WILL REBUILD THE WHARF.—It is understood that the Dominion government will in a few weeks begin to repair the public wharf at Buctouche injured by fire last September.

MATCH RACE FOR \$25.00.—In addition to the race between "Honest Bob" and "Billy Wallace" in Kent Driving Park on May 24th, there will be a match race between "Lulu Allright," owned by Geo. W. Robertson, of Richibucto, and the well-known trotting horse "Jack Shipalong," owned by William Beattie, of Kingston, for a purse of twenty-five dollars a side.

FLOUR AND CARDING MILLS.—Rev. Fr. Michaud is making preparations to put up a steam flour mill and carding mill in connection with the creamery which has been begun near the old lime kiln in Buctouche. It is said that the engine has already been ordered and that part of the machinery is now on the way.

ST. JOHN BUSINESS COLLEGE.—The St. John Business College had a very large attendance during the winter term. A significant feature was the number of ladies pursuing the various courses of study, an average daily attendance of forty ladies being maintained throughout the term.

ON REVIEW.—The case of L. W. McAnn, plaintiff, and Cyrille L. Allain, defendant, a review from Gordon Livingston's civil court at Harcourt, was heard by Judge Laundry at chambers Friday. The judge made an order setting aside the judgment signed for the plaintiff before the justice and directing a nonsuit to be entered without costs of review on the ground that justice should have adjourned cause for the absence of a necessary and material witness for defendant, an affidavit of that fact having been filed with justice at the trial on the application for postponement.

DEATH OF MR. THOMAS M. GOGAIN.—The Moniteur Acadien, of Shediac, announces the death of Mr. Thomas M. Gogain, which took place at Spring Hill, Nova Scotia, on the 1st instant. Mr. Gogain was a native of Cocagne, and represented the parish of Dundas in the County Council for a number of years. About six years ago he removed to Spring Hill where he resided till his death. His remains were brought to Cocagne for burial. He leaves surviving him a wife and four children. Mr. Gogain during the period of his service in the Council made many friends in this part of the county who will hear with regret of his early death.

KENT COUNTY BRIDGES.—The Times says that Mr. Alfred Hains, local government bridge inspector was at the Commercial Hotel, Moncton, on Saturday on his way to Kent County to have the Birch Island bridge raised. It would be well for Mr. Hains while he is in the county to have a look at the Mill Creek bridge, and have some steps taken to at once put it in condition to allow teams to cross over. This bridge as we remarked last week was taken down by the direction of the government nearly three months ago, and has been allowed to remain down ever since, though it would take only a few days to put it up. There seems to be no excuse whatever for the delay. Mr. Hains might also, while he is in the county visit the parish of Weldford, and inspect the bridge over the Main Richibucto river at Brown's Yard reported to be impassable, and also the bridge across the river at Anthony Call's in about the same condition.

BUCTOUCHE BUILDING UP.—A number of new buildings have been commenced at Buctouche, and it is probable that before fall the town will be completely rebuilt, with a finer and more substantial class of buildings than those destroyed by the fire last year. The following have already begun operations, or will begin in a few days:—

- Vital D. Bourque, shoemaker's shop, and dwelling.
Clovis Chase, hotel and dwelling.
Miss Rose Burk, store and dwelling.
Isaac Trenholm, hotel extension.
John O'Leary, store and dwelling.
B. H. Foley, post-office, store and dwelling.
A. Grattan, store and dwelling.
Geo. E. Irving, hotel.
John Walker, dwelling.
P. H. Theriault, hotel.
A number of others contemplate building or making improvements. C. Burk, has completed one of the largest buildings in Buctouche. He intends using it as a hotel, and putting up a store on the old site across the street from his house. E. J. LeBlanc, has also about completed a very large building to be used as a store and dwelling. A. D. Cornier is rebuilding his wharf.

KINGSTONE.

The registered horse 'Kingstone,' having a combination of the Hambletonian trotting blood and thorough-bred running blood, will be held at the subscriber's stables during the month of May for the service of a few choice mares, at the fee of \$4.00 for single service, \$8.00 for the season, and \$13.50 to insure. Payment for single service made at the time of payment for the season at the end of July, and payment for insurance nine months after date of last service, proof of non-conception assumed by owner of mare at time of service.

During June and July 'Kingstone' will travel in some part or parts of the county where he appears to be most appreciated. As 'Kingstone's' sire, 'Rysdyk,' now 28 years old, is held at the present time at the fee of \$100.00 for the season, it must be self evident that his son 'Kingstone' at the figure here advertised is very reasonable indeed.
