who last filled the position was, we believe, a native of Westmorland, and resided and practised law in Dorchester until his elevation to the bench. And now we are told he was from Kent County. A resort to such childish arguments only goes to show how strong the claims of Kent are to the vacant position.

Are unpopular. But there is one form of trust against which no one has anything to say. That is the trust which the public reposes in Hood's Sarsaparilla, and the best of it is the trust is fully justified by the merit of the medicine. For, remember, HOOD'S Sarsaparilla CURES.

Hood's Pills are purely vegetable, and do not purge, pain or gripe. Sold by all druggists.

Courage Notes.

OCT. 9.—Times are unusually dull here at present, still we are not disconsolate—through long familiarity we have been thoroughly inured to the rigors of dull times. With us it is as it has been,—the seasons roll on as uniformly and quiet as the tide of some deep river. News is a scarce article just now; of sensations, we are happily clear. The furious ten-day north-east storm caused a rippled of surprise to everybody in general, and perhaps a wave of consternation to some in particular, i. e., "to those who built their houses on the sands;" yet omitting the injury done the "Marceline" and a small flotilla of her smaller companions, as also the ruin of several fields of late grain and the total destruction of half a dozen mill dams, to say nothing of the sufferings of those afflicted with rheumatic disorders, we have been comparatively fortunate, and, to a man, are ready for the worst weather. The next storm, however, is to be a political one, and from present indications bids fair to be interesting. Last year's councillors instead of being returned by acclamation, as has frequently been the case, are doomed to face the opposition of the new aspirants, Gogain and Daigle. Mr. G. poses as champion of the "hill," while his colleague expects much from the loyal hearts of "happy-toen." The prospects, however, would seem to point to the re-election of the old councillors, Messrs. Bourgeois and Poirer.

Mr. Peter Legere, of Grand Digue, has lately returned from a business trip to New York, where he has disposed of several car-loads of oysters.

Misses Sarah Bourgeois and Bella Connors, of Grand Digue, have taken their departure for Rhode Island and New York respectively.

Mrs. Chas. Connors has returned to her home in Brooklyn.

Mr. Chas. Wood's new residence will soon be ready of occupation. Beautifully situated, neat and commodious this structure adds much to the appearance of the village; and that the genial proprietor is bent on inviting the young folk to spend the first evening seems to be a foregone conclusion. To thy decision, oh "Charles," we resign all!

GENTLEMEN.—I have used your Hagar's Yellow Oil and have found it unequalled for burns, sprains, scalds, rheumatism, croup and colds. I have recommended it to many friends and they also speak highly of it.

Mr. and Mrs. Jas. Hicks paid Mrs. McFarlane a short visit.

Mr. and Mrs. L. Wood made a flying visit to friends on the McLaughlin Road, a few Sundays ago.

Mr. and Mrs. Jas. Wilbur of Vine Cottage, Shediac, spent a few days here, the guests of Mrs. O. C. Weldon.

What takes the young gentlemen of B.—to Little River? It is wonderful! the interest some young gentlemen take in training the young ideas how to shoot.

Miss Bessie Campbell leaves shortly for Five Islands, N. S.

Farmers are busy with their fall ploughing, though the late rains will put them back considerably.

Messrs. J. McKee & Sons are making preparations for lumbering this winter on an extensive scale.

The query now is, who lost their way and who wants sign boards up? Wou'd some one answer when we call. Keep your temper little boy, it will be all right by and by.

To the Editor of The Review: In visiting this pretty little town the past week, I was agreeably surprised to see it "Phoenix like" for the second time since the big fire of Sept. 1892, rising from its ashes. On every hand there are scenes of industry and to a casual observer a fair share of prosperity. New buildings are springing up on all sides. C. Chase has erected a large three story Hotel, which with the kitchen will compare favorably with any on the North Shore. V. Burke is also erecting a large dwelling, also Miss Rose Burke, Anthony Gratton and others. Mr. John A. Irving has sold the store built by him after the fire of Sept. 1892, and has built for himself a first class store in which are combined all the modern improvements. It has a full proof cellar full size of store, also a full and complete plate glass front, is situated immediately opposite the handsome new residence and store of Mr. B. H. Foley. Mr. Irving at present has on hand a full and complete stock of boots and shoes, ready made clothing, crockery, and glassware, groceries, hardware, including builder's paper, iron, etc., all of which he will dispose of previous to removal to his new store, at cost prices. The people of Buctouche and surrounding country could do no better than give Mr. Irving a call, they will not only have a pleasant time, but gain money by so doing. More anon.

There are Chinese lepers in British Columbia who have been placed on an island in the Gulf of Georgia. They had no one to attend to them and had been left all alone, with only the occasional visit of a physician to relieve them. A young woman of Vancouver has heroically offered to devote herself to their care. Two years ago she lived a degraded life, and was rescued from degradation through the Salvation Army. Her decision to care for the lepers will mean the sacrifice of the rest of her life.

One of the best known and ablest physicians in New Brunswick has said: I regard

GRODER'S BOTANIC DYSPEPSIA SYRUP

as an excellent remedy and one destined to attain a large sale.

One who has used above remedy has this to say:

SALISBURY, N. B., May 3rd, 1893.

This is to certify that after suffering for about seven years with Dyspepsia, I was induced by a friend to give your remedy a trial. I had tried so many with such indifferent results that I felt skeptical of so called Sure Cures and remedies. However, I am glad to say that I tried your Groder's Syrup to the extent of two bottles and have never had a twinge of dyspepsia since last November.

Yours, J. E. FOSTER.

The harmonious testimony of many witnesses should convince you that GRODER'S SYRUP CURES DYSPEPSIA.
