ADMITTED

READ RULE XV.

"Articles that are in any way dangerous or offensive, also patent medicines, nostrums, and empirical preparations, whose ingredients are concealed, will not be admitted to the Exposition."

Why was Ayer's Sarsaparilla admitted? Because it is not a patent medicine, not a nostrum, nor a secret preparation, not dangerous, not an experiment, and because it is all that a family medicine should be.

OPENING OF THE FISHING SEASON.

The Largest Catch in The History of The Industry.

Saturday, 1st Dec., was the time appointed for the opening of the smelt fishing season, but owing to the favorable weather, the fishermen were permitted to set their nets a couple of days sooner. Although the spring tides were almost done before any nets were set, some of the catches were the largest ever made in the history of the industry. Owing to want of ice, however, not more than about half the nets could be got out—and these far up the rivers, where, by the way, the bulk of the fish seem to gather in the first part of the season, but all these were unfortunately lucky in their catches. From one-half ton to a ton per net was quite common, and in some cases two or three tons were taken in one tide. Not on the Richibucto alone was the catch unprecedented, but on the Buctouche, Cocagne, Kouchibouguac, Kouchibouguac and all their tributaries large hauls were made. Mr. Dennis Daigle, of St. Charles, caught two and a half tons with one net in one tide; Mr. P. Blanchard, of St. Louis, got two tons; Mr. Robert Lawson, of Main River, is said to have caught five tons in three days; and Mr. Lazar Guimond, of St. Louis, who operates a number of nets, had eight tons into the market on Saturday. He says that he never saw such quantities of fish taken. The most conservative estimates place the catch in the different rivers in this county up to Saturday night at one hundred and twenty-five tons, and they still continue to be caught, though in smaller quantities. This is owing to the tides neaping off. The next springs will, in all probability, bring the fish in even greater quantities. The roads and streets are almost blocked with teams and the buyers can scarcely weigh the fish as fast as they are brought in. All the men and boys that can be procured are busily engaged packing and preparing the fish for market, and every packing establishment is a veritable hive of busy employees. The price paid ranges from two cents to two and a quarter per lb., according to quality and condition of the fish. It is estimated that fifty tons were bought in town on Saturday, and three thousand dollars were drawn out of the bank at Kingston the same day. This amount has, no doubt, been distributed among the fishermen. Messrs. A. & R. Loggie, W. J. Emerson, G. W. Robertson and W. S. Loggie & Co., are the principal buyers. These firms all have agents in Kingston, Buctouche, Kouchibouguac, St. Louis and other places, and scouters with teams on the go from morning till night. A healthy opposition is thus kept up. Every pound of fish is paid for as soon as weighed, and fishermen get the best of satisfaction. The facility with which the fish can be prepared for market is remarkable. The weather is quite favorable for keeping the fish and it is to be hoped they can be got to market in good condition and that the parties engaged in the shipping will reap the profits their energy and enterprise so richly deserve. Altogether the smelt fishing is a bonanza to the people of Kent County as well as those of the North Shore counties of New Brunswick. Its success or failure effects nearly everybody either directly or indirectly, and all should unite in thankfulness to the Author of all good for the blessings of a bountiful fish harvest.

Buctouche Notes.

DEC. 3rd.—One hundred tons of smelts in two days is very good work, but such is the Buctouche news. All sold at two cents. Irving Bros. shipped one carload to-day. Smelts have never been so plentiful for years as they have been during the past three days.

The paymaster for the public wharf visited Buctouche last Wednesday, and paid out over \$1200. Some claims are reported still unsettled.

Considerable change in the working staff of the B. & M. railway is reported to take place on the 10th inst.

The Hall is being plastered and will soon be made much more comfortable.

Miss L. Doherty spent Sunday with her sister, Mrs. J. A. Irving.

Miss S. McManus is visiting her sister, Mrs. J. Hughes, in Moncton, this week.

B. S. Smith and family are moving to Moncton, in order to be nearer his business.

Although Mr. J. W. Hannagan is reported by the Cocagne correspondent as having been unsuccessful in bagging any game in his recent hunting expedition, still he feels consoled for having lost his brace of birds in being presented with a box of monkeys, real live ones too, although partially domesticated. They are to be placed on exhibition at the hall on the night of the concert, and will no doubt prove quite a drawing card, as many who have never seen a real live box of monkeys will be desirous of seeing their quaint antics. In the meantime, the brace of birds, if found, will be placed on exhibition at the same time. People can then see what was lost and what was found.

There is to be a public hall benefit concert on the 21st inst. No doubt a good time may be expected, as Buctouche can't be beat.

Kent Junction.

DEC. 3rd.—A very successful concert was given Tuesday, Nov. 22nd, by the school children under the direction of their teacher. The programme consisted of recitations, choruses, readings and solos. The proceeds went for new seats and desks for the school room, which have since been put in.

Mr. and Mrs. J. W. Morton spent Friday evening in Harcourt.

Miss Clark, accompanied by Miss Lizzie Morton, went to her home in Newcastle, to spend Thanksgiving.

Miss Maude Lounsbury also returned to Newcastle the same day.

Mr. T. W. Butler, the rising young attorney of Newcastle, made a pleasant call at the Depot House on Thursday.

Miss Lillian Morton went to her home in West Branch, to spend Sunday.

Mr. J. S. Stevenson returned from his trip to Uncle Sam's country on Friday last.

Mr. Hiram Legooft has gone to Richibucto, where he intends spending the winter.

Mr. C. Blakeney went out to Harcourt one evening last week.

We understand that someone has said that the Richibucto rifleman nearly won the rifle so cleverly taken by Mr. H. Legooft. This is a mistake, as the best shot by Richibucto was far behind that of Kent Junction.

The K. N. R. ran a special trip on Wednesday, to enable Mr. Wilmot Brown to catch the evening train going south. Mr. Brown returned Friday.

Mrs. Wood spent Sunday in Acadiaville.

Rev. Mr. Smith preached an able sermon here, on Sunday, and while in town he was the guest of Mr. and Mrs. Thos. McPherson.

Acadiaville Notes.

DEC. 1st.—Mrs. P. E. Gallant left one day last week to meet her husband in the United States.

Mrs. Martin Noonan took the same track, yesterday.

Mr. R. J. Morton has been appointed Postmaster for Acadia Siding.

Mr. Joseph Blanchard went to Marysville one day last week, and came back with a fine lady in the person of Catherine Henry. The bride has received a horse-load of beautiful presents. Mr. Blanchard is one of our best farmers and we wish him every success.

The wolves are very quiet now after having tramped the road solid from the centre to the turn of the road.

What has done this place more harm, the failure of P. E. Gallant or the case of Maillet vs. Pineau? Evidently neither has done it any good.

Trade is somewhat dull this season. Lumbering is done on a very small scale. Tenders are called for a new bridge on the Squirrel road leading from the chapel to the North Fork.

Mr. Clement Daigle has been appointed by-road Commissioner.

The man with the big character has quit selling meat and has gone fishing eels with his grand companion.

I wonder if Charlie, the great writer, is still of the opinion that David killed Abraham.

Dame rumor says that our Councillors are to pay a visit to all their electors. We don't know what for.

MACROIRE.

Mrs. Tom Arsenault is recovering from a severe illness.

Messrs. Jude Finigan and David Mazerolle are putting up a large building for G. W. Robertson on south beach.

Miss E. Chandler is visiting friends on this side of the river.

Mr. James Flanagan had a wood chopping frolic on Wednesday, 21st. Both old and young enjoyed themselves. Dancing was kept up till the wee sma' hours. Mr. R. Goldie furnished the music. Among those present were Misses Sarah Michaud, Janie Long, Maggie Daigle Alma and Jennie Irving, and others. We have not heard who was belle yet, but our friend Jack says that a certain young lady was best looking girl and best dancer there. Girls, look out for your laurels.

Messrs. Alex. Doucet and John Finigan are home again. Their many friends are glad to see them.

Mr. Robert Campbell paid St. Louis a flying visit one day last week.

Messrs. James Long and Jas. Flanagan are building a winter dwelling.

Miss Ellen Arsenault is visiting her home in Peter's Mills.

Miss Jane O'Brien is home for the winter.

DUCK.

Pleasant As Syrup.

Mr. Douglas Ford, Toronto, Ont., states that Milburn's Cod Liver Oil Emulsion with Wild Cherry Bark is free from objectionable taste, being almost as pleasant as syrup, while for coughs and colds it gives complete satisfaction, acting promptly even in obstinate cases.

A NOBLE BENEFACITOR.

HIS GRAND DISCOVERY HAS BLESSED THE WORLD.

PAINE'S CELERY COMPOUND CURES MR. C. F. KEVILL, OF DUNSFORD, ONT.

Most Important Testimony From the Cured Man—Kidney Disease Was Dragging Him to the Grave—Intense Suffering Borne for 15 Years—All the Ordinary Medicines had Failed to Meet the Case—A Trial Was Made of Paine's Celery Compound—Two Bottles of the Life-giving Medicine Banished every Trace of Disease.

The world has never had a grander or nobler benefactor than Prof. Edward E. Phelps, M. D., L. L. D. He was the discoverer of Paine's Celery Compound, that marvellous curing medicine that has dragged so many victims of kidney disease, from the brink of the grave.

Thousands of cured men and women have already contributed their grateful testimony to the extraordinary curing powers of the great medicines in cases of kidney and liver troubles, Bright's disease, palpitation of the heart, dyspepsia and indigestion, nervousness, loss of sleep, depression of spirits, sick headache, loss of vital forces, rheumatism, sciatica and neuralgia; and new testimony is coming in every day from all sections of Canada.

Paine's Celery Compound is doing a work among the sick and diseased that no other medicine has ever done; it cures the worst cases and raises up those who have been pronounced incurable. The following testimony from Mr. C. F. Kevill, of Dunsford, Ont., is strong convincing, cheering, and comforting:

"I wish to testify in favor of the wonderful curative powers of Paine's Celery Compound for two reasons; first in justice to the proprietor; and secondly, for the benefit of suffering humanity.

"For the past fifteen years I have been troubled with diseased kidneys. I am engaged in the manufacture of cheese, and am obliged to work more or less in a stooping posture. At times I found it almost impossible to work owing to severe pains across my kidneys. Often after working in a stooping position for a time, I would find it very difficult to straighten up at once, and only do so after repeated efforts.

"Of late years, while laboring under these severe attacks, I became very nervous, and continually had tired, worn-out feelings. My rest at night seemed to do me no good, and I always felt tired out in the morning.

"I had been taking various medicines and was getting worse all the time. At last I decided to give Paine's Celery Compound a trial. I procured a bottle, and took it according to directions, and found its effects wonderful. Before I had used the first bottle I began to improve; after I used the second bottle I felt as well as ever I did in my life. It had banished all aches and pains, my nervousness was all gone, and the tired and worn-out feelings were banished. I can go to bed now and sleep well, and rise in the morning rested and refreshed.

"I have recommended Paine's Celery Compound to my friends who were suffering from the same troubles as I had, and all have been greatly benefited. Knowing what it has done, I can cheerfully recommend it to any person suffering from kidney disease."

BURDOCK BLOOD BITTERS

THREE RUNNING SORES

PHYSICIANS FAILED BUT B.B.B. CURED

DEAR SIR—After having used Burdock Blood Bitters for Scrofula in the blood, I feel it my duty to make known the results. I had three running sores on my neck which could not be healed until I tried B.B.B., which healed them completely, leaving the skin and flesh as sound and whole as long as I live. I shall speak of the virtues of B.B.B., and I feel grateful to Providence that such a medicine is provided for sufferers.

A SCALY ERUPTION

UNENDURABLE ITCHING

Suffered Three Years—Now Perfectly Cured by B.B.B.

GENTLEMEN—I have used Burdock Blood Bitters for skin diseases, from which I have been a sufferer for three years. I have used six bottles and am now entirely cured. I tried other remedies such as Donaghy's Medical Discovery and the Cuticura Remedies, but all to no good. I doctored one year with the best physicians in the land; they pronounced my disease a Scaly Eruption, but could not remove it. It came on in red blotches and spread over my body; the skin became dry and formed hard dry scales. The itching was intolerable, but I was now completely cured, and I owe it all to B.B.B.
