## On the Platform.

PUBLIC SPEAKERS and singers are often troubled with sore throat and hoarseness and are liable to severe bronchial attacks which might be prevented and cured by the use of Hagyard's Pectoral Balm—the best throat and lung remedy in use.

## New Bandon, N. B.

OCT. 12.—It is a long time since there has been any notes from New Bandon in THE REVIEW. I think the correspondent must have been killed at the Council election, which was a very hot affair. The contest was very close, only about 15 votes difference between the candidates. Both parties here are sore over the result, the one for being defeated, the other to think that they only gained their election by the free use of gin. Well might the Temperance society here close its doors after the way some of the members acted towards Mr. Hornbrook. Some men can pray Temperance and talk well in prayer-meeting, but what the people want is men to vote and pray the same way. Mr. Hornbrook is a leading temperance man and a good public speaker. On polling day he received the votes of three-fourths of the taxable property of the parish.

The Presbyterian congregation of New Bandon, has made arrangements to have a resident ordained missionary here for the future. The Presbyterians here are energetic, but it would look better if they were a little more united in politics.

## Harcourt.

OCT. 16.—The "Epworth League of Christian Endeavor," held a very successful social in the Wesley Memorial church on Thursday. The church was tastefully decorated in a manner that conferred great credit on the social and floral committees. A very enjoyable programme was rendered by the members of the League, the chief feature being an address by Rev. J. W. McConnell on his trip to the World's Fair. The Rev. gentleman spoke in glowing terms of the "Fair," the "White City," and the many beautiful exhibits to be seen on the Fair grounds.

Mr. Frank Humphrey spent Sunday with his parents, and returned to Campbellton on Monday.

Mrs. and Miss Bremner left for Boston on Saturday, where they will reside in future.

Mr. and Mrs. H. Wathen spent a few days of last week visiting friends in Kingston and Galloway.

Rev. Mr. Laidie occupied the pulpit of the Presbyterian church on Sabbath.

## L.

## Important to Workingmen.

Artizans, mechanics and laboring men are liable to sudden accidents and injuries as well as painful corks, stiff joints and lameness. To all thus troubled we would recommend Hagyard's Yellow Oil, the handy and reliable pain cure, for outward and internal use.

## Kingston.

OCT. 16.—Mr. and Mrs. A. J. H. Stewart, of Bathurst, are visiting the latter's parents, Mr. and Mrs. A. F. Morrison.

Bert and Horace Coates were home last week visiting their parents.

Miss Mary Wilson, (Jardineville) returned last week from St. John.

Miss Aggie Jardine left last week for St. John, in company with Mr. and Mrs. L. Robertson who have been visiting at Jardineville.

Miss Kerr, (Campbellton) is spending a few days with Mrs. O. Smith.

Mr. A. F. Morrison expects to move to New York in a few days.

Mr. Bruce Caldwell spent a few days in Kingston, partridge shooting. He gives an interesting and graphic account of an encounter with a bear which ran across his trail on one of his shooting expeditions. It puzzles him to understand why the people of Kingston are so skeptical in the matter of bear stories.

## Petit Roche, N. B.

OCT. 14.—I herewith send you a few items of interest from this beautiful and thriving locality. Every one here seems to be in a hurry, there being several parties buying potatoes for shipment to Montreal, the price is low as yet 60 cents per bbl. The average crop per farm is about 500 bbls., while some like Frenette and Jerome Comeau have over 1000 bbls each.

Municipal contest here was hot, two new men were returned, Messrs. DesBrisay and Poirier.

Mr. Scott, agent for Chase Bros., Nurserymen, has made a thorough canvass of this parish and reports good sales. The stock purchased from this firm last season looks the best ever sold here.

Mr. Miller, agent of the Singer Sewing Machine Co., is also pushing his line of business here at present. Report says that he is about purchasing the Comeau hotel. That looks like business, John.

Dr. Langis is making extensive improvements on his house. When finished it will be one of the many beautiful residences for which Petit Roche is noted.

## A Warning.

Mr. Editor:

The young man who, in the last issue of the "Plain Dealer," and over the name of the song he loves so well, made the violent attack on a number of our citizens, is hereby warned if he repeats the gross offense, his name will be given to the public. The public will then judge between him as a renovator, and the people he has undertaken to renovate.
