

INDIGESTION CURED!

FELLOWS'

Fellows' Dyspepsia Bitters are highly recommended for Biliousness, Headache, Constipation, Indigestion, Dizziness, Heartburn, Bad Breath, Loss of Appetite, Jaundice, Sour Stomach, Liver Complaint, or any disease arising from bad digestion.

PRICE 25 CENTS.

Ford's Mills.

Aug. 19th.—Correspondence seems at a low ebb at present. I somehow think the depression felt in the United States must have reached here also judging from appearances. Some people seem very down hearted; and grumbling seems to have become chronic. Those who are not complaining about their crops being so poor, and they do not know what they will do this winter, can find something else just as important in their eyes to complain about. Has it ever occurred to you, dear reader, how little we have to complain about? Within the last ten years Ford's Mills has become quite a flourishing little hamlet. Our people in general are quite healthy. We have very few deaths in comparison with some places no larger than this. The farmers in general make a comfortable living, and we have every privilege that land and water can bestow, in the shape of a good saw mill and grist mill owned by Mr. Thomas McWilliam. This is one of the best branches of the Richibucto, and a great deal of lumber is transported down this river. So, methinks, if we would stop to consider ere we would speak, we would not say we were so unfortunate as to have to live in Ford's Mills, as I heard a resident say not many days ago.

The tea meeting held in "Ford's Grove" on the 16th, under the auspices of the Presbyterian church was a decided success. The afternoon was very unfavorable, but withal there was a large crowd in attendance. The day being cold and dreary did not prevent our young knights from showing up to good advantage, and it speaks well for them that—"the young men of Ford's Mills are very agreeable, and did their best to make all enjoy themselves." We do like to see our boys come to the front when the occasion demands it.

Miss Jessie Cail will leave here for the "land of the free" on the 21st. Good-bye, Jessie, and the best wishes of your friends attend you.

Mrs. James Boyce has been seriously ill but is slowly improving.

Mr. G. W. Spencer and Mr. D. Carruthers, of Upper Mill Branch, are very ill, and have been for some time.

Mrs. John Beers, of Canaan Settlement, is very ill. Her friends, husband, and three little children have the deep sympathy of the community.

Rev. Mr. Steven is located here as pastor of the Presbyterian church. We extend him a hearty welcome, and may his field of labor be recalled with pleasure in after years. He is a very energetic man, judging from what we have seen and heard, and may strength be awarded him according to his needs to carry on the work that is before him. Now, I must say good-bye from this time.

CELIA.

"How to Cure all Skin Diseases." Simply apply "SWAYNE'S OINTMENT." No internal medicine required. Cures tetter, eczema, itch, all eruptions on the face, hands, nose, etc., leaving the skin clear, white and healthy. Its great healing and curative powers are possessed by no other remedy. Ask your druggist for SWAYNE'S OINTMENT. Lyman Sons & Co., Montreal, wholesale agents.

Chatham Notes.

The townfolk were greatly disappointed in the postponement of the Methodist picnic on account of the rain last week. It is to be hoped that Monday will be more favorable for the occasion.

Notwithstanding the heavy rain on Tuesday, the Nelson picnic and ceremony of laying the corner stone of the new R. C. stone church was carried out. There is to be a picnic the first or second week in September at Fr. Morrissey's at Bartibogue. As these picnics have always been successful there will be a big time expected.

There is quite a stir in shipping circles at present there being eight or ten large square rigged vessels in, besides a number of schooners. The barge "Mabel" is also discharging coal at the Fibre Company's wharf. The S.S. "Douglas H. Thomas" is due this week with the barge "Lizzie" in tow. The Irish frigate "Lavinia," commanded by the loyal Captain Redmond, is discharging Scotch coal for Mr. Snowball. Capt. Redmond is well known to many at Ford's Mills, Chatham and St. John thanks especially to the former owing to his heroic escape from France in company with Mr. Edward LeBlanc last summer between Richibucto and Kingston.

There are quite a number of visitors from across the line. Mr. Joseph Idone, the Boston musician, is spending a vacation in Chatham.

Miss Grace Buckley, of Chicago, has returned to her native place, having taken in the principal features of the "World's Fair" before leaving the west.

Mr. Wm. H. McLeod, of Richibucto, passed through Chatham last week.

A little boy named Foley was drowned in the boom at Snowball's mill on Saturday week, while bathing.

Miss Churchill, of Yarmouth, N. S., is visiting her sister, Mrs. Capt. Ritchie, of the ship "Steenvora."

Miss Lizzie Fraser has returned to take charge of her school at Bartibogue bridge.

Miss Phillips, of Fredericton, is to teach in the Middle Island school.

Mr. Read, of the steamer "Loyalist," spent Sunday in town.

Mrs. Alex. McFarlane, children and nurse left for a short visit to her home in Point Sapin.

SATELLEITE.

Rheumatism Cured in a Day.

South American Rheumatic Cure for Rheumatism and Neuralgia radically cures in 1 to 3 days. Its action upon the system is remarkable and mysterious. It removes at once the cause and the disease immediately disappears. The first dose greatly benefits. 75 cents. For sale by W. W. Short, druggist, agent for Kent Co. *

Buctouche.

AUG. 22.—The unsightly heaps of charred timbers and ashes—relics of two fires—have nearly disappeared, and the village is being restored rapidly to its old-time appearance of prosperity. The new buildings, many of which are nearly completed, are neater and better structures, as a rule, than the old ones they replace. Capt. Clovis Chase and E. J. L. LeBlanc, although burned out for the second time, only about a month ago, have the exteriors of their new buildings nearly completed. This is the fourth time, within five years, that Mr. LeBlanc has been compelled to build or make extensive repairs on account of fire.

Mr. John Walker has begun the erection of a new dwelling on the south side of the main street, above the bridge. Mr. John Irving also began this week to build a new store. It will occupy the site of his old store, destroyed by the big fire.

Mr. B. H. Foley and Mr. Anthony Grattan's new stores and dwellings are nearing completion. The plasterers are at work in each. Mr. Theriault's new hotel, and the new parsonage for Rev. Mr. McLaughlin are likewise almost ready for occupation.

On the street leading north from Mr. B. H. Foley's, Mr. Richard Sutton and Collector LeBlanc are having new dwellings built.

Mr. A. D. Cormier intends to build on the lot adjoining his store, and several others expect to have new houses before the snow flies.

Rev. Fathers Lanclais and L'Abbe, of Memramcook, and Cormier, of Cocagne, visited Buctouche last week.

Rev. Father Michaud is at St. Joseph's College this week, attending the annual retreat of the clergy of the diocese of St. John.

The annual picnic of the Catholic congregation will be held next week, on the 29th and 30th instants. The site will be the same as last year—on the beautiful grounds between the presbytery and the main river. X.

Mining News.

Mining experts note that cholera never attacks the bowels of the earth, but humanity in general find it necessary to use Dr. Fowler's Extract of Wild Strawberry for bowel complaints, dysentery, diarrhoea, etc. It is a sure cure. *

The Buctouche Picnic.

The grand annual picnic held in connection with the R. C. church, Buctouche, will be held on the 29th and 30th inst. Many reasons should contribute to make the affair a success, as the proceeds are destined to go towards meeting the heavy losses sustained by the parish, by the calamities of a few years ago. The terrific cyclone of 1879, which destroyed 130 buildings in the locality including the priest's house and outbuildings, and left the church almost in ruins, will not soon be forgotten. When this damage was repaired at much sacrifice, the church was burned to the ground in 1886 without a cent of insurance. A new frame was at once put up only to be completely destroyed by the furious gale of 1887. Rev. Fr. Michaud, the pastor, was, however, not discouraged by these reverses. He and his people again went to work, and have succeeded in erecting one of the most imposing places of worship on our coast. What an amount of patience, of courage, of sacrifice was needed to show such a sacrifice! But the expenses were enormous, and all the sympathetic people of the county should lend a helping hand to the afflicted parish. "Charity covers a multitude of sins," says the Bible, and every citizen of the county should generously and charitably and mercifully patronize the picnic to be held in Buctouche on the 29th and 30th. Remember the day and date.

On Tuesday last we received one of a party of three who drove from Point du Chene to Memramcook—a distance of upwards of 100 miles. It is a fine, well equipped wagon with a single horse, which Mr. John Macdonald, of the town, is driving, and which was brought by Mr. Macdonald back to Buctouche in an hour and fifteen minutes. It is, considering the state of the roads owing to the late rains, a very good road. The horse, which was apparently none the

USE SKODAS' DISCOVERY. The Great Blood and Nerve Remedy.

Aug. 18.—The farmers have finished laying, and harvest is coming on rapidly. There are large fields of grain ripe already. The weather has been so wet, that very few have begun cutting yet.

Mr. James Hanson is finishing his house outside and in, and greatly improved its appearance. It is now as neat a little cottage as one could wish to see.

Mr. Walker's mill is running with a full crew. During the dry weather, the water was very low, but now there is no scarcity of water any place. The lumber that could not be driven down in the spring, has all been brought down with the late rains.

Mrs. Angus McLean is quite poorly, but we hope soon to see her around again. Drs. Keith and Ferguson are attending on her.

We are sorry to say good-bye to Miss Maggie Brown, who leaves us this afternoon for Fredericton. She came home last April, and since that time, has lost her sister and mother. The family have the sympathy of the community in their double bereavement.

Schools here reopened on Monday. We are pleased to see our popular teacher, Mr. Clarke, back again.

Rheumatism in the Knees.

SIRS.—About two years ago I took rheumatism in the knees, which became so bad that I could hardly go up or down stairs without help. All medicines failed until I was induced to try B. B. E. By the time I had taken the second bottle I was greatly relieved, and the third bottle completely removed the pain and stiffness. AMOS BECKRED, Morrisburg, Ont.

Escuminae.

August 17th.—It is some time since I have seen any notes from Escuminae in THE REVIEW, so I send a few this week.

The basket social held at Wilson's Hall Wednesday, 16th inst., was quite a success. We were very much pleased to see present so many of our Chatham friends who came to our assistance with full baskets, the Misses Setson, Misses Flieger, Mrs. Moar and others brought excellent baskets. Among the gentlemen from Chatham were Mr. Jas. Vanstone, Mr. John Irvine, and our old acquaintance, Mr. Henry Sinclair, and last but not least Mr. Elmer Porter, of Douglastown. Our village boys Mr. Thos. McMaster, Mr. Chas. Mills, Mr. Carr, Mr. S. Gregan and Mr. W. Chapman also favored us with their presence.

Crops are looking fairly well down here.

Mackerel fishing is at a standstill at present.

Mr. W. S. Loggie is enlarging his fishing establishment at Point Escuminae.

Mr. M. Jimmo, lobster packer, of Herling Cove, has gone out of business. T.

From Bar Island.

This is to certify that I have had Rheumatism and have used SCOTT'S CURE FOR RHEUMATISM with great satisfaction, and I feel it my duty to recommend it to the world at large for its great value. Yours truly, JOHN W. BENTON.

Mohus River Items.

AUG. 15.—The weather has been very hot for the past week. The farmers are all through with their hay, with one or two exceptions.

The rain Sunday and Monday was welcomed by J. B. Miller, who got the remainder of his drive out yesterday.

Miss Mina B. Olsen intends going to Campbellton in a few days to meet her father and brother, who are taking charge of a building for James Brown.

Wm. Stevenson, jr., is talking of going to Campbellton, too. He will be much missed by some of our fair ones.

Miss Mary B. Dargavel has returned home. Her friends were glad to see her back again looking so well.

The excitement caused by the slugging match which took place on Miller's bridge a few days ago between some of our young men has all died away.

Love spats are quite common at the upper part of Mohus river.

ALDER, WATTEL.

RELIEF IN SIX HOURS.—Distressing Kidney and Bladder diseases, relieved in six hours by the "Great South American Kidney Cure." This new remedy is a great surprise and delight to physicians on account of its exceeding promptness in relieving pain in the bladder, kidneys, back and every part of the urinary passages in male or female. It relieves retention of water and pain in passing, it cures immediately. If you wish quick relief, such as this is your remedy. Sold by W. W. Short, druggist.

Tragic Tragedies.

On Tuesday last we received one of a party of three who drove from Point du Chene to Memramcook—a distance of upwards of 100 miles. It is a fine, well equipped wagon with a single horse, which Mr. John Macdonald, of the town, is driving, and which was brought by Mr. Macdonald back to Buctouche in an hour and fifteen minutes. It is, considering the state of the roads owing to the late rains, a very good road. The horse, which was apparently none the

worse for this amount of driving, was sired by Hodge's Goldleaf, a horse that was burned to death some time ago in a Buctouche fire. When we reached Shediac by train, almost the first persons we met were the friends we had left at Memramcook, still recognizable, though much bespattered with mud.—P. E. I. Agriculturist.

Bargains! We told the people last week we had bargains. They came and saw them and were satisfied they were just as represented and bought largely. We are told this is not pleasing to uptown merchants. It's not our fault. They have offered red sales—they have offered the shadow, we have given the substance—the goods the people want. In addition to bargains before offered we are this week giving a line of Corsets, size 20 to 27, for 25 cts. Men's heavy ribbed grey and flesh undershirts and drawers, 25 cts. each, and also a full range of the fine qualities. Fall stock is arriving every day and will be sold at down-town prices.

J. FLANAGAN.

Cocagne Items.

Vacation has come and gone again, so say all the teachers, of which we have a goodly number here in Cocagne. Changes have taken place of course, during holidays, and many will find themselves to-day resuming their duties in new fields. Mr. Alfred D. Bourgeois opens the school again in the Bar. Miss Emma Goguin has charge of the Cape school, while Misses Maggie White and Olymp Bilodeau are to teach at Shediac Bridge and Cocagne respectively. Our school was opened by Mr. Legere, the school in Fr. Cormier's parish by Miss Bourque of Buctouche. Miss St. Peter is to teach in Grand Digue, and Mr. D. A. Bourgeois and Miss Mary Bourque have schools in the parish of St. Mary's. Miss Belliveau and Miss Daigle have charge of schools near Scovil's Mills. DIXIE.

Vigilant Care.

Vigilance is necessary against unexpected attacks of summer complaints. No remedy is so well-known or so successful in this class of diseases as Dr. Fowler's Extract of Wild Strawberry. Keep it in the house as a safe-guard. *

An Able Lawyer.

One day when I was in one of the mountain county seats of Kentucky I dropped into the court-house to listen to a case in which one man was suing another for the recovery of a horse. A couple of hours after the case had been decided I met the defendant on the street.

"Well," I said to him, "that fellow didn't get your horse, did he?"

"Not much," he replied, but not as cheerfully as I expected.

"There was a time there," I went on, "when I thought you'd have to walk home sure."

"Yes," he said, "it did look that a-way, but that lawyer ur mine wuz too peart fer him. Fine lawyer he is."

"Very good," I affirmed. "How far do you live from here?"

"Ten miles, the way I've got to go."

"That isn't so bad when a man has a horse to ride."

"But I hain't," he said lugubriously.

"Why not? Didn't you jest recover him?"

"Ya-as," he hesitated, "but I had to give him to that dern lawyer fer his fee."

Piles! Piles! Itching Piles.

SYMPTOMS.—Moisture; intense itching and stinging, most at night; worse by scratching. If allowed to continue tumors form, which often bleed and ulcerate, becoming very sore. SWAYNE'S Ointment stops the itching and bleeding, heals ulceration, and in most cases removes the tumors. At druggists, or by mail, for 50 cents. Dr. Swayne & Son, Philadelphia. Lyman Sons & Co., Montreal, wholesale agents.

BORN.

MCBEATH.—At Richibucto, on the 9th inst., to the wife of Mr. Donald McBeath, a daughter.

GIRVAN.—At Galloway, on the 28th July, to the wife of Mr. James T. Girvan, a son.

WRIGHT.—At Kingston, on July 2nd, to the wife of Mr. Geo. Wright, a daughter.

DIED.

THEBIAULT.—At Buctouche, on Friday, the 11th instant, the infant child of P. H. and Cecile Theriault, aged three months.

NERVE BEANS.

NERVE BEANS are a new discovery that cure the worst cases of Nervous Debility, Headache, Pain, and all ailments of the system, and are sold by W. W. Short, druggist.

NOTICE!

All my patients who still continue taking medicine, I will be glad to see them, and they will find a supply of the following medicines: Dr. PROLOGUE'S BILE WATER AND OINTMENT, THE GREAT BLOOD PURIFIER, SWAYNE'S Ointment, and all the medicines sold by W. W. Short, druggist.

NOW LOOK HERE.

WHY DON'T YOU get the best value out of your clothes? You can do that by sending them to UNGAR'S to have dyed. Dyeing of every description is done well if done at UNGAR'S. Send your laundry and dyeing work to our local agent.
