

THE GREAT SOUTH AMERICAN NERVINE TONIC

AND Stomach and Liver Cure

The Most Astonishing Medical Discovery of the Last One Hundred Years.

It is Pleasant to the Taste as the Sweetest Nectar. It is Safe and Harmless as the Purest Milk.

This wonderful Nervine Tonic has only recently been introduced into this country by the proprietors and manufacturers of the Great South American Nervine Tonic, and yet its great value as a curative agent has long been known by a few of the most learned physicians, who have not brought its merits and value to the knowledge of the general public.

This medicine has completely solved the problem of the cure of indigestion, dyspepsia, and diseases of the general nervous system. It is also of the greatest value in the cure of all forms of failing health from whatever cause. It performs this by the great nerve tonic qualities which it possesses, and by its great curative powers upon the digestive organs, the stomach, the liver and the bowels. No remedy compares with this wonderfully valuable Nervine Tonic as a builder and strengthener of the life forces of the human body, and as a great renewer of a broken-down constitution. It is also of more real permanent value in the treatment and cure of diseases of the lungs than any consumption remedy ever used on this continent. It is a marvelous cure for nervousness of females of all ages. Ladies who are approaching the critical period known as change in life, should not fail to use this great Nervine Tonic, almost constantly, for the space of two or three years. It will carry them safely over the danger. This great strengthener and curative is of inestimable value to the aged and infirm, because its great energizing properties will give them a new hold on life. It will add ten or fifteen years to the lives of many of those who will use a half dozen bottles of the remedy each year.

NERVOUS DISEASES.

As a cure for every class of Nervous Diseases, no remedy has been able to compare with the Nervine Tonic, which is very pleasant and harmless in all its effects upon the youngest child or the oldest and most delicate individual. Nine-tenths of all the ailments to which the human family is heir are dependent on nervous exhaustion and impaired digestion. When there is an insufficient supply of nerve food in the blood, a general state of debility of the brain, spinal marrow, and nerves is the result. Starved nerves, like starved muscles, become strong when the right kind of food is supplied; and a thousand weaknesses and ailments disappear as the nerves recover. As the nervous system must supply all the power by which the vital forces of the body are carried on, it is the first to suffer for want of perfect nutrition. Ordinary food does not contain a sufficient quantity of the kind of nutriment necessary to repair the wear our present mode of living and labor imposes upon the nerves. For this reason it becomes necessary that a nerve food be supplied. This South American Nervine has been found by analysis to contain the essential elements out of which nerve tissue is formed. This accounts for its universal adaptability to the cure of all forms of nervous derangement.

CRAWFORDSVILLE, IND., AUG. 20, '86.
To the Great South American Nervine Tonic, I owe my life. I desire to say to you that I have suffered for many years with a very serious disease of the stomach and nerves. I tried every medicine I could hear of, but nothing done me any appreciable good until I was advised to try your Great South American Nervine Tonic and Stomach and Liver Cure, and since using several bottles of it I must say that I am surprised at its wonderful powers to cure the stomach and general nervous system. If everyone knew the value of this remedy as I do you would not be able to supply the demand.

A SWORN CURE FOR ST. VITUS' DANCE OR CHOREA.
CRAWFORDSVILLE, IND., June 22, 1887.
My daughter, eleven years old, was severely afflicted with St. Vitus' Dance or Chorea. We gave her three and one-half bottles of South American Nervine and she is completely restored. I believe it will cure every case of St. Vitus' Dance. I have kept it in my family for two years, and am sure it is the greatest remedy in the world for Indigestion and Dyspepsia, and for all forms of Nervous Disorders and Failing Health, from whatever cause.

INDIGESTION AND DYSPEPSIA.

The Great South American Nervine Tonic

Which we now offer you, is the only absolutely unfailing remedy ever discovered for the cure of Indigestion, Dyspepsia, and the vast train of symptoms and horrors which are the result of disease and debility of the human stomach. No person can afford to pass by this jewel of incalculable value who is affected by disease of the stomach, because the experience and testimony of many go to prove that this is the one and only one great cure in the world for this universal destroyer. There is no case of unmalignant disease of the stomach which can resist the wonderful curative powers of the South American Nervine Tonic.

HARRIET E. HALL, of Waynetown, Ind., says:
"I owe my life to the Great South American Nervine. I had been in bed for five months from the effects of an exhausted stomach, indigestion, nervous prostration, and a general shattered condition of my whole system. Had given up all hopes of getting well. Had tried three doctors, with no relief. The first bottle of the Nervine Tonic improved me so much that I was able to walk about, and a few bottles cured me entirely. I believe it is the best medicine in the world. I can not recommend it too highly."

No remedy compares with South American Nervine as a cure for the Nerves. No remedy will at all compare with South American Nervine as a cure for all forms of failing health. It never fails to cure Indigestion and Dyspepsia. It never fails to cure Chorea or St. Vitus' Dance. Its powers to build up the whole system are wonderful in the extreme. It cures the old, the young, and the middle aged. It is a great friend to the aged and infirm. Do not neglect to use this precious boon; if you do, you may neglect the only remedy which will restore you to health. South American Nervine is perfectly safe, and very pleasant to the taste. Do not fail to use it in your cheeks, and quickly drive away your disabilities and weakness.

A Leamington Miracle.

THE TERRIBLE EFFECTS OF TYPHOID FEVER.

Mr. Joseph Robson, a well-known Farmer, is Restored to Health and Strength after Nine Years of Terrible Suffering—All Hope of Recovery had been Abandoned and He Looked upon Life as a Burden. From the Leamington Post.

Mr. Joseph Robson, whose home is on the first concession of Mersea township, about a mile from Leamington is known to almost every resident of this section. For years past, Mr. Robson has been a victim of paralysis in its worst form, and his case was regarded as hopeless not only by himself and his friends but by the doctors who had attended him.

To one who knew Mr. Robson's pitiable condition as we did, it was with no small degree of surprise and pleasure that we recently saw him drive through town sitting quite erect on a cross board in a lumber wagon, and controlling a lively team of horses. Hailing him we asked what miracle had brought about this changed condition, and asked if he had any objection to the publication of the facts connected with his case. Replying he said he would indeed be a mean man if he refused to let the public know how his wonderful recovery had been brought about. Mr. Robson then told the story of his illness and recovery about as follows:—

"About ten years ago, while living in the state of Ohio, I was taken down with an attack of typhoid fever, and for three months hung between life and death in a perfectly unconscious condition. Recovering from this I ventured out to work too soon the result being that I was taken down with a severe cold. During the first stages of my trouble I was able to move about with some difficulty, but the disease gradually fastened its hold on me and I found one sense after another becoming paralyzed. At this time my prospects in life were by no means discouraging. I owned a magnificent farm not far from Toledo, on which we had a comfortable home, and I owed not a dollar to any one. I continued to doctor with specialists and experts from all parts of the States, each one of whom promised to cure me of the disease, which they said was paralysis, but in every case they left me as bad and sometimes worse than they found me physically, and certainly worse financially. After suffering in this manner for two years my family concluded that a change of climate might do me good, and so we removed to Canada, settling where we now reside. This hope, however proved a delusion, and each year found me worse and if possible added to my misery. Life itself became a burden to me and I knew that I was worse than useless to my friends. I was unable to feed myself as my head and hands shook so that I have frequently left stabs in my chin when trying to put my fork to my mouth. It was only occasionally that I could move around at all, and then only with the aid of crutches. I lost almost entire control of my power of speech and got so bad that members of my own family could not understand what I was saying. My whole nervous system seemed undermined, and I abandoned all hope of ever again being of any use to my family. Last fall I was induced to try Dr. Williams' Pink Pills, and from that date my condition has steadily improved until to-day I am able to take my place with other men on the farm, and while my hand shakes a trifle, I am able to do a good day's work every day in the week. I am now able to walk a considerable distance, and my nervous system seems fully restored. There is not the slightest doubt that these results are entirely due to the use of Dr. Williams' Pink Pills, and I am confident that had I been able to procure this wonderful remedy when I was first taken with the disease, I would never have been where I was. The absolute truthfulness of the facts as I have given them to you can be verified by hundreds of my friends and neighbors, or by any member of my own family."

As much of the evidence contained in Mr. Robson's statement the writer can himself bear evidence. His speech, which one year ago could scarcely be understood is now perfectly distinct; his head then drooped on his chest, whereas now it is held quite firm and erect; then he could not walk across a room without holding to a chair or table, while now he can walk without difficulty.

We called upon Mr. W. J. Smith, druggist, and interrogated him in reference to the case. Mr. Smith said that he knew of Mr. Robson's ailment and that he had suffered for years as stated, and he had no doubt that it was Dr. Williams' Pink Pills that cured him. "Pink Pills," said Mr. Smith, "have a remarkable sale, which seems due to their remarkable efficacy in curing diseases arising from an impoverished condition of the blood, or an impairment of the nervous system, such as rheumatism, neuralgia, partial paralysis, locomotor ataxia, St. Vitus' dance, nervous prostration, and the tired feeling arising therefrom, the after effects of la grippe, influenza and severe colds, diseases depending on humors in the blood, such as scrofula, chronic erysipelas, etc. Pink Pills give a healthy glow to pale and sallow complexions, and are a specific for the troubles peculiar to the female system, and in the case of men they effect a radical cure in all cases arising from mental worry over work or excesses of any nature."

Mrs. ELLA A. BRATTON, of New Ross, Indiana, says:
"I cannot express how much I owe to the Nervine Tonic. My system was completely shattered, appetite gone, was coughing and spitting up blood; am sure I was in the first stages of consumption, an inheritance handed down through several generations. I began taking the Nervine Tonic, and continued its use for about six months, and am entirely cured. It is the greatest remedy for nerves, stomach and lungs I have ever seen."

What He Got.
A minister was once sent for to marry a young couple at a church about ten miles distant. When he arrived he found that although it was to be a country wedding, still it was to be a very large affair. The church was crowded, and as soon as he had taken his place at the altar the couple walked up.

Just as the solemn ceremony had been concluded, and while the eyes of the whole congregation were on them, the bridegroom took a large yellow envelope from his pocket and with a low bow presented it to the minister, at the same time saying in tones that could be heard all over the church: "That's for you."

"The minister not wishing to have it appear that he cared anything about the fee, put the envelope in his pocket, after thanking the bridegroom for it. As he had to get home before dark, he made his way out of the church, and getting into his buggy, drove off. Then he took the envelope out of his pocket and tore it open. His astonishment was great when he found that it contained only a small piece of brown paper, on which was scrawled these words: "Maria Ann and I are much obliged to you."

W. J. Garnett, of Pembroke, Maine, U. S. A., writes to say that he suffered for years with Dyspepsia in its worst forms, which finally developed into Jaundice. He was wasted to a shadow, and so nervous that the slightest noise made him start and tremble. He tried doctors and many remedies without receiving benefit. Three bottles of Hawker's Nerve and Stomach Tonic and a box of Hawker's Liver Pills cured him and restored him to health. He says, I continue to use the Liver Pills and find them a sure cure for sick headache, sour stomach and pains in the side or back.
