

# THE GREAT SOUTH AMERICAN NERVINE TONIC

## Stomach and Liver Cure

The Most Astonishing Medical Discovery of the Last One Hundred Years.

It is Pleasant to the Taste as the Sweetest Nectar. It is Safe and Harmless as the Purest Milk. This wonderful Nervine Tonic has only recently been introduced into this country by the proprietors and manufacturers of the Great South American Nervine Tonic, and yet its great value as a curative agent has long been known by a few of the most learned physicians, who have not brought its merits and value to the knowledge of the general public.

This medicine has completely solved the problem of the cure of indigestion, dyspepsia, and diseases of the general nervous system. It is also of the greatest value in the cure of all forms of failing health from whatever cause. It performs this by the great curative qualities which it possesses, and by its great curative powers upon the digestive organs, the stomach, the liver and the bowels. No remedy compares with this wonderfully valuable Nervine Tonic as a builder and strengthener of the life forces of the human body, and as a great renewer of a broken-down constitution. It is also of more real permanent value in the treatment and cure of diseases of the lungs than any consumption remedy ever used on this continent. It is a marvelous cure for nervousness of females of all ages. Ladies who are approaching the critical period known as change in life, should not fail to use this great Nervine Tonic, almost constantly, for the space of two or three years. It will carry them safely over the danger. This great strengthener and curative is of inestimable value to the aged and infirm, because its great energizing properties will give them a new hold on life. It will add ten or fifteen years to the lives of many of those who will use a half dozen bottles of the remedy each year.

### NERVOUS DISEASES.

As a cure for every class of Nervous Diseases, no remedy has been able to compare with the Nervine Tonic, which is very pleasant and harmless in all its effects upon the youngest child or the oldest and most delicate individual. Nine-tenths of all the ailments to which the human family is heir are dependent on nervous exhaustion and impaired digestion. When there is an insufficient supply of nerve food in the blood, a general state of debility of the brain, spinal marrow, and nerves is the result. Starved nerves, like starved muscles, become strong when the right kind of food is supplied; and a thousand weaknesses and ailments disappear as the nerves recover. As the nervous system must supply all the power by which the vital forces of the body are carried on, it is the first to suffer for want of perfect nutrition. Ordinary food does not contain a sufficient quantity of the kind of nutriment necessary to repair the wear our present mode of living and labor imposes upon the nerves. For this reason it becomes necessary that a nerve food be supplied. This South American Nervine has been found by analysis to contain the essential elements out of which nerve tissue is formed. This accounts for its universal adaptability to the cure of all forms of nervous derangement.

**CRAWFORDVILLE, IND., AUG. 20, '86.**  
To the Great South American Nervine Tonic Co.:  
DEAR GENTS—I desire to say to you that I have suffered for many years with a very serious disease of the stomach and nerves. I tried every medicine I could hear of, but nothing done me any appreciable good until I was advised to try your Great South American Nervine Tonic and Stomach and Liver Cure, and since using several bottles of it I must say that I am surprised at its wonderful powers to cure the stomach and general nervous system. If everyone knew the value of this remedy as I do you would not be able to supply the demand.

### A SWORN CURE FOR ST. VITUS' DANCE OR CHOREA.

**CRAWFORDVILLE, IND., JUNE 22, 1887.**  
My daughter, eleven years old, was severely afflicted with St. Vitus' Dance or Chorea. We gave her three and one-half bottles of South American Nervine and she is completely restored. I believe it will cure every case of St. Vitus' Dance. I have kept it in my family for two years, and am sure it is the greatest remedy in the world for Indigestion and Dyspepsia, and for all forms of Nervous Disorders and Failing Health, from whatever cause.

### INDIGESTION AND DYSPEPSIA.

The Great South American Nervine Tonic  
Which we now offer you, is the only absolutely unfailing remedy ever discovered for the cure of Indigestion, Dyspepsia, and the vast train of symptoms and horrors which are the result of disease and debility of the human stomach. No person can afford to pass by this jewel of incalculable value who is affected by disease of the stomach, because the experience and testimony of many go to prove that this is the ONE and ONLY ONE great cure in the world for this universal destroyer. There is no case of unmalignant disease of the stomach which can resist the wonderful curative powers of the South American Nervine Tonic.

**HARRIET E. HALL, of Waverly, Ind., says:**  
"I owe my life to the Great South American Nervine Tonic. I had been in bed for the effects of an exhausted stomach, Indigestion, Nervous Prostration, and a general shattered condition of my whole system. Had given up all hopes of getting well. Had tried three doctors, with no relief. The first bottle of the Nervine Tonic improved me so much that I was able to walk about, and a few bottles cured me entirely. I believe it is the best medicine in the world. I can not recommend it too highly."

No remedy compares with SOUTH AMERICAN NERVINE as a cure for the Nerves. No remedy compares with South American Nervine as a curative for the Stomach. No remedy will at all compare with South American Nervine as a cure for all forms of failing health. It never fails to cure Indigestion and Dyspepsia. It never fails to cure Chorea or St. Vitus' Dance. Its powers to build up the whole system are wonderful in the extreme. It cures the old, the young, and the middle aged. It is a great friend to the aged and infirm. Do not neglect to use this precious boon if you do, you may neglect the only remedy which will restore you to health. South American Nervine is perfectly safe, and very pleasant to the taste. Delicate ladies, do not fail to use this great cure, because it will put the bloom of freshness and beauty upon your lips and in your cheeks, and quickly drive away your disabilities and weaknesses.

### Old Time and I.

Old Time and I the other night  
Had a carouse together;  
The wine was golden, warm and bright,  
Aye! just like summer weather.  
Quoth I, "Here's Christmas come again,  
And I no farther richer,"  
Time answered, "Ah, the old, old strain!  
I pithee pass the pitcher.

"Why measure all your goods in gold?  
No rope of sand is weaker;  
'Tis hard to get, 'tis hard to hold—  
Come lad, fill up the beaker."  
"Hast thou not found true friends more true,  
And loving ones more loving?"  
I could but say, "A few, a few;  
So keep the goblet moving."

"Hast thou not seen the prosperous knave  
Come down a precious thumper!  
His cheats disclosed? "I have, I have!"  
"Well, surely, that's a bumper?"  
"Nay, hold awhile, I've seen the just  
Find all their hopes grow dimmer."  
"They will hope on, and strive, and trust,  
And conquer!" "That's a brimmer."

"'Tis not because today is dark,  
No brighter days before 'em;  
There's rest for every storm-tossed bark,  
"So be it! Pass the jorum?"  
"Yet I must own I should not mind  
To be a little richer."  
"Labor and wait, and you may find—"  
"Halloo! an empty pitcher."

### The Grippe Epidemic.

A SCOURGE MORE TO BE DREADED THAN CHOLERA.

Medical Science Powerless to Prevent its Spread—It is Again Sweeping Over Canada With Great Severity—How its Evil Effects Can Best be Counteracted—Only Prompt Measures Can Ensure Safety.

It is stated on high medical authority that an epidemic of la grippe is more to be feared than an outbreak of cholera. The latter disease can be controlled, and the danger can be reduced to the minimum. But not so with la grippe. Medical science has not yet fathomed its mysteries, and is powerless to prevent its spread. Three years ago an epidemic of la grippe swept over this country, leaving death and shattered constitutions its wake, and now once more it has appeared in epidemic form; not so severe, perhaps, as on the former occasion, but with sufficient violence to cause grave alarm, and to warn the prudent to take prompt measures to resist its inroads.

When, a few months ago it was announced that cholera had broken out in Grimsby, one of England's important seaports, it was feared that it would reach this continent, yet this once dreaded scourge was checked and exterminated with a loss of not more than half a dozen lives. That la grippe is more to be dreaded than cholera is shown by the fact that in London last week upwards of an hundred deaths were due to this trouble, and medical science is powerless to prevent its spread, and can do nothing more than relieve those stricken with the disease.

At the present moment thousands of Canadians are suffering from la grippe and the misery it is causing would be difficult to estimate. Even when the immediate symptoms of the disease disappear it too frequently leaves even the most robust constitution shattered. The after effects of la grippe are perhaps more dangerous than the disease itself, and assume many forms, such as extreme nervousness, distressing headaches, pains in the back, loss of appetite, depression of spirits, shortness of breath on slight exertion, swelling of the limbs, an indisposition to exertion, a feeling of constant tiredness, partial paralysis and many other distressing symptoms. In removing the effects of la grippe, or for fortifying the system to withstand its shock, no remedy has met with as great success as Dr. Williams' Pink Pills. They rebuild the blood, restore shattered nerves, and place the sufferer in a condition of sound health. In proof of these statements we reproduce a few letters speaking in the strongest and most positive terms as to the value of Dr. Williams' Pink Pills in cases of la grippe or influenza.

Mr. George Ross, Rednersville, Ont., says:—I am well to-day and do not hesitate giving Dr. Williams' Pink Pills the credit of saving my life. I had three attacks of la grippe and was so reduced in flesh and strength I could hardly stand alone, I had no appetite, I could not sleep because my legs and feet became badly swollen and cramped. The pain was at times so violent that I could not refrain from screaming, and I would tumble about in bed and long for day to come. If I attempted to get up and walk I was apt to fall from dizziness. I took medicine from the doctor, but it did not help me, and I was so discouraged I did not think I could live more than a few months, when one day I read in the paper of the cure of a man whose symptoms were like mine. I sent for a box of Pink Pills, and by the time it was gone there was an improvement. I continued the use of the pills, found that I could now get a good night's sleep, and the cramps and pains which had formerly made my life miserable, had disappeared, and I felt better than I had in four years. I know that it was Pink Pills that brought about the change, because I was taking nothing else. I have taken in all seven boxes, and I feel as good as I did at forty years of age."

Capt. James McKay, Tiverton, N. S., says:—I had la grippe about three years ago and that tied me up pretty well. I wasn't fit to take charge of a ship, so sailed south as far as Milk River, Jamaica, as nurse for an invalid gentleman. The

weather was simply melting, and I used to lie on the deck at night, and in my weakened condition got some sort of fever. When I reached home I was completely used up and continued to get worse until I could hardly move about. At times my limbs would become numb with a tingling sensation as though a thousand needles were being stuck into me. Then my eyesight began to fail. It was difficult for me to distinguish persons at a distance. My face became swollen and drawn, and eyes almost closed. The doctors could do nothing for me. I suffered terribly, was only a burden to my friends and actually longed for death, which all thought was in store for me. At this time the statement of a man down in Cape Breton came to my notice. He attributed his cure to Dr. Williams' Pink Pills, and I thought there might be a chance for me. I began the use of Dr. Williams' Pink Pills and soon found that they were helping me, and their continued use put me on my feet again, and I went to work after months of enforced idleness, to the great astonishment of my acquaintances, who never expected to see me around again. I feel it my duty to advise the use of Pink Pills by people who are run down or suffer from the effects of any chronic ailment. They saved my life and you may be sure I am grateful.

John W. Boothe, Newcombe Mills, Ont., says:—Words cannot express the gratitude I feel for the use of your Pink Pills. I had my full share of la grippe and it left me in a weak and debilitated condition. My nerves were unstrung and I was unable to hold anything, such as a saucer of tea in my hands without spilling it. I had terrible pains in my head and stomach, and although I consulted a good physician I derived no benefit. I made up my mind to use Dr. Williams' Pink Pills, and I now look upon the decision as an inspiration, so great is the benefit I have derived from the use of this marvelous remedy. My pains have vanished, my nerves are strengthened, and I am feeling better than I have done before in years.

Mr. W. A. Marshall, principal of the Clementsport, N. S., Academy, says:—I had a bad attack of la grippe which left me weak and nervous and badly used up. I suffered almost continually with terrible headaches, backache and pains through the body, I tried many remedies without receiving any benefit until I began the use of Dr. Williams' Pink Pills, and the use of seven boxes made me feel like a new man, as I am now as strong as I was before my sickness. I can heartily recommend them to others so afflicted.

Mr. B. Crouter, Warkworth, Ont., brother of Rev. Darius Crouter, who some years ago represented East Northumberland in the House of Commons, says: "Two years ago I had an attack of la grippe which nearly cost me my life. My legs and feet were continually cold and cramped, and I could get little or no sleep at night, and you can understand what a burden life was to me. One day I read of a remarkable cure by the use of Dr. Williams' Pink Pills, and I made up my mind to give them a trial. When I began using the Pink Pills there was such a numbness in my feet that I could not feel the floor when I stepped on it. As I continued the use of the pills this disappeared; the feeling returned to my limbs, the cramps left me, I felt as though new blood were coursing through my veins, and I can now go to bed and sleep soundly all night. When I get up in the morning instead of feeling tired and depressed, I feel thoroughly refreshed, and all this wonderful change is due to Dr. Williams' Pink Pills. I believe Pink Pills have no equal for building up the blood, and I strongly recommend them to all sufferers, or to any who wish to fortify the system against disease.

Scores of other equally strong recommendations might be quoted, but the above will suffice to prove the undoubted efficacy of Dr. Williams' Pink Pills in removing all the evil effects of la grippe or influenza, and those who have in any degree suffered from this dangerous malady should lose no time in fortifying the system by the judicious use of Pink Pills. They are the only remedy that strike at the root of the trouble and thoroughly eradicate its bad effects. Ask for Dr. Williams' Pink Pills and do not be persuaded to try something else. Sold by all dealers or sent by mail, post paid, on receipt of 50 cents a box, or six boxes for \$2.50, by addressing the Dr. Williams' Medicine Co., Brockville, Ont., or Chenevicty, N. Y.
