

AYER'S THE ONLY Sarsaparilla ADMITTED

READ RULE XV. "Articles that are in any way dangerous or offensive, also patent medicines, nostrums, and empirical preparations, whose ingredients are concealed, will not be admitted to the Exposition."

Why was Ayer's Sarsaparilla admitted? Because it is not a patent medicine, not a nostrum, nor a secret preparation, not dangerous, not an experiment, and because it is all that a family medicine should be.

—Mr. Martin Lanigan's schooner, the Annie C. Brown, grounded on the south beach, Monday, while trying to beat into the harbor. Captain Gaudet was in command, and claims that the accident was caused by wrongly placed buoys. The vessel was brought into port Tuesday afternoon.

—A correspondent whose veracity we have no reason to doubt tells a story to the effect that while Tuesday's storm was at its height a fishing vessel which had been beached for safety at Kouchibouguac, was overturned by the wind and lifted like a balloon, walking off on her masts for about one hundred yards.

—Mr. J. M. Robertson, of Kerr & Robertson, wholesale hardware merchants, St. John, was in town this week. This firm, the members of which are noted for their business integrity, though but a few years in business, have worked up an immense trade. Mr. Robertson is one of the most popular salesmen on the road.

—A man from Pocatello, Idaho, recently sent to Salt Lake for some furniture. His local dealer, hearing of this, called on him and said: "I had those same goods. Why didn't you buy from me?" "What did you have them for?" "The what, did you have them for?" "I never thought so; but I saw an ad of the things I wanted in the Salt Lake papers and I sent for them." The moral is apparent.

—The schooner Morning Light, in command of the owner, Captain Michael Sutton, of this port, went ashore at Aboussit, Westmorland Co., in the recent storm, and we understand will prove a total loss. She had a general cargo from Charlottetown for Mr. Robert Doherty, of South Branch. The vessel was not insured and much sympathy is felt for the owner as the loss will be heavy.

—Mr. Brennan, representing Messrs. R. Sullivan & Co., wine merchants, St. John, is calling on their numerous customers in Kent this week.

—The cheese factory at St. Nicholas river turned out seven and a half tons. It was late in the season when it started, but the management expect to do big work next year.

—Messrs Tirrel and Robertson, who are slaughtering wild fowl at Callendar's, were up Tuesday for a fresh supply of ammunition. "Mike" says he counted 986 flocks of geese in three hours the other day. The average number in each flock was one hundred. Mr. T. also tells a good story about the Highland soldier.

—Judge Wells delivered judgment at Moncton, Friday, in the case of John H. Wheten vs. John Cail, Edward Pine, John Leet, Richard Peters and Wm. Leet, affirming the verdict of the jury and dismissing with costs the application for a new trial. Judgment was also given in the case of Amie Maillet vs. Abraham Pineau. The verdict of the jury in favor of defendant was also sustained in this case and application for a new trial refused with costs.

—Henry Crossman, the young Dorchester farmer who eloped with his wife's sister, leaving his wife and two children in destitute circumstances, was in St. John on Tuesday. The couple arrived here on the C. P. R. train on Tuesday afternoon and put up at the Elliott House. They did not register, but in the morning when asked to do so, Crossman gave Mr. Elliott his name and told him to register them. He declared the woman with him was his wife. The couple left here on Wednesday morning's train. It is understood they had tickets to Oldtown, Me., and were going from there to Brownville Junction, where Crossman is understood to have relatives. So far as known no steps have been taken to apprehend the runaway couple. The police here were not notified. Mrs. Crossman was no doubt unable to act and nobody else considered it their duty to. The money on which Crossman and his sister-in-law made their way to the States was realized by the sale of Crossman's horse.—Globe.

Dixon's Point and Vicinity.

As I have seen no notes for some time from this part of the country, I thought that I would send a few to let people know that there is such a place in existence yet.

We are having very cold weather now and an early winter has been prophesied by a great many people.

The schooners are still sailing but will soon be laid up for this season.

During last Tuesday's storm, the Ocean Bride, (Capt. Peter Smith) went ashore below McPhail's Point.

The Welcome, Capt. John Smith, the Minnow, Capt. M. Girouard, and the Hattie E., Capt. M. Smith, arrived from Pictou yesterday morning loaded with coal.

It is rumored that one of our young ladies is about to change her name and remove to Gardner, Maine, which will be her future home. Her brother, to console himself for the loss of his sister thinks he will persuade someone else's sister to take his name. We wish him success.

Mrs. Marshman left Buctouche for Lewiston last Wednesday.

One of our most popular young men who has lately returned from the far west, assisted by his brother, attempted to give some lessons in boxing but the Buctouche boys were too many for them, so they retired from the scene with marks to show that they had been there all the same.

ZERO.

Nov. 9.—A very heavy storm visited this locality on Monday night, and Tuesday there was a very high tide. The Ocean Bride, Capt. Peter Smith, dragged her anchor and lies high on the shore. Mr. Philip Landry's boat also smashed on the shore.

Mr. Charles Webster has left for Bangor, where he intends staying the winter.

Miss Annie McPhadden left for St. John this morning.

The Dickie Brothers started this morning for the woods at their wood farm. They intend getting out all the logs they can and also a lot of cord wood.

The fishermen are looking forward for the time to set their nets for smelts.

A good number of our folks took advantage of the fine day yesterday and went driving. Some parties were astonished when returning home. At the shore by the bridge, there was something on the shore which was moving, they

could not see it plain enough to make out what it was. Perhaps a sea serpent.

There was quite a heavy frost last night. Miss Edwin Seeley is home again, he has been engineer in the tug Alice. He has resumed his work in his shop again. O. K.

Rev. F. X. Michaud Camed.

BUCTOUCHE, Nov. 12.—Yesterday, after the usual services at St. Jean Baptiste Church, Father Michaud was called from the vestry and in the presence of a large gathering, presented with a handsome gold-headed ebony cane bearing in French the inscription, "Presented to Rev. F. X. Michaud by the friends of the Buctouche Butter Factory, Nov. 11th, 1894." The presentation was made by Jude J. LeBlanc, Esq., and the accompanying address was read by Dr. D. V. Landry. The address was in French but it is hoped the address is sufficiently liberal to express the desired meaning:—

To Rev. F. X. Michaud: It is customary with our political and commercial institutions to make an annual report at the close of each year's operations. That is why your many prosperous friends in this parish could not let pass the closing of operations of the Butter Factory of Buctouche without thanking you as the benefactor of the agricultural class, and to publicly certify as to the immense good accomplished in our midst by this beneficial institution which was built at your wise suggestion and has been directed according to your paternal advice; it may be true that we could have individually communicated to you our humble thanks, but the numerous sacrifices that you have so generously imposed upon yourself for the success of this work coupled with the numerous obstacles that ill-will has placed in your pathway, was, we considered, deserving of a demonstration of this kind from your friends, especially when we are reminded that from the auspicious day when you first arrived in this parish, your indomitable courage and never-tiring perseverance have so changed the aspect of this parish that we cannot turn our eyes on any side without discovering the stamp of your energy and your love for those under your care. Your zeal for your country and religion knows no boundary and we can with propriety boast of our church, our convent and the other institutions with which you have dotted this parish.

Your affability and urbanity have made of all of your parishioners so many children who daily ask the Almighty to keep you long in their midst to continue your works.

In closing, we ask you to accept the accompanying token of gratitude, not from its intrinsic value, but in consideration of the good will with which it is presented to you by the undersigned.

It contained the signature of over one hundred and fifty ratepayers of the Parish of Wellington.

In reply, Father Michaud expressed himself as highly pleased at this proof of the appreciation of his parishioners of his efforts for their advancement. He had long desired to establish this industry in the interest of the farmers. Last year, he had attempted and failed, but early this year having succeeded in forming a company, the industry was now started and in a fair way to succeed.

This year there had been 700,000 pounds of milk handled for which the farmers received \$7000 and predicted that next year these would be doubled. He was glad to see such enthusiasm and he then referred to the grist and carding mills in connection with the factory. He stated proudly that one of the government administrators of New Brunswick held that it was one of the best factories in the Maritime Provinces. He then referred briefly to the site and dimensions of the factory, and to the state of the agricultural industry in the parish.

In closing, he expressed his appreciation of the gift on account of the good will with which it had been given.

A CENTENARIAN'S DEATH.—The death is announced of Mr. Andrew Millican, of Hardingville, St. John county, in the 100th year of his age. Mr. Millican was the oldest resident of that place and was highly respected by all who knew him. He leaves a wife, three sons and three daughters.

RELIEF AT LAST.

THE EXPERIENCE OF A LONDES-BORO YOUNG LADY.

A Victim of Severe Pains, Dizziness and Watery Blood—At Times Could Not Go Up a Step—How She Regained Health and Strength.

From the Clinton New Era.

Miss Kate Longman is a young lady of about 22 years of age, who lives with her mother in the pretty little village of Londesboro, six miles from the town of Clinton. Both are well-known and highly esteemed by their many friends. The New Era having learned that Miss Longman had been a great sufferer and had recently been restored to health by the timely use of a well-known popular remedy, dispatched a representative to get the particulars of the case. In reply to the reporter's inquiries Miss Longman said that if her experience might be the means of helping some other sufferer, she was quite willing that it should be made public. "For a long time," she said, "I was very poorly. I was weak, and run down, and at times suffered pains in my back that were simply awful. My blood was in a watery condition, and I was subject to spells of weakness to such an extent that I could not step up a door step to save my life. I doctored a great deal for my sickness, but without avail. At last, after having frequently read in the New Era of cures effected by the use of Dr. Williams' Pink Pills, I determined to give them a trial. The result was that my health soon began to return and the pains and weakness left and I was again restored to strength." At this moment Mr. Longman entered, and being informed who the visitor was and what was his mission, said: "Dr. Williams' Pink Pills are the greatest medicine known. My daughter was so sick that I feared she would die, and she continually grew weaker until she began the use of Pink Pills, and they have cured her, as she has not had a recurrence of the trouble since." Miss Longman is now the picture of health, and declares that Dr. Williams' Pink Pills are entitled to the credit. The New Era knows of many others who have been benefited by this remarkable remedy.

Dr. Williams' Pink Pills are a specific for all diseases arising from an impoverished condition of the nervous forces, such as St. Vitus dance, locomotor ataxia, rheumatism, paralysis, sciatica, the after effects of la grippe, loss of appetite, headache, dizziness, chronic erysipelas, scrofula, etc. They are also a specific for the troubles peculiar to the female system, correcting irregularities, suppressions and all forms of female weakness, building anew the blood and restoring the glow of health to the pale and sallow cheeks. In the case of men they effect a radical cure in all cases arising from mental worry, overwork or excesses of any nature.

Dr. Williams' Pills are manufactured by the Dr. Williams' Medicine Company, Brockville, Ont., and Schenectady, N. Y., and are sold only in boxes bearing their trade mark and wrapper printed in red ink, at 50 cents a box or six boxes for \$2.50, and may be had of all druggists, or direct by mail from Dr. Williams' Medicine Company from either address.

Beyond Dispute.
