CURED BY USING

Ayer's Sarsaparilla

"Several years ago, my blood was in

bad condition, my system all run down,

and my general health very much im-

paired. My hands were covered with

sores, discharging all the time. I had

no strength nor energy and my feel-

ings were miserable in the extreme. At

last, I commenced taking Ayer's Sarsa-

parilla and soon noticed a change for the

better. My appetite returned and with

it, renewed strength. Encouraged by

these results, I kept on taking the Sarsa-

parilla, till I had used six bottles, and

my health was restored."—A. A. Towns,

Men and Women Who Are Martyrs to Rheumatism Can Be Thoroughly Cured

PAIN'S CELERY COMPOUND THE INFALLIBLE REMEDY.

The great modern triumph of medical science is Paine's Celery Compound. Its marvellous curing powers are talked of in every quarter of the civilized world, and the ablest physicians are astonished with its life-giving and health-restoring results.

As a positive cure for rheumatism and sciatica, Paine's Celery Compound has no equal known to man. In Canada alone this wonderful medicine has cured more rheumatic men and women than have been cured by all other combined agencies. The most obstinate and most desperate cases have been met with perfect success. Hundreds of testimonials from the very best people of Canada support every claim made for Paine's Celery Compound.

Are you suffering from rheumatism or sciatica, dear reader? Have you met with reverses and failures in the past through the use of deceptive and worthless preparations? There are many we know who have been driven deeper into suffering and agonies owing to experiments with pills and mixtures and compounds that are positively harmful and dangerous.

If you are now using any such medicine stop them at once, if you value your life. Ask your druggist or dealer for Paine's Celery Compound, that will surely and certainly banish your trouble.

The following letter from Mr. G. J. McDonald, merchant tailor, of Cornwall, Ont., demonstrates the superiority of nature's medicine:—

"After having given your Paine's Celery Compound a thorough testing, I am pleased to say a few words in its favor. For three years I suffered terribly from rheumatism. It seemed to me that I was forced to endure all the agonies and pains that a mortal could possibly experience from the dreadful disease.

"While suffering I tried many of the advertised medicine and also doctors prescription; but never found a cure until I procured a supply of Paine's Celery Compound from McHaffie & Elvidge, druggists, of this town. Paine's Celery Compound worked like a charm—it seemed to strike at the very root of my trouble. I am now cured; all pains are banished, and in every respect I am a new man.

"I shall always consider it a pleasure and duty to strongly recommend Paine's Celery Compound to all who are afflicted with rheumatism."

Coal Branch and Vicinity.

Nov. 26.—We hear that Mr. F. E. King is about to leave us. His many friends wish him every success and a soft snap.

Mr. Harry Cassidy left for Lawrence, Mass., last Tuesday. His many friends trust he has not gone "to stay."

Mr. John McKinnon, of Moncton, spent a day in town, last week, the guest of his sister, Mrs. A. Hudson.

Mrs. John Woods and her son Johnnie, have returned to their home in Lynn, Mass.

Walter says his new dog is a "dandy." Look out for the cows on "the hill," Howard.

Mr. Thomas Swift leaves to-morrow for Shepody, Albert Co., where he intends working in the lumber woods for the winter. You will be "out of sight" then, Thos.

James has left for the lumber woods, leaving an aching void in at least one heart. Is it "the widow's?"

The members of the I. O. G. T., purpose giving a concert in the near future for the benefit of the lodge.

Mr. Richard Little has moved in his new house, which presents a beautiful appearance.

Miss Jane Kennedy, of Adamsville, spent last Sunday with friends in this place.

The "printer's devil," assisted by a certain baggage-master, (who runs on the accommodation train), sent some more notes to the "Plain Dealer," last week. You had better choose a more capable tutoress, James, as "S" is a very poor composer, and was never known to tell the truth.

SALLY.

Mr. James Little, who spent the past summer at his home here, left Friday last for Salem, Mass., where he has secured lucrative employment. He will be much missed by certain of our fair sex, among whom Jimmy was a prime favorite.

Wm. Kenny has just completed his pretty little house on the hill, which now presents a very fine appearance. Bill is a hustler and keeps things moving.

Walter Howard, I. C. R. student, is making rapid progress under the tuition of our popular agent Fred King. Fred gives his students every attention.

The latest social event was the grand tea and dance given by the genial Fred Little and his good lady, which (but for a single hitch brought about by the rather free use of Harcourt fire water which Fred had with the best intentions, brought in to refresh the violinist during his arduous work,) would have been the event of the season. Fred vows that he will shun Harcourt whiskey hereafter.

Our schools under the care of Miss Sullivan and Miss Masterton, are doing good work.

Dr. Talmage is said to receive \$500 for a lecture, and sometimes \$1000. He makes more money out of his lectures than any other man on the platform. Col. Ingersoll's price is \$500, while Dr. McGlynn, Joseph Cook and others of the same rank of lecturers command from \$100 to \$150.

The boiler of Eserry's saw mill at Monticello, Ont., exploded Wednesday, blowing the mill to pieces and killing Robert McQuarrie and Alex. Darraugh. Several other men were injured, some so badly they may die.

Andrew Onderdonk, of Chicago, who built the British Columbia section of the C. P. R., gets the largest share of the Trent canal contract. His section aggregates \$475,000. Hogan and McDonald of Montreal get the other section, aggregating \$250,000.

Clara B. Ford, a mulatto, has confessed at Toronto to having shot Frank Westwood, who was killed two months ago while standing in the doorway of his father's residence. The woman had been in the custom of masquerading in masculine clothing, and Westwood had made some remark respecting her appearance. So far no other motive appears.

The marriage contract of the Czar and Princess Alix was signed Friday by M. De Giers, minister of Foreign affairs, and Count Voronoff Dashkoff, minister of the imperial household. It contains certain provisions for the bride, both during the Czar's life and in the event of his death.

It is announced semi-officially at Rome that as Brazil has not accepted Italy's proposal to submit to arbitration the questions pending between the countries as regards the treatment of Italians at Brazilian ports, and that if president DeMoraes continues his policy of delay, Italy will take decisive steps to protect her subjects in the republic.

AVOID TROUBLE AT HOME.

Use Only the Reliable Diamond Dyes.

It is well known that the ladies of Canada often experience trials and tribulations in the household management. These small but irritating troubles can be avoided if a little care and common sense is exercised. Women who go on suffering these little miseries have themselves to blame, as they suffer through their own carelessness and inexperience. Today, one great source of annoyance in the household is the use of poor imitation dyes for domestic dyeing. In some section of our land, the ladies have lifted up their voice against them in a way which cannot be misunderstood. These imitation dyes have caused not only great loss of material and money, but anger and heartache as well. All these domestic trial and tribulations are avoided when Diamond Dyes are used. By their use work is well and quickly done; results are always grand and the colors are brilliant and lasting.

Ladies who have used Diamond Dyes for the last ten years know their great worth and possibilities. Avoid all imitation dyes, and always insist upon getting Diamond Dyes from your druggist or dealer.
