POTATOES.

Present prospects are decidedly in favor of higher prices for potatoes. In western Ontario heavy June rains and a severe August drought have had a decidedly adverse effect upon the growing crop of the vegetable. Those now engaged in ploughing or digging report it to be a difficult operation, as in the clay districts the ground is baked as hard as a rock. From the northern part of Ontario unfavorable reports are also received. In the central and eastern parts of the province the growing crop has been doing better, although even here there is room for improvement. In the Eastern Townships of Quebec, there are general fears of rot, and the Early Rose has already suffered to a considerable extent. These unfavorable reports are all the more unsatisfactory since United States Government reports as to the potato crop in the States are of a similar character. Although the acreage in the United States under potatoes has increased from 2,605,000 acres in 1893 to 2,620,000 acres in the present season, the estimated total yield is placed only at 147,000,000 bushels, a material decrease from last year's yield, which amounted to 183,000,000 bushels. Canada last year sent a large quantity of potatoes to the United States, the exports having gone principally from the Maritime Provinces. This year Nova Scotia and New Brunswick promise less than an average yield, while the crop of Prince Edward Island, although in fairly good condition, will not be excessive.—Journal of Commerce.

FREE LUMBER

Though the new United States tariff owing to the Senate amendments failed to give the very sweeping measure of reform promised in the original draft of the Wilson Bill, yet there is one feature at least of the new bill that cannot fail to give satisfaction to the people of this province. The lumber schedule is one of the few features of the bill that did not undergo very material alteration in the Senate and our lumbermen have now the advantage of a practically free American market. The new schedule puts the following in the free list:

Logs and round unmanufactured timber not specially enumerated or provided for in this act.

Firewood, handle bolts, heading bolts, stove bolts and shingle bolts, hop poles, fence posts, railroad ties, ship timber and ship planking, not specially provided for in this act.

Timber, hewn or sawed, and timber used for spars and in building wharves.

Timber, squared or sided.

Sawed boards, planks, deals and other lumber rough or dressed, except boards, plank, deals and other lumber of cedar, lignum-vitae, lancewood, ebony, box, granadilla, mahogany, rosewood, satin wood and all other cabinet woods.

Fine clapboards.

Spruce clapboards.

Hubs for wheels, posts, last blocks, wagon blocks, car blocks, gun blocks, heading and all like blocks or sticks rough hewn or sawed only.

Laths.

Pickets and palings.

Shingles.

Staves of wood of all kinds, wood unmanufactured: Provided that all of the articles above mentioned when imported from any country which lays an export duty or imposes discriminating stampage dues on any of them, shall be subject to the duties existing prior to the passage of this act.

These articles under the McKinley Bill were taxed as follows:

Timber, hewn and sawed, and timber used for spars and in building wharves 10 per cent.

Timber, squared or sided, one half of one cent per cubic foot.

Sawed lumber of hemlock, white wood, yellow pine or basswood, \$1 per 1,000 feet; other sawed lumber \$2 per 1,000 feet.

Cedar ties, posts and poles, 20 per cent.

Fine clapboards, \$1 per thousand.

Spruce clapboards, \$1.50 per thousand.

Laths, 15 cents per thousand pieces.

Pickets and palings, 10 per cent.

Shingles, 20 cents and 30 cents per thousand.

THE STOMACH OF MAN is subject to a dozen such common but painful affections as cramps, cholera morbus, cholera, diarrhea, and dysentery, and by neglect any of them may be made chronic and dangerous. All are more or less painful; and the best, handiest, surest and quickest remedy is PERRY DAVIS' PAIN LILLER, a medicine which has been tried in all quarters of the world for more than a quarter of a century and never failed to give relief. It is sold by all reputable druggists. Large bottles new size 25c each.

Buctouche Notes.

SEPT. 24.—Last Monday, a very enjoyable evening was spent at the residence of H. H. James, Esq. Among those present were the Misses Foley, Curran, Sutton, Girouard, Hannagan, Killen and Bouque and Messrs. Trenholm, White, Foley, Ryan Bourque, Hannagan, Ross and Pearson. The chief feature of the evening was dancing, but various games and music were participated in, the hostess favoring her guests with one of her choice solos. Refreshments were served and about one o'clock the company dispersed highly pleased at having passed such a pleasant evening.

Yesterday morning, the Presbyterian church was crowded to the doors, yesterday being Mr. Watson's last Sunday in Buctouche. He leaves this week to complete his studies. And again last night he had a large congregation to listen to his parting words. Mr. Watson has become deservedly popular during his three summers in Buctouche.

Yesterday, Messrs. Smith and Girvan, of Moncton, rode into Buctouche on their wheels. This morning they returned via the B. & M.

Last fall there were several fillings on the B. & M. railway filled in by contractor Barnes. The frost was in the ground before the job was completed and as a result, when the frost went out this spring the fillings settled several feet. Mr. Barnes is now working, having them filled on Tuesdays and Fridays when there is no regular train service.

Jas. Hannagan, who has been working in the machine shops at Madison, Maine, during the summer, has returned home.

RUN DOWN WITH DYSPEPSIA STOMACH Liver AND HEART Affected. Almost in Despair But Finally CURED By Taking AYER'S PILLS

For fifteen years, I was a great sufferer from indigestion in its worst forms. I tested the skill of many doctors, but grew worse and worse, until I became so weak I could not walk fifty yards without having to sit down and rest. My stomach, liver, and heart became affected, and I thought I would surely die. I tried Ayer's Pills and they helped me right away. I continued their use and am now entirely well. I don't know of anything that will so quickly relieve and cure the terrible suffering of dyspepsia as Ayer's Pills.—JOHN C. FRITZBARD, Brodie, Warren Co., N. C. AYER'S PILLS Received Highest Awards AT THE WORLD'S FAIR

Jr., is seriously ill with typhoid fever. Hon. M. Adams, M. P., and Mr. Muirhead passed through Lower Bay Du Vin via St. Margarets en route to Chatham.

Miss May Flanagan paid a visit to friends in Escuminac last week.

We are pleased to hear Rev. Mr. Wilkinson's picnic was a success financially.

Mr. W. Buckley is erecting a fine dwelling-house under the skillful management of Mr. Hill.

The Bay Du Vin pier is about completed, and no doubt some of our pleasure seekers will find it very convenient.

Rumor says Captain P. is going to be promoted to a higher office. Hemlock Sandy will have to be careful as Bruin is often seen on city landing road.

John L. we hear, is in much need of a partner, success to him.

Paine's Celery Compound Delivers Mrs McKillop from the Terrors and Pains of Rheumatism.

THE DISEASE CAUSED TERRIBLE AGONY.

CORDS IN THE PALMS OF THE HANDS DRAWN UP IN KNOTS.

Sufferings and Tortures Ended After the Great Medicine was Used.

In the past, thousands have publicly declared that Paine's Celery Compound delivered them from the terrors and pains of rheumatism and terrible sciatica.

The same work is being done to-day on a vastly more extended scale. Martyrs to rheumatism are throwing aside to deceptive and worthless medicines that have no merit, honesty or solid standing, and are demanding Paine's Celery Compound from their druggists and dealers.

They see the wonderful results that have come from the use of Paine's Celery Compound to friends, neighbors and relatives; they also are aware of the fact, that every cure published for the encouragement of the sick and suffering comes from some responsible resident of Canada, who can be interviewed or written to.

To-day we give another strong and mighty proof of the never failing power of Paine's Celery Compound. The letter comes from Mrs. Mary McKillop, of Campbellford, Ont., she says:—

"After using your Paine's Celery Compound I am of opinion that I should say something in its favor for the benefit of all who have not given it a trial."

"I was a sufferer from rheumatism for a long time, and endured great pain. The cords in the palms of my hands were drawn up in knots, and I despaired of getting relief. However after using Paine's Celery Compound, I have banished all my pains and troubles, and find myself strengthened in every way."

"I think Paine's Celery Compound is the best medicine in the world for rheumatism and all nervous complaints, and I will always recommend it strongly. I particularly recommend it strongly. I particularly recommend your medicine to all weak and delicate women."

Mortimore.

As we have not seen any notes from this place for some time, we have concluded to send a few.

Surprise parties are again on the go. Judging from appearances and reports, those present must have enjoyed themselves very much last Tuesday night.

Miss Ida Ward of Bass River, is visiting friends in this vicinity.

Bahia Ward came home from Moncton Thursday accompanied by a friend.

Miss Beatrice Hetherington, who has been in Moncton for a short time has returned home.

We are pleased to have Mrs. Joseph Sears with us again after an absence of four years.
