

## GENERAL NEWS.

Assist nt Secretary Hamlin has decided that salt fish are durable under the new tariff law at the rate of half a cent per pound.

While working at the camp on Howe Sound, B. C., on Saturday a log jumped out of the chute, striking James McKim, a Nova Scotian, on the arm and face, causing instantaneous death.

The four men imprisoned by the fall of coal on Thursday in the colliery at Simpson, Pa., have been rescued. They were faint from lack of food and drink. Their escape from death is regarded as almost miraculous.

Belle White, 24 years of age, daughter of a wealthy lumberman, died in Chicago, on Sunday morning while under treatment for the removal of face blemishes. Death was caused, it is supposed, by the use of cocaine in connection with an electrical current.

Mrs. Perry, wife of the explorer, has presented to the National Zoological Park Washington, three Esquimaux puppies, the progeny of the animal which drew her baby's sled. The presentation was made in the name of Marie Apnetigo Peary, who was born in the Arctic regions a year ago.

A wonderful medical experiment has been performed on Howard Kerwin, of New Haven, Conn., whose back was broken by a fall on Thursday. Dr. W. W. Hawkes, of the local hospital, found the vertebrae separated by an inch, also the cartilage lacerated and profuse hemorrhage. He removed the broken processes of vertebrae and wired the vertebrae to keep them in place. Kerwin is on the high road to recovery.

The coast of southern New England was visited by a fierce gale Sunday, which caused unusually high tides, but which, having been anticipated for several days did only slight damage to shipping. The wind blew forty-four miles an hour off Block Island, Mass., Sunday afternoon. Boston harbor was filled with south-bound vessels waiting for the storm to subside. A very high sea was running at Coney Island, N. Y., causing great damage to hotel property and railway lines. Great damage was done Hotel Brighton and property in the vicinity. The waves dashed over the breakwater, undermining several buildings and washed away part of the Marine Railway. A number of buildings on Brighton Beach were destroyed. Estimated loss exceeds \$10,000.

## The St. John Murder.

ST. JOHN, Oct. 1.—[Special]—The village of Fairville, three miles from this city, is in a terrible state of excitement over a horrible tragedy which was enacted in their midst at an early hour this morning. It is extremely difficult to get the correct story of the trouble but as near as can be ascertained the particulars are these: Asa Crawford is a married man with a family and an employee at Randolph & Baker's mill. Bretton, a young Englishman, lodged with the Crawford family. About 5:30 this morning the family were aroused by an unusual noise in the sleeping department occupied by Bretton. The sight that met their gaze was simply awful. The young man was lying in a pool of blood on the bed, his face horribly hacked. A wood axe near by told the story of the horrible deed. It was covered with clots of blood and flesh. Crawford admitted to doing the deed. It is supposed he was partially insane, and was jealous of Bretton who he imagined was paying some attention to his wife.

ST. JOHN, Oct. 2.—Dr. Gray, who attended Crawford lately, thought he was insane, but later thought he was only shamming.

On the way to the lockup Officer Hennesey said to him, "You killed that man; do you know it?" He said, "Yes." Hennesey asked him why he did it and he replied that he didn't know; that his head had been "wrong" for some days.

The axe with which the deed was done was a blunt one and from the appearance of the wounds the blows had undoubtedly been inflicted with the head of it. There were three cuts, and the face and temple were badly crushed and bruised. His jaw was also dislocated.

Justice McNaught being ill, no formal complaint has yet been made, but Crawford is held on the strength of the finding of the coroner's jury, and Coroner Robinson has committed him to jail on a warrant.

Some kindly disposed friends, as soon as given permission by the coroner, took charge of Bretton's body and dressed it properly for burial.

Crawford's family are deeply distressed over the sad affair, for besides the terrible responsibility that now rests upon their father, they were friendly to Bretton and thought a great deal of him. Hartley Crawford told a reporter that his father's suspicions were most unjust. Such an intimacy as he accused his wife and Bretton guilty of could not have existed without his knowledge. There were no grounds for suspicions. His mother treated Bretton just as she did him.

At 1 o'clock Mrs. Crawford had not recovered from the shock the terrible affair had given her. She was still at Mr. Arbo's house. She was in a dazed condition and apparently did not realize all that had happened.

K. K. C. Pills cure chronic constipation.

## Kent County Teachers' Institute.

A meeting of the Kent County Teachers' Institute will be held in the School Room, Kingston, Oct. 18 and 19, 1894. A full attendance of the Teachers in the County is requested.

## PROGRAMME.

FIRST SESSION. Thursday, 10 a. m. Address by the President, Reading Minutes Enrolment and Payment of Fees, Miscellaneous Business.

If all Teachers who expect to attend the Institute will let the Sect. know at once they will be entertained without cost during its session.

Teachers will be carried to and from the Institute on the Kent Northern, at one fare.

H. T. COLPITTS, Secty.

GEO. SMITH, President.

## LOOKING FOR HELP.

## LONGING FOR RELEASE FROM THE BONDAGE OF SUFFERING.

## THOUSANDS MUST DIE IF PAINE'S CELERY COMPOUND IS NOT USED.

## It Cures the Worst Cases.

## MR. GEORGE J. SMYE HAD KIDNEY AND LIVER TROUBLES AND INDIGESTION.

## HIS CONDITION WAS ALARMING.

## THE GREAT MEDICINE MADE HIM WELL AND STRONG.

## He Says: "I Am a Living Witness to the Worth of Paine's Celery Compound."

Although Providence has given to us and our children a glorious heritage—a land of plenty and peace; this fruitful Dominion—yet there are thousands looking and longing for help and release from bodily sufferings and infirmities.

The people who are calling for help and rescue from peril, have tested medical skill and the boasted virtues of numerous patents, but no relief or cure has come to them. They must perish—die—if their various troubles are not met by some honest and scientific remedy.

Amongst the suffering thousands we find those burdened with liver and kidney complaints, heart disease, dyspepsia, indigestion, rheumatism, neuralgia, nervousness, sleeplessness, and a score of other common ailments.

Let all such take courage; thousands who have suffered in the past have been made well and strong by Paine's Celery Compound. This wonderful king of medicines has grappled with the most difficult cases—cases that were pronounced incurable by the doctors.

These honest facts should be sufficient warning and encouragement to those who seek a cure. Experience and severe test work has proven that Paine's Celery Compound alone can do the desired work effectively and well.

"I am a living witness to the worth of Paine's Celery Compound." These are the words of Mr. George J. Smye, of Sheffield, Ont., a man respected and well known in his district. He suffered for years from indigestion and kidney and liver troubles. He had a most trying and disappointing experience with a host of medicines that did not even relieve him. Oh! blessed change, happy experience when Paine's Celery Compound was used. He is now a well man and able to work on his farm every day. The same blessed results may be yours, sufferer, if you use the same curing and life-giving medicine.

Mr. Smye writes as follows:—"It is with great pleasure that I testify to the value of your great medicine, Paine's Celery Compound. For nearly two years I suffered from indigestion, kidney and liver troubles. After trying several medicines that did not effect a cure, I decided to try your Compound. Before using it I was so low in health that I could not eat or sleep. I could not lie in bed owing to pain in my back; it was only by resting on elbows and knees I was enabled to obtain a slight degree of ease. Before I had fully taken one bottle of your medicine I began to improve. I have now taken in all fourteen bottles with grand results. I am a farmer and am now working every day. Any one may refer to me regarding these statements or to any of

my neighbors around Sheffield, where I am well known. I am a living witness to the worth of Paine's Celery Compound."

Mr. R. Ferrah, the popular druggist of Galt, Ont., vouches for the above statement by Mr. Smye.

## Kent Junction.

Oct. 1st.—Rev. F. W. Murray, of Bass River, made a short call at the Depot House on his way to Presbytery.

The Misses Graham, of Oak Point, accompanied their sister Miss Maggie as far as Kent Junction on her way to Mount Allison University.

Miss Jessie Mundle, of Nicholas River, passed through here en route to Boston.

Mr. J. W. Morton returned from his shooting trip on Friday last.

Mr. and Mrs. O'Bear are here visiting Mrs. O'Bear's mother, Mrs. R. LeGoof.

Mr. W. R. Robinson, of Newcastle, now a student of Dalhousie College, passed through here on his way to Kingston, where he filled the pulpit of Rev. Mr. Hamilton who is quite ill.

Miss Maggie Wellwood, of Harcourt, made a short visit here on Saturday.

The offer of the reward for bummers has proved effectual.

We are very sorry to hear that one of our young men talks of going West to try his luck.

Everybody does not agree with Whittier when he says:—

"Tis better to have loved and lost,  
Than never to have loved at all!"

Mr. Thos. Dickinson went to Kingston to spend a few days at his home.

Mr. David M. Doherty, of South Branch agent for F. W. Hatheway, St. John, and Mr. Palmer spent a few hours at the Depot House.

Miss Clark expects her mother to make her a short visit this week.

T. W. F. A.

## Circuit Court.

Circuit Court is still in session. The first cause tried, Riley vs. Hennessy, was an action for trespass and false imprisonment. The plaintiff resides in the County of Kent near the Westmorland line and the defendant in the County of Westmorland. The dispute arose over the ownership of two sheep. Riley claimed the sheep as his own, took them from a neighboring barn and put them with his own flock. One Surette also claimed the sheep and had Riley arrested on a charge of stealing them. Hennessy as Constable, armed with a warrant issued by a Justice of the County of Westmorland, crossed over into Kent and arrested Riley and carried away the sheep. The warrant as it appeared in Court, was not backed by a Kent County Justice but it was claimed by the defendant that it had been backed by Wm. Johnston, J. P., of Dundas, on a slip of paper pinned to the warrant. The judge directed the jury that this would be a sufficient backing and would be a complete justification to the Constable on the count for false imprisonment. He, however, charged them that it would not justify Hennessy in carrying off the sheep and if they found the sheep the property of Riley they must find for plaintiff on the last count of plaintiff's declaration. The jury found for plaintiff and assessed the damages at \$15.00. James McQueen and C. J. Sayre for plaintiff, R. Hutchinson, Q. C. and Geo. V. McInerney for defendant.

The case of Ephraim Wheten vs. James Sterrak was taken up Thursday morning, and is still before the Court. This is an action for trespass to land. The lots in dispute lie within the bounds of a grant issued in 1815 to John Wheten and associates. The lower boundary of the grant is described as "a line beginning a few rods above the mouth of Trout Brook." A previous grant in 1811 of the adjoining block describes the line as "beginning at the extreme north easterly point, forming the northerly entrance of Trout Brook." Robert Douglass, Deputy Surveyor, who surveyed the land for plaintiff, fixed this point on the south of the present mouth of the Brook. Deputy John Stevenson on behalf of defendant, locates the point on the north side of the river several rods above the present mouth. Evidence was adduced by plaintiff to show that somewhere about fifty years ago there were two entrances at the mouth of Trout Brook, the south entrance being the main one. They aver that afterwards this entrance sanded up and the northern entrance became the principal one. The defence deny that there has been any change in the formation of the mouth of the brook and contend that there is only a "run" of water to the south dry, at low water. Several witnesses were examined on both sides. The land in dispute covers about fifty acres. Several surveys have gone over the lines of the lots within the last fifty years. Defendant claims that a line run by Deputy Leighton in 1843 is the true dividing line between the lots. Plaintiff denies that he ever assented to this line and contends that he objected at the time to this line and ordered Mr. Leighton to stop running it, offering to show him the true boundary marked at that time. The case will probably end to-day (Wednesday). Plaintiff's Counsel for plaintiff, C. J. Sayre for defendant.

HAWKES'S LIVER PILLS cure all stomach ills. They assist digestion, regulate the bowels and give tone to the stomach and purify the blood.

CLARKE.—At Kingston, on the 1st inst. to the wife of J. B. Clarke, a son.

MARTIN.—At Kingston, on the 1st inst., to the wife of George Martin, a son.

PERRY.—At Kingston, on the 17th Sept., to the wife of Wm. Perry, Jr., a daughter.

BRIEN.—At Pirougue, on the 20th Sept., to the wife of John Brien, a daughter.

A BAD MORNING TASTE indicates biliousness. Hawker's liver pills are a certain cure and mild in their action.

Beardsley's famous shredded codfish, which won both the gold and silver medals at Berlin and London, can now be obtained in Canada through any wholesale grocer. It is put up in half pound boxes ready for use and as it requires neither boiling nor soaking, will be very popular for fish-cakes. The Finance Minister uses it constantly at Ottawa, preferring it on account of its creating no odor.
