

Goes to Europe for Treatment

Suffering For Years from Insomnia and Nervous Debility—Prostrated, Exhausted—No Vitality—No Rest Until "Nature's Sweet Restorer," South American Nervine Tonic, Built up the Nervous Organism, and Gave Back to the Worn and Exhausted Nerve-Centres their Wanted Vigor.

ADOLPHE LABODIE, B.C.L., J.P., OF THE WELL-KNOWN LEGAL FIRM OF LABODIE & LABODIE, MONTREAL.

For four generations the remarkable family of LaBodie have been prominently identified with the legal and professional life of Montreal. A long line of active, intellectual men, whose ambition to rise to prominence meant a constant drain upon the nerve forces and a tremendous demand for brain power. Mr. Adolphe LaBodie, B.C.L., J.P., etc., has for seventeen years been actively engaged in the legal profession, living, as the duties of intellectual men of this fast age demand, beyond the reserve limit of natural nerve force, requiring more of the nerve centres at the base of the brain than they can possibly fulfil, which always results in nervous prostration, dyspepsia, hot flashes, insomnia, constipation, and attendant evils.

Mr. LaBodie spared neither time nor money to obtain relief, went to Europe for special treatment, all to no purpose. His attention being directed to South American Nervine Tonic, he concluded to try it. Result—immediate relief from insomnia, and a perfect and permanent cure from all other disorders, with but five bottles of the Nervine.

Mr. Adolphe LaBodie, under date of April 27th, writes from Montreal:—"I was suffering from insomnia and nervous debility; prostration and exhaustion, rather than rest, followed a night's experience. I took five bottles of South American Nervine, and am wholly recovered, and now enjoy restful nights. I have tried many remedies, have been treated in Europe, and can say with truthful emphasis that the South American nervine has cured me."

There is reason in all things: business reasons in business, truthful reasons in truth. Mr. LaBodie's statement herewith is the truthful reason why, if South American Nervine Tonic cured him, it will cure you. It is the nerve builder for brain workers. Brain and stomach cannot both work at the same time with healthful and happy issues. One must suffer. Intense intellectual activity produces indigestion because the brain is consuming all the nerve power. South American Nervine Tonic holds nature to a happy poise, and life and its duties swing to fruitful success.

That man or woman who is daily ministering to the highest needs of his and her fellow mortals is an angel in human form.

Thousands of cases of rheumatism have been cured by Hood's Sarsaparilla. This is abundant reason for relief that it will cure you.

If the hair has been made to grow a natural color on bald heads in thousands of cases, by using Hall's Hair Renewer, why will it not in your case?

The only permanent cure for chronic catarrh is to thoroughly expel the poison from the system by the faithful and persistent use of Ayer's Sarsaparilla. This wonderful remedy proves successful when all other treatment has failed to relieve the sufferer.

A Maryland man has a hunting terrapin, the only one of which there is any record. It has been taught to lure its fellows out of the soft mud of the creeks and last year the "catch" of terrapins through the aid of the "hunter" yielded a sum exceeding \$6,000.

"I have spent thousands of dollars and been in the best hospitals of Europe and America under treatment for catarrh," said a gentleman recently, "and have never received so much genuine relief as I have from a twenty-five cent box of Hawker's catarrh cure."

Some good, motherly women in Ohio have determined that to stop the cruel slaughter of the seal they will abstain from wearing the fur of the persecuted animal. If the movement becomes at all general there will be many well-pleased husbands and fathers in the land.

As an emergency medicine, Ayer's Cherry Pectoral takes the lead of all other remedies. For the relief and cure of croup, whooping-cough, sore throat, and the dangerous pulmonary troubles to which the young are so liable, it is invaluable, being prompt to act, sure to cure.

One day the children were having an object lesson on the blue heron. The teacher called attention to its small tail; saying, The bird has no tail to speak of. The next day she asked the scholars to write a description of the bird, and a little German girl wound up by saying, The blue heron has a tail, but it must not be talked about.

Business and professional men who suffer from tired exhausted feeling consequent upon mental effort, will find in Hawker's nerve and stomach tonic a sure conservator of the vital energies, relieving brain tire, restoring nervous energies and muscular vigor, renewing the blood restoring lost appetite and aiding digestion.

A passenger locomotive is being built in the shops of the Pennsylvania road at Altoona which is expected to run at the rate of 100 miles per hour when required. The driving wheels will be much larger than those now in use and will be furnished with ball bearings similar to those on a bicycle. The boiler pressure will be 190 pounds to the square inch.

When the system is all run down, and no hope of obtaining nourishment by the ordinary food supply, then take Miller's Emulsion, the great flesh and blood maker "the kind that cures" colds, coughs, bronchitis and all diseases of throat and lungs. Every bottle warranted. No oily taste like others. In big bottles, 50c. and \$1.00 at druggists.

Beloved brethren, remarked a country minister at the close of his sermon, among the pennies and two cent pieces of last Sabbath's collection I was surprised to find a gold coin of considerable value. As there were no strangers in the congregation, it was evidently put there by mistake. By applying to the treasurer and proving property, the owner can recover his money. Let us unite in prayer.

The other day a frowsy tramp made his way unobserved into the Astor mansion, in New York, and going upstairs, locked himself in one of the rooms, and went to bed. About midnight he was heard snoring within, and the door had to be burst open to get him. He was handed over to the police, but before Mr. Astor reached the court next day the tramp had been fined \$5 for disorderly conduct, and, in default, sent to jail for five days. Mr. Astor decided to wait until the five days expired, and then have the offender arrested for attempted burglary, but a newspaper man paid the tramp's fine, and much to Mr. Astor's displeasure, he was liberated. But the millionaire was not to be beaten, so he swore out a warrant, and the tramp is again under arrest. He enjoys the situation. He is so enthusiastic in praise of Mr. Astor's bed-springs, soft ticks and "pillars," that all tramping must ache to feel the delights of them. He looks upon himself as a man who has achieved fortune, and he expects a dime museum engagement as "The man who slept in an Astor bed." While the Astors are enraged, the rest of New York wears a broad grin at the occurrence.

Not The Girl For Him.

The father was quite anxious for him to marry, and on every occasion he was picking what he thought was a suitable girl. One night at a dinner the old gentleman next to a very attractive young woman and on his way home he was loud in her praise.

"My boy," he said, "she's the very girl for you."

"Not much," replied the boy, with peculiar emphasis.

"But I say she is," insisted papa.

"And I say not," insisted the son.

The father became testy on the subject.

"You're too hard to please. You don't expect a woman to be perfect, do you?"

"No, sir."

"Then why isn't this one just the girl for you?"

"Because," replied the young man with an effort, "she's for some other fellow. She told me so last night."

"Madam," said Meandering Mike, when in response to his request for food she offered him pie, "do ye remember a year ago when ye gave a sufferin' fellow creature a pie?"

"I believe so."

"Madam, I'm that man."

"Was it good?"

"Good! It saved my life. There was an unfeelin' farmer that fired a box of tacks right for my heart at short range. I had your pie buttoned up inside my vest, an' here it is—full o' tacks, ez ye kin see for yerself. It ain't near wore, an' I won't need another ter take its place fur a year yet."

John Street, one of the injured in the accident at Southbridge, Mass., on Thursday has died, making the third victim. About a dozen others received serious injuries. The party was the Southbridge Y. M. C. A. football team on their way to play with a Worcester eleven. The barge in which they were riding was struck by an accommodation train on the New York and New England road. The locomotive dashed around a curve and struck the barge squarely in the centre. Instantly the air was filled with flying bodies, which fell back to the earth writhing in pain or still in death. The barge landed on the pilot engine and remained there until the train was stopped 250 yards away.

A BOON TO HORSEMEN.—One bottle of English Spavin Liniment completely removed a curb from my horse. I take pleasure in recommending the remedy, as it acts with mysterious promptness in the removal from horses of hard, soft or calloused lumps, blood spavin, splints, curbs, swellings, stifles and sprains.
