasant dance at the residence of Charles McCormack on Feb. 24th. Most of the young folks were in attendance, and enjoyed a few hours tripping the light fantastic. Miss Flann was considered by all the belle of the ball.

Several parties have been, and are trying to load potatoes. Notwithstanding the good price offered for them, the farmers do not feel inclined to sell till warmer weather.

Miss Doyle, of Armstrong Brook, has taken charge of the Black Land School. DON JUAN.

Lower Bartibogue.

The month of February came in blustery and has continued so right through. However, we are in hopes that March may make a break in the long succession of cold and drifits.

The roads have been kept in pretty good condition; this being the chief highway between Tracadie, Tabusintac, and other points down the coast and Chatham. Hundreds of loads of smelts, etc., were hauled past here during the fishing season but now that season is closed there seems to be again a lull in trade.

The lumbermen have been blessed with a fine winter for hauling. The spool mill is doing good work and a large quantity of the squares are already at the landing ready for shipment in spring.

There have been numerous driving parties in at Oyster River for the purpose of viewing the lumbering and milling operations. The ladies have to thank Messrs. Aiton, Crocker and Dower for making it pleasant for them; not forgetting the cooks. Mr. LeBreton, Mr. Fraser's cook, is to be congratulated on his good cooking and hospitality. We hope soon to give you a more graphic description of Oyster River as we soon intend to make a trip there ourselves.

A gentleman here would like to secure the services of a dog whose health will permit of barking. If any of the readers of THE REVIEW should have one to part with, we should like to hear from them.

Mr. Alexander Murdoch of Oyster River spent Sunday in Black Brook. Sandy enjoys going home to see mother.

REV. J. T. CARR, PITTSFIELD, ME. Two Bottles Groder's Syrup Cured Him. LIVER and KIDNEYS. Badly Affected. FOOD WOULD SOUR IN 30 MINUTES AFTER EATING IT.

Gentlemen: Your DYSPEPSIA CURE is a valuable remedy. I have been afflicted with this painful disease for more than 12 YEARS. For 3 years I was unable to take but very little food. MY FOOD DISTRESSED ME and would SOUR IN 30 MINUTES after eating it. My stomach was weak, my LIVER and KIDNEYS BADLY AFFECTED. CONSTIPATION came on. I was very NERVOUS and could not SLEEP, and at last my courage gave out and I was unable to tend to my ministerial labors. 2 BOTTLES of your SYRUP has cured me. Such a remedy is invaluable in nearly every family. You are at liberty to make public this statement for the benefit of others affected in this way. Respectfully, J. T. CARR. THE GRODER DYSPEPSIA CURE COMPANY, Ltd. St. John, N.B.

Kingston.

MARCH 7th.—Mrs. McDonald has gone to New York for a few weeks.

Mr. O. Smith left on a business trip to Newfoundland.

Mr. A. Bowser has been added to the staff of clerks in the Merchant's Bank here.

The funeral of the late Nathaniel Hutchinson, was one of the largest seen here for some time, and shows the high degree of respect in which deceased was held by his neighbors. Rev. Wm. Hamilton officiated at the services. The pall-bearers were Messrs. Hazen Russ, James Jardine, Capt. J. Gordon, H. M. Ferguson, Richard English, and John Curran.

Kouchibouguac.

MARCH, 9th.—Mr. Suielan, representative for W. S. Loggie, arrived here on Monday from the north to get the ice house ready, and make the necessary preparations for the season.

Mr. Andrew Loggie passed through here on Thursday, en route to Chatham.

Rev. Mr. Hackett, the English church minister, called upon a number of his friends yesterday.

George the "Peeler," is hauling some nice logs. Last Saturday he visited the capital with his colt, and had his attention directed to a gentleman standing at the store door; before he could say "Jack Robinson," the colt shied. Fortunately he had plenty of friends, and willing hands soon put everything in order.

Tracadie News.

Moise Vienneau, one of the oldest inhabitants of this parish, died last week, at the advanced age of 96 years.

Chappell Bros. have commenced their sawing operations. It is said they have over 30,000 logs already out.

Cyrille Comeau is here occupied in furnishing the altar in our magnificent chapel. The work reflects much credit to Mr. C. and the altar ranks among the most attractive in the Dominion.

The log business has been fair this winter. The sleeper trade is quiet. As a whole, times are dull. Magistrates and constables, however, seem to have an increasing patronage.

Gilbert Caissie, a prosperous young farmer of this place had his house destroyed by fire last week. Nearly all his household effects besides some potatoes, oats, etc., were destroyed. No insurance.

A sad report reached here the other day to the effect that Beloni Daigle, had committed suicide by cutting his throat with a razor in Gilbertville, Me. His body arrived at this station on Monday. Daigle had shown symptoms of insanity for a few days previous to the day which terminated his career in this world. He leaves a wife and six children.

During the past two weeks three families, three heads of families, and a number of single persons left here for Uncle Sam's Domain. Several of them ran away by night without paying their bills, amounting in the vicinity of \$1,500. One of the exodians owed at least \$1,000. He joined the club of the "Chiens de Chasse," last Sept. "Birds of a feather flock together." More will follow. Great patriots! Bad training has its effect!

A constable, who resides in Pleasant Ridge, went to Barnaby River the other day to serve an execution on a delinquent rate-payer of this parish, who now resides at Barnaby. Our gallant officer was received with all the courtesy that could be shown a friend. A good bed was given him during the night, and in the morning his coat pockets were minus the execution. The constable returned home without the honor of having a companion. DELTA.
