

THE GREAT SOUTH AMERICAN NERVINE TONIC AND Stomach and Liver Cure

The Most Astonishing Medical Discovery of the Last One Hundred Years.

It is Pleasant to the Taste as the Sweetest Nectar.
It is Safe and Harmless as the Purest Milk.

This wonderful Nervine Tonic has only recently been introduced into this country by the proprietors and manufacturers of the Great South American Nervine Tonic, and yet its great value as a curative agent has long been known by a few of the most learned physicians, who have not brought its merits and value to the knowledge of the general public.

This medicine has completely solved the problem of the cure of indigestion, dyspepsia, and diseases of the general nervous system. It is also of the greatest value in the cure of all forms of failing health from whatever cause. It performs this by the great nerve tonic qualities which it possesses, and by its great curative powers upon the digestive organs, the stomach, the liver and the bowels. No remedy compares with this wonderfully valuable Nervine Tonic as a builder and strengthening of the life forces of the human body, and as a great renewer of a broken-down constitution. It is also of more real permanent value in the treatment and cure of diseases of the lungs than any consumption remedy ever used on this continent. It is a marvelous cure for nervousness of females of all ages. Ladies who are approaching the critical period known as change in life, should not fail to use this great Nervine Tonic almost constantly, for the space of two or three years. It will keep them safely over the danger. This great strengthener and curative of inestimable value to the aged and infirm, because its great energizing properties will give them a new hold on life. It will add ten or fifteen years to the lives of many of those who will use a half dozen bottles of the remedy each year.

IT IS A GREAT REMEDY FOR THE CURE OF

Nervousness,
Nervous Prostration,
Nervous Headache,
Stomach Headache,
Female Weakness,
Nervous Chills,
Paralysis,
Nervous Paroxysms and
Nervous Choking,
Hot Flashes,
Palpitation of the Heart,
General Despondency,
Sleeplessness,
St. Vitus' Dance,
Nervousness of Females,
Nervousness of Old Age,
Neuralgia,
Pain in the Heart,
Pain in the Back,
Failing Health,
Summer Complaint of Infants.

All these and many other complaints cured by this wonderful Nervine Tonic.

NERVOUS DISEASES.

There is a cure for every class of Nervous Diseases, no remedy has been so compared with the Nervine Tonic, which is very pleasant and successful in all its effects upon the youngest child or the oldest and most feeble individual. Nine-tenths of all the ailments to which the human body is heir are dependent on nervous exhaustion and impaired digestion. When there is an insufficient supply of nerve food in the blood, a general state of debility of the brain, spinal marrow, and nerves is the result. Starved nerves, like starved muscles, become strong when the kind of food is supplied; and a thousand weaknesses and ailments disappear as the nerves recover. As the nervous system must supply all the power by which the vital forces of the body are carried on, it is the most susceptible for want of perfect nutrition. Ordinary food does not contain a sufficient quantity of the kind of nutriment necessary to repair the wear our present mode of living and labor imposes upon the nerves. For this reason it becomes necessary that a nerve food be supplied. The Great South American Nervine Tonic has been found by analysis to contain the vital elements out of which nerve tissue is formed. This accounts for its universal adaptability to the cure of all forms of nervous debility.

CRAWFORDSVILLE, IND., AUG. 20, '88.
REBECCA WILKINSON, of Brownsvalley, Ind., says: "I had been in a distressed condition for three years from Nervousness, Weakness of the Stomach, Dyspepsia, and indigestion, until my health was gone. I had been doctoring constantly, with no relief. I bought one bottle of South American Nervine Tonic, which did me more good than any \$50 worth of doctoring I ever did in my life. I would advise every weakly person to use this valuable and lovely remedy; a few bottles of it has cured me completely. I consider it the greatest medicine in the world."

A SWIFT CURE FOR ST. VITUS' DANCE OR CHOREA.

CRAWFORDSVILLE, IND., JUNE 22, 1887.
My daughter, eleven years old, was severely afflicted with St. Vitus' Dance or chorea. We gave her three and one-half bottles of South American Nervine Tonic and she is completely restored. I believe it will cure every case of St. Vitus' Dance. I have kept it in my family for two years, and am sure it is the greatest remedy in the world for indigestion and dyspepsia, and for all forms of Nervous Disorders and Failing Health, from whatever cause.

JOHN T. MISH.

Subscribed and sworn to before me this June 22, 1887.

CHAS. W. WRIGHT, Notary Public.

INDIGESTION AND DYSPEPSIA.

The Great South American Nervine Tonic

Which we now offer you, is the only absolutely unfailing remedy ever discovered for the cure of Indigestion, Dyspepsia, and the vast train of symptoms and horrors which are the result of disease and debility of the human stomach. No person can afford to pass by this jewel of incalculable value who is affected by disease of the stomach, because the experience and testimony of many go to prove that this is the ONE and the GREATEST cure in the world for this universal destroyer. There is no case of unalloyed disease of the stomach which can resist the wonderful curative powers of the South American Nervine Tonic.

Mrs. E. H. HALL, of Watertown, Ind., says: "I have my life to the Great South American Nervine Tonic. I had been in bed for five months from disease of an exhausted stomach. Indigestion, nervous prostration, and a general shattered condition of my whole system. Had given up all hopes of getting well. Had tried three doctors with no relief. The first bottle of the Nervine Tonic improved me so much that I was able to walk about, and a few bottles cured me entirely. I believe it is the best medicine in the world. I cannot recommend it too highly."

It is a great friend to the aged and infirm. Do not neglect to use this precious boon. It is the greatest remedy for nerves, stomach and lungs I have ever seen."

Large 16 ounce Bottle, \$1.00.
EVERY BOTTLE WARRANTED.

A Young Lady's Escape.

AN INTERESTING STORY FROM NORFOLK COUNTY.

General Debility and Chronic Neuralgia Made Miss Lizzie Bentley's Life Miserable—Her Parents Feared She Was Going Into Consumption—Brought Back From the Brink of the Grave.

From the Simcoe Reformer.

Miss Lizzie Bentley is the daughter of Mr. Ira Bentley, of Waterford, a former well-known resident of Simcoe. It is well known that Miss Bentley was long and seriously ill, and it was recently reported that she had fully regained her health and strength. Her case has excited considerable interest in Waterford, and coming to the ears of the Reformer, we felt more than a passing interest in the matter for the reason that for a period of nearly three years, there have been from time to time published in our columns, particulars of alleged cures of various serious cases of illness that have been effected through the use of a remedy known as Dr. Williams' Pink Pills for Pale People. The scenes of these cures have been located in widely scattered portions of the country, it might almost be said of the globe, for some of these stories come from the United States and some from England, to such great distances have the proprietors extended the sphere of their usefulness.

It is of course the common idea that the age of miracles has long passed, and thousands of people who would not relish a classification among "doubting Thomases," and who are quite ready to believe any long story, so that it does not trespass upon their pre-conceived notions, and what old line physicians tell them of the limits and capabilities of the medical pharmacopoeia, as laid down by the schools, hear with a shrug of the shoulder and a smile of incredulity, of cases the evidence of which is of so certain a character that no court or jury in the land would question it. Take one of the best known and striking instances of the efficacy of Dr. Williams' Pink Pills. We refer to the case of Mr. John Marshall. Could any evidence be clearer or more convincing even to a sceptic. Mr. Marshall is a well known citizen of so large a city as Hamilton. He was paid by the Royal Templars of Temperance the sum of one thousand dollars, that being the sum paid by that institution to its members who are proven to the satisfaction of its physicians to have become permanently incurable. Every fact in connection with the case was investigated by the Hamilton papers and vouched for by them. Not satisfied to take its evidence at second-hand, the Toronto Globe sent a representative to Hamilton. The result of these investigations was the publication by the Globe of an article in which every claim made by Mr. Marshall and the proprietors of Dr. Williams' Pink Pills was fully conceded, and the "Hamilton Miracle" unreservedly endorsed by this great Canadian newspaper.

In a way it reminds us of the story of the great lawyer who attended a prayer meeting. His own views of religion were of the most heterodox character. He went to be amused; he came away with all his preconceived ideas changed. He said: "I heard these men whose word was as good as the Bank of England, get upon their feet and tell what religion had done for them, not theoretically, it was their own personal experience of it. Were these men in a witness box I would not have the slightest inclination to doubt their word; as a consistent man I was unable to doubt them anywhere else. I had doubted, now I believe."

The man or woman who will give an hour's attention to the evidence that the Dr. Williams' Medicine Company have to submit, must, if able to reason at all, concede that their Pink Pills contain wonderful properties for the amelioration of human ailments.

All these reflections are introductory to the case that has come under our notice. Mr. Ira Bentley is widely known in this district, where he has carried on business as a pump and windmill manufacturer for years. He formerly lived in Tilsonburg, afterwards in Simcoe and now resides in the village of Waterford. A representative of the Reformer visited Waterford not long since to interview Mr. Bentley as to his daughter's recovery. For he it understood this journal is as little prone to be carried away by fair spoken or written words as the rest of humanity, and as we had heard that Miss Bentley's cure was due to the use of Dr. Williams' Pink Pills, we were anxious to investigate, that we might add our personal testimony, if possible, to the many who have already spoken and written on behalf of this great Canadian remedy. The result of the writer's journey to Waterford was eminently satisfactory.

We failed in finding Mr. Bentley at home for he was in Caledonia that day setting up a windmill, but Mrs. and Miss Bentley who were the immediate beneficiaries of the good effects of Pink Pills proved quite able to give full particulars. Mrs. Bentley was apparently enjoying the best of health, and we were more than surprised to be told by her that it was she who first of the family had experimented with Dr. Williams' Pink Pills. She told us that a couple of years ago she had been grievously attacked by rheumatism, and had after solicitation by some friends sought relief

in Pink Pills. The result had been eminently satisfactory as any observer could see. It was, however, to become acquainted with the case of Miss Bentley that we had gone to Waterford. In answer to our enquiries Mrs. Bentley told us that her eldest daughter, Lizzie, was nineteen years of age, that from her infancy she had been a sufferer and that her chances of growing to womanhood had never been considered good. She early became a victim of acute neuralgia, that for weeks at a time racked her body and made life a burden. She would at times go down to the very brink of the grave; she was in appearance a mere shadow, thin, pale and weak, unable to do anything. After finding how Pink Pills had benefitted her mother she too began to use them. No change from sickness to health could have been more rapid, no cure more complete. "You can say," Mrs. Bentley said to us, "she is a well girl, that Dr. Williams' Pink Pills cured her and we are willing to tell the whole world that such is the case."

Desirous of seeing Miss Bentley herself, we next repaired to the Waterford post office, where she is employed as a telegraph operator. We had known Miss Bentley when she lived in Simcoe. We remembered her pale, delicate face as it was then. One glance at the bright young girl before us, her cheeks aglow with ruddy health, was sufficient. The days of miracles were not gone. The happy subject of one stood before us. Her story was a reception of the one told us by her mother, only with an added depth of thankfulness to the means of her recovery. We came away from our interview with Miss Bentley fully satisfied that we now knew of our own knowledge of at least one marvellous cure to be credited to Dr. Williams' Pink Pills.

An analysis shows that Dr. Williams' Pink Pills contain in a condensed form all the elements necessary to give new life and richness to the blood, and restore shattered nerves. They are an unfailing specific for such diseases as locomotor ataxia, partial paralysis, St. Vitus' dance, sciatica, neuralgia, rheumatism, nervous headache, and after effects of la grippe, palpitation of the heart, nervous prostration, all diseases depending upon vitiated humors in the blood, such as scrofula, chronic erysipelas, etc. They are also a specific for troubles peculiar to females, such as suppressions, irregularities and all forms of weakness. They build up the blood, and restore the glow of health to pale and sallow cheeks. In men they effect a radical cure in all cases arising from mental worry, overwork, or excesses of whatever nature.

Dr. Williams' Pink Pills are manufactured by the Dr. Williams' Medicine Company, Brockville, Ont., and Schenectady, N. Y., and are sold in boxes (never in loose form by the dozen or hundred, and the public are cautioned against numerous imitations sold in this shape) at 50 cents a box, or six boxes for \$2.50, and may be had of all druggists or direct by mail from Dr. Williams' Medicine Company, from either address.

Donahoe's for November.

DONAHOE'S MAGAZINE for November is what is known in the trade as a "seller." Its articles appeal by their strength, breeziness and timeliness, right to the pockets of purchasers. For instance, what could hit the nail of popularity more squarely on the head, just now, than these three articles:—"Why I am a Democrat," by General McMahon, of New York; "Why I am a Republican," by John F. Finerty, of Chicago; and "Why I am Neither," by P. O'Neill Larkin, of Boston? Each man has plenty of space in which to state his case, and the three articles together make one of the great features of this political campaign. There is one other article in the November Donahoe's that will both attract and lead readers. It is "The Future of the Catholic Church in America," by Rev. John C. Conway, of St. Paul. This article, if read in every home in America, would add greatly to the growing cordiality in social matters, between Catholics and Protestants. There are many other good features that contribute to the variety and breadth of one of the most thought-provoking publications of this year.

Burdock Blood Bitters.

BURDOCK BLOOD BITTERS is a medicine made from roots, bark and herbs, and is the best known remedy for dyspepsia, constipation and biliousness, and will cure all blood diseases from a common pimple to the worst scrofulous sore.
