Kingston.

JULY, 4.—Quite a number of people at-
tended the concert in St. Louis, on Mon-
day evening.

Fires in the woods around here have
done considerable damage. A fire in
Galloway last Friday destroyed a fine
field of hay belonging to Alex. Girvan, Jr.

A heavy frost last Wednesday night
destroyed gardens, potatoes, and buck-
wheat up along the river.

Capt. Gus. Fraser left on Saturday
morning in charge of the new schooner
Racburn, built at Jardineville by McLean
brothers. He carried a load of boards and
scantling, for St. John's, Nfld.

The schooner Annie S., left last week
with a load of gasperaux, for Halifax.
She will return for a second load.

Mrs. James Russ and daughter, are
visiting Mrs. Hazen Russ.

Mr. and Mrs. A. Dennis, are visiting
here.

Miss Ella McAlmon, and Mrs. Mc-
Donald, went to Moncton for Dominion
day.

Mr. and Mrs. Oakes of Wolfville, are
visiting here.

Mrs. Geo. Irving has gone to Dalhousie
to visit her friends.

Miss Lizzie Fraser came home on
Saturday. Miss Grace Orr is also home
from St. John.

The meeting of ladies to start the work
of building the new hall here was not
very well attended. Two government and
two opposition and as yet nothing further
has been decided on.

George is going to St. John just for a
rest. He is tired of too much attention.
He will likely begin a new leaf or a page.

Acadiaville Notes.

June 30th.—Rev. Father Richard of
Rogersville, and Father Babineau of Trac-
adie, passed through here on Tuesday last
on a visit to St. Louis. They returned
to Rogersville on Thursday.

Several of our families have left here
for the States since last spring. On Mon-
day last four left to join their old friends.

Mr. S. Barriau, our esteemed post-
master has purchased a new farm from
one of the departed families. Mr. Barri-
au, through his industry and great energy
has so prospered that he is now regarded
as the model farmer of our parish.

Mr. A. Pineau, our popular young mer-
chant has added a new barn to his old one.
The building is 40 ft. by 27.

Mr. D. Roache's buildings came near
burning last week. Sparks from bush

fires set fire. With the help of his kind
neighbors it was put out before causing
much damage.

The potato bugs have again made their
appearance and they seem to offer plenty
of work to our farmers.

A heavy frost greatly surprised our
people with an early visit Wednesday
morning. It has also caused much dam-
age in some parts, especially to our
gardens.

School examinations have been held
these last days and the teachers are leav-
ing for their homes to-morrow. We are
happy to know that they are all coming
back to take charge of the same schools
next term.

STALLION
GOLDLEAF.

The Stallion Goldleaf will stand in
Richibucto and Kingston during the first
part of the season, viz:—In Richibucto on
Friday and Saturday of each week, in St.
Louis on Mondays and Tuesdays, and in
Buctouche on Wednesdays and Thursdays,
for the service of mares at the fee of \$5.00
for single service, and \$8.00 for the season.
Goldleaf is the son of Rydyk, 653, Sir
of Clingstone, 2.14, Victor, 2.21, Geo. M.
Rysdyk, 2.25, Maud A., 2.26, Bertrac,
2.27, Dan, Oakleaf, by Sunshine, (thor-
oughbred.) He is bay in color, with two
hind ankles white. He stands 16 hands
high and weighs 1100 pounds. He is per-
fectly sound, and has an excellent set of
feet and legs, with plenty of bone and sub-
stance, good back and loin, well muscled
and springy ribbed, splendid head and
neck, well put on, oblique shoulders, and
deep chest, and a fine main and tail. His
finest style and action are perfect, and
though never handled for speed, he shows
a natural and frictionless gait, and will go
fast if developed. He can now show a
2.40 clip. He has good stifle action, and
opens up wide when he moves.

Goldleaf is bred for speed, his veins be-
ing rich in the famous Hambletonian blood
flanked by the very best strains of import-
ed thoroughbred. He took first prize at
the Sackville, N. B., Exhibition in 1886
and 1888. (He was not shown in 1887.)
He is 12 years old on June 20th, 1892, and
for so young a horse is a remarkably suc-
cessful one.

Goldleaf's colts are claiming attention
wherever shown, and carry off honors in
the face of the weightiest competition.
Mr. H. A. Whitney, Mechanical Superin-
tendent of the Intercolonial Railway,
Moncton, has two fillies sired by Goldleaf,
aged four and five years respectively, full
sisters and well matched, that were driven
in double harness on the streets the past
winter, and pronounced by all to be a very
handsome team. Warden J. B. Foster,
of the Dorchester Penitentiary, has a five-
year old that took first prize at the Sack-
ville Exhibition. Many more of his get
might be mentioned, but suffice it to say
that the best guarantee that his stock are
appreciated is the fact that trotting and
carriage horse breeders have patronized
him three years consecutively. Breeders
may rest assured that they can make no
mistake by stunting their best mares to
this handsome and finely bred young
stallion.

The season will commence on May 1st,
and end on July 31st.
