A New Brunswick Miracle

THE TERRIBLE EXPERIENCE OF A WELL-KNOWN GENTLEMAN.

So Badly Crippled with Rheumatism that he was Helpless as an Infant—How he was Cured—A Lady Relative also Restored to Health.

The attention of THE REVIEW having been recently called to two cases in Kingston in which it was alleged remarkable cures had been effected by the use of Dr. Williams' Pink Pills, a reporter of this paper, from motives of curiosity, resolved to interview the parties named, and find out whether the reports were true, and whether the alleged cures were really the result of the use of Pink Pills. Mr. Samuel Barnes, who formerly resided in Dorchester, N. B., and who removed to Kingston, Kent Co., some time ago, was first interviewed, and asked whether the reports concerning his illness and his recovery from the use of these pills were true. Mr. Barnes resides with his brother-in-law, Mr. John Taylor, merchant, of Kingston, and is well and favorably known in this vicinity. He expressed himself as perfectly willing to add his testimony to the many which he saw daily in the papers concerning the wonderful cures effected by Pink Pills, and hoped his story might be the means of bringing relief to others who were suffering from the disease which had so tortured him. We give his story as nearly as possible in his own words:—"I was first attacked with acute muscular rheumatism in March, 1891. I was then living in Dorchester, N. B. For three months I lay in bed unable to move hand or foot, more helpless than an infant. The joints of my arms and legs were much swollen, and my hands and fingers twisted almost out of shape. The physician who attended me bled me, and gave me liniment and bandages and gave the pills a trial. The first box appeared to have no effect, but when I had about half finished the second box I began to feel slightly better. After taking four boxes I was able to get out of bed and walk around the house on crutches. I continued taking the pills until I had taken a dozen boxes, when I stopped for a time. I was then able, with the help of crutches, to get out of doors and around. I have since removed to Kingston and continued taking the pills, and I hope to continue to improve until I am entirely cured."

Mr. Barnes is a gentleman of education, whose statements would not for a moment be doubted by those who know him, and he is not the man to be taken in by a "fake" advertisement. The writer can remember when Mr. Barnes first came to Kingston he was forced to use crutches, and was able to get around only with great difficulty. He is now able to move around using only a cane, and apparently without any difficulty. His hands and fingers, however, still bear traces of the severe suffering he has undergone.

His sister, Mrs. John Taylor, was also a sufferer from muscular rheumatism. She was first attacked by the disease eight years ago, and at times it was only with great difficulty that she was able to move around. Doctors' medicine did not help her and she tried all kinds of so-called cures for rheumatism, but they appeared to do her no good whatever. Through the advice of Mr. Barnes, and with the consent of her physician, she began taking Pink Pills last fall. By the time she had finished the second box she felt decidedly improved. She has now finished her fourth box, and is apparently as well as she ever was. She is still taking the pills however. When asked if she was willing to have her name mentioned in this connection, she said she was perfectly willing that the public should know that she was a firm believer in the efficacy of Pink Pills. The improvement wrought by the pills in the case of Mr. Barnes had induced her to give him a trial, and she was now satisfied that the pills were not a fraud, but possessed wonderful curative powers.

Mr. W. W. Short, druggist, of Richibucto, was next interviewed. "Pink Pills," said he, "have a good sale here. I sell more Pink Pills than of any other proprietary medicine. My receipts from Pink Pills are larger than from all other pills combined."

Mr. K. B. Forbes, who also sells these pills, said the sale of Pink Pills was larger than that of any other proprietary medicine. He mentioned a sale which he made to a young French Canadian, living at Richibucto Cape, about four miles from here. The young man expressed himself as greatly pleased with the pills. He said his father had lain in bed for months suffering from general debility. He was induced to try Pink Pills, and had not taken more than four boxes before he was able to be up and out of doors. He had tried many kinds of medicine, but found nothing to do him any good until he tried Pink Pills.

Dr. Williams' Pink Pills are a specific for all diseases arising from an impoverished condition of the blood or a shattered condition of the nervous forces, such as St. Vitus dance, locomotor ataxia, rheumatism, paralysis, sciatica, the after effects of la grippe, loss of appetite, headache, dizziness, chronic erysipelas, scrofula, etc. They are also a specific for the troubles peculiar to the female system, correcting irregularities, suppressions and all forms of female weakness, building anew the blood and restoring the glow of health to pale and sallow cheeks. In the case of men they effect a radical cure in all cases arising from mental worry, overwork or excesses of any nature.

Dr. Williams' Pink Pills may be had of all druggists or direct by mail from Dr. Williams' Medicine Company, Brockville, Ont., or Schenectady, N. Y., at 50 cents a box, or six boxes for \$2.50. The price at which these pills are sold makes a course of treatment comparatively inexpensive as compared with other remedies or medical treatment.

A High Valuation. "If there was only one bottle of Haggard's Yellow Oil in Manitoba I would give one hundred dollars for it," writes Philip H. Brant of Montevideo, Manitoba, after having used it for a severe wound and for frozen fingers, with, as he says, "astonishing good results."

Obituary. The many friends of Miss Miranda Doherty will be grieved to learn of her death which took place on Monday morning last at twenty minutes past nine. It was not unexpected as she had been ill for nearly a year, and for the last few weeks her death has been looked for daily. The funeral, which took place on Wednesday afternoon at two o'clock, was largely attended. A service was held at her late residence conducted by Rev. Mr. Matthews assisted by Rev. Messrs. Carr and Stables, after which the remains were laid in the new cemetery. Miss Doherty was born in Kent Co., N. B., in 1844, moving with the family in 1867 to Campbellton where she has since resided. She was a daughter of the late Jos. Doherty, who came to this country from the north of Ireland at an early age, and died in 1885. She leaves to mourn her loss her mother, one sister and five brothers, all of whom were present at the funeral with the exception of Isaac who is in Vancouver, B. C. She was a member of the Methodist church and always took a prominent part in church matters. She was of a cheerful pleasant disposition and a great favorite with all her acquaintances by whom she will be greatly missed.—Enterprise.

Saved From the Gallows. WINDSOR, Ont., Dec. 12.—Five years ago last July William Holton, an aged farmer of Tinsbury, was murdered. Before Holton died he said that a man named Agnew committed the deed. Agnew was arrested, but had no trouble in clearing himself. Some months later Todd Quick, a young man living in Colchester, and a man named McMahon were arrested, charged with the crime, and taken to Chatham. The jury convicted McMahon and acquitted Quick. McMahon's death sentence was commuted to a life term in the penitentiary, where he is now. Previous to the crime a man named McDuff worked in the neighborhood where Holton lived and after the murder he disappeared. A big reward was offered for his arrest, but he could not be found. About a month ago a man named Kennedy had been convicted of manslaughter there, and confessed to having murdered a man in Essex years ago. It now transpires that Kennedy is McDuff, and friend will at once endeavor to get McMahon free.

Battle With Lobenguela.

CAPE TOWN, Dec. 14.—A despatch dated at Bulawayo on December 8, says: Major Forbes' party have been obliged to retire on account of the strong resistance of Lobenguela.

Major Forbes is believed now to be in a perilous position. After crossing the Shangani river, Major Forbes sent Captain Wilson forward to find Lobenguela, who was believed to be close at hand. Wilson left camp late in the evening and reached the king's wagon at midnight. Then he halted. Lobenguela's men evidently were expecting the British, and attacked them hotly on both sides, firing from the bush. Captain Wilson was greatly outnumbered and he retired steadily. Captain Wilson sent a messenger to Major Forbes for reinforcements, but meanwhile the Shangani had risen suddenly, cutting off communication between the main advance parties. It is believed that Major Forbes is trying to cross the river higher up. Much anxiety is felt for him and Captain Wilson.

The report that Lobenguela had been captured is, therefore, immature.

Blasphemer Punished.

SHAMOKIN, Pa., Dec. 18.—After a violent outburst of profanity, while at work several months ago, John Simpkins of this city was stricken deaf and dumb. He continued at his work, until Wednesday evening could not utter a word. On that night he attended a revival meeting, and while praying speech and hearing were suddenly returned to him. When he went home he explained that at the moment that the calamity befell him he saw an angel, who told him that the affliction was a punishment for his blasphemy.

Friday morning he told his wife that he had another vision, and that he had been told that he was about to become deaf and dumb again, this time forever. Sure enough, he lost both senses that night, and an hour later became totally blind. His strength is failing, and it is not believed that he will live.
