CITY ROAD,  
ST. JOHN, N. B.

the day after the shooting. I was two or three steps away from the prisoner at the time I heard this conversation. The crowd was gathered around him and I was not close to him. I took no part in this conversation. I first told Fred Hebert about this conversation. Have lived here all my life and have known the prisoners since I was a boy. I guess they bear a good name among the neighbors. I don't know much about them.

**HILARE CORMIER, (SWORN),**  
I live in Cocagne; am a farmer. I know the three prisoners. I remember Hallowe'en night; I was at home that night. I knew nothing of the shooting that night. I first heard of the shooting at this church on the first of the month.

Mr. John B. Goguen was sworn an interpreter for the witness, who claimed he could not talk English.

Continuing witness said: It was in the morning I first heard of the shooting. I saw Sylvain there that morning. I had no conversation with him. I heard him talking about the shooting. Sylvain said he didn't go there to kill anybody. He went there to watch his property. He said he would not have fired if his father had not told him to. There were five or six others but I don't know who they were. I heard the prisoner say nothing more. I had no conversation with any of the prisoners relative to the shooting.

Cross-examination: I didn't hear Florian LeBlanc's name mentioned. I am giving the exact words Sylvain used. To the Court: I had a conversation with Peter LeBlanc (Florian's father) and I detailed to him the conversation I have given here.

**MARK LEBLANC, (SWORN),**  
Am a farmer and reside in Dundas. I know the three prisoners and Florian LeBlanc. I remember the last day of October and the 1st inst. I heard of the shooting on the afternoon of the 1st of November at the house of my brother Peter. I first heard of the shooting that morning. I saw the three prisoners in my brother's house that afternoon. Theodore Goguen was in the room where Florian was in bed and he said he was very sorry to see him in bed.

He said to Florian if he had thought it was him, (Florian) in the schoolhouse, we would not have shot. I didn't hear Florian say anything.

Cross-examination: Mr. Johnston, the presiding justice, Andrew Babineau, Fred Hebert, constable, and myself were in the room at the time this conversation took place. I give the exact words I heard. I was in the room half an hour but didn't speak a word. Mr. Johnston spoke but I can't tell the exact words he used. I would be about seven feet from Mr. Johnston and about ten feet from Theo. Goguen. The conversation I have given were all the words I heard spoken during the half hour. I was in the outside room next to where Theodore and Florian were. They were alone. I did not hear Mr. Johnston speak in the outside room. If he had spoken I would have heard what he said.

To Mr. Russell: From where I was I could see Florian and Theodore and could hear what was said.  
After dinner on application of Mr. Russell court adjourned to Peter LeBlanc's for the purpose of taking the deposition of the injured man, Florian LeBlanc.

**FLORIEN LEBLANC, (SWORN)**  
Witness, who could not speak above a whisper said: My name is Florian LeBlanc, I know the prisoners. I remember Hallowe'en night. About 6 or 7 o'clock that evening I was down at McPhee's with my brother and George Hayes. About 7 o'clock we came out of McPhee's and went down main road to the bridge. We went down a mile or two. Then we turned

\$50 A YEAR FOR LIFE.

Substantial Rewards for Those Whose Answers are Correct.

A man once entered a prison where was confined a condemned criminal. On making a request to be conducted into the presence of the doomed man, the visitor was informed that none but relatives were permitted to see the prisoner. The visitor said: "Brothers and sisters have I none, but this man's (the prisoner's) father is my father's son."

He was at once taken to the prisoner. Now, what relation was the prisoner to the visitor?

The Agriculturist Publishing Company will give \$50 a year for life to the person sending the first correct answer; \$500 to the second; 3rd, \$250; 4th, \$100; 5th, \$50, and over 10,000 other rewards, consisting of pianos, organs, ladies' and gents' gold and silver watches, silver services, diamond rings, etc.

To the person sending the last correct answer will be given a high-toned piano, to the next to the last a beautiful organ, and the next 5,000 will receive valuable prizes of silverware, etc.

**RULES.**—(1) All answers must be sent by mail, and bear postmark not later than Dec. 31, 1893. (2) There will be no charge whatever to enter this competition, but all who compete are expected to send one dollar for six months subscription to either THE LADIES' HOME MAGAZINE or THE CANADIAN AGRICULTURIST—two of the choicest illustrated periodicals of the day. (3) All prize winners will be expected to assist us in extending our circulation. (4) The first correct answer received (sender's postmark taken in all cases as date of receipt, so as to give every one an equal chance, no matter where he or she may reside,) will secure the first prize; the second, the next prize, and so on.

THE AGRICULTURIST is an old established concern, and possesses ample means to enable it to carry out all its promises. (Send for printed list of former prize winners.)

**JUDGES.**—The following well-known gentlemen have consented to act as judges, and will see that the prizes are fairly awarded: Commodore Calcutt (proprietor Calcutt's Line of Steamers), Peterborough, and Mr. W. Robertson, President, Times Printing Company, Peterborough. Register all money letters. Address, AGRICULTURIST PUB. CO., (LTD.), Peterborough, Canada.

A Sure Cure for Biliousness.

Mr. M. Rooney, a well known Halifax Merchant, writes:—"I am using Hawker's Liver Pills and can recommend them as a sure cure for Biliousness." What Mr. Rooney says is endorsed by thousands who have tried these pills. Once tried they are always sought for when the trouble recurs. They are easy to take, exceedingly mild in their action and effective in a marked degree.

Cleveland and Hawaii.

President Cleveland's Government has decided against the annexation of Hawaii, which President Harrison attempted in order to cover his administration with jingo glory. When the American Commissioner, Mr. Blunt, arrived at Honolulu he found that the American consular and American forces, as well as the American flag, had been used to bring about the revolution. The Hawaiian queen submitted, but under protest, and pronounced her determination to rely solely on the good faith of the United States Government, which had formerly protected the independence of Hawaii against other nations, and which would not, she was confident, lay itself under condemnation by doing what it had before denounced. The queen's confidence would have been misplaced had President Harrison remained in power, but fortunately, probably both for her and for the United States, President Cleveland arrived at power in time to prevent the high-handed seizure and annexation of the territory of a friendly nation. Hawaii may some day be a portion of the United States, and that would probably prove a happy thing for the people of the islands, but it should only come as a result of the expressed will of the people themselves. President Cleveland's decision is an honorable one, and will strengthen rather than weaken the United States' influence on Hawaii.—Witness.

**A Perfect Cure for Cold in the Head.**  
"It cured me of a severe cold in the head," is what Mr. A. D. McDonald of Framboise, C. B., says of Hawker's Catarrh Cure. Sold everywhere, only 25 cents.

and came back up the road. When we were up as far as the school house of district No. 2 Dundas, the three of us went into the school house. Up to the time we went into the school house we had not seen any of the three prisoners. I didn't hear anybody outside of the school house until I was shot. I heard a shot apparently close to the door and the bullet from that shot wounded me. I was the last to go in the school house and I said we mustn't touch anything and I went to see what time it was. I went to look in my vest pocket for a watch and just then the shot was fired and

**I FELL ON MY HANDS AND FACE.**  
The bullet went in my back and came out my shoulder. I had just turned away from the door when the shot was fired. After I fell on my face and hands I heard something strike the window and break the glass. I thought they fired through the window but they told me they didn't. I then got up and my brother, who was ahead, opened the door and called out three times, "Sylvain don't shoot again." My brother then started and I started after him. They ran after Henry with guns or sticks and were swearing. I recognized who they were by their voices. I recognized Sylvain and Theodore by their voices outside the door and also saw them. I didn't see Damien Goguen. When they took after Henry they ran after me too and I ran along the school house, jumped over the ditch and ran along and lay down by the fence. Henry then got me and brought me home. We didn't touch a thing in the school house and didn't intend to. I don't remember what the prisoners said. I saw Theodore the next day after the shooting in this room. He was talking to me about the shooting. He told me he was sorry and said, "I did not think it was you in the schoolhouse, but thought it was some English people." He said he prayed and sent someone to the priest. I saw Theodore another time in this room after that. He didn't say anything about the shooting that time. He talked to Henry the last time.

**She Came from Toronto.**  
ASHLAND, Wis., Nov. 20.—Mrs. George Reany, of 2111 East Third Street, has been in poor health for some years. Her energetic disposition made invalidism doubly irksome to her, so she sought far and wide for a remedy that would make her well again. Her efforts were unavailing until she began using Dodd's Kidney Pills. Now she is on the high road to health and attributes the result to the use of these pills. Every day makes it more apparent that many of the ills to which women are subject are due to impaired action of the kidneys, if not to actual disease of the organs. The reputation of Dodd's Kidney Pills as the greatest specific in all disorders of the kidneys is now irrevocably established, so that all unfortunate victims of kidney disease may use them with the utmost confidence.

It may be of interest to state that Mrs. Reany is an old Torontonian.

**Social Progress in Britain.**  
At a recent great Liberal gathering in Glasgow, Mr. Asquith, the British Home Secretary, said that the present Parliament was pledged to effect certain reforms that would advance the moral and social welfare of the people and it meant to pass into law measures with that object unless the House of Lords, following its traditional course, prevented it from so doing. One measure will bring into force the "one man one vote" principle and effect other electoral reforms. Another will better protect the workman from loss through injury while attending his daily vocation. Another will establish representative councils in the various parishes. To the temperance reformers, the Home Secretary's further announcement is full of hope. Mr. Asquith, amid the loud cheers of his audience, said: "We mean to strike a blow—and I trust and believe it will be an effective blow—at that which is, after all, the greatest of the plagues and curses which afflict us as a social community—I mean the curse of intemperance."

**All Men**

Young, old, or middle aged, who find themselves nervous, weak and exhausted, who are broken down from excess or overwork, resulting in many of the following symptoms: Mental depression, premature old age, loss of vitality, loss of memory, bad dreams, dimness of sight, palpitation of the heart, emissions, lack of energy, pain in the kidneys, headache, pimples on the face and body, itching or peculiar sensation about the scrotum, wasting of the organs, dizziness, specks before the eyes, twitching of the muscles, eyelids, and elsewhere, bashfulness, deposits in the urine, loss of will-power, tenderness of the scalp and spine, weak and flabby muscles, desire to sleep, failure to be rested by sleep, constipation, dullness of hearing, loss of voice, desire for solitude, excitability of temper, sunken eyes, surrounded with LEADEN CIRCLES, oily looking skin, etc., are all symptoms of nervous debility that lead to insanity unless cured. The spring of vital force having lost its tension every function wanes in consequence. Those who through abuse, committed in ignorance, may be permanently cured. Send your address for book on diseases peculiar to man, sent free, sealed. Address M. V. LUBON, 24 Macdonnell Ave., Toronto, Ont.

**CALAIS NOEL, (SWORN),**  
Am a farmer and reside in Dundas; am acquainted with the three prisoners. I remember Hallowe'en night. I heard about the shooting of Florian LeBlanc. I didn't hear any of the prisoners speak of it. I had no conversation with any of them since that night. I saw the prisoners Hallowe'en night. I saw them about forty yards to the west side of the schoolhouse that night. That would be about 8 o'clock. I was just coming home with a load of empty barrels. When I saw them they were standing alongside the road. Two of them had what I thought

were sticks about three feet long. They might have been guns, I couldn't tell. They spoke and said it was a pretty dark night. When we got to John Goguen's they turned in there and I left them. I will swear that none of them had a gun when I saw them. I thought they were sticks because they were white. I could not tell who they were till they came up close to me.  
Mr. Russell at this stage announced that this closed the examination of witnesses for the prosecution.  
The prisoners declined to make a statement or call witnesses and on motion of Mr. Russell, they were committed to Kent County jail to stand trial at the next sitting of the Kent County court on the third Tuesday in January. As the presiding justice has no power to take bail in the case, application will be made to Judge Wells.

Rely on a remedy time sanctions. Johnson's Anodyne Liniment was invented A. D. 1810.
