### October.

The leaf is dying on the tree, But not with sad solemnity, But clothed in all the various dyes That ever gladdened human eyes. From crimson deep to palest green, And sombre fir arranged between, She's trebly beautiful in death.

October's pencil paints the leaf, In hues how beautiful, tho' brief! Man's grand achievements brighter grow, When seen thro' Life's October glow. And Life's fair conquests seem sublime, When looming through the haze of Time. Ah! live so that thy life my friend, May glorious as October end.

John Frazer in Donahoe's Magazine.

### Interesting News Items From All Quarters, Called For THE REVIEW Readers.

LONDON, Oct. 18.—A great battle is said to have been fought north of the Yalu river Oct. 11, but no details are given.

Not only relieves, but positively cures catarrh, Hawker's catharr cure.

LIVERPOOL, Oct. 18.—Two hundred British seamen and marines sailed to-day for Canada. They will reinforce the British squadron in Chinese waters, and will proceed by the Canadian Pacific route as the shortest way to their destination.

Safe and pleasant to take, sure to cure, Hawker's Balsamu tolgand wild cherry;

PARIS, Oct. 13.—The Journal to-day publishes a statement to the effect that agents of the powers will shortly hold a conference in Peking with the view to securing appointment of a board of mediation to arbitrate the Chinese-Japanese trouble.

A quick and pleasant cure for coughs and colds is Hawker's Balsam of tolu and wild cherry.

The trial of Mr. Keating, Whiteawayite member of the Legislature for St. George's district, was concluded Friday, Justice Little unsetting and disqualifying him for bribery and corrupt practices. This makes the sixteenth Whiteawayite unseated for these offences.

"He's billions," your friends say when you are irritable. Take Hawker's liver pills, they cure biliousness.

A sad drowning accident occurred at St. Leonard's Tuesday evening. Three young men, Michael Violette, Cyril Michaud and Paul Michaud, while crossing the river encountered a gale that swamped their boat and Paul Michaud was drowned. He leaves a young wife.

Dyspepsia seldom causes death, but permits its victims to live on in misery. Hood's Sarsaparilla cures dyspepsia and all stomach troubles.

The lumbermen of British Columbia are petitioning the government to ask the American government to take off the duty of 25 per cent which has been imposed on sawn cedar. This is the only line it would pay them to export and there is very little of it in the United States.

To retain an abundant head of hair of a natural color to a good old age, the hygiene of the scalp must be observed. Apply Hall's Hair Renewer.

A communication from the British minister at Madrid says Canadian codfish can enter Cuba and Porto Rico free of duty, but haddock and hake are not included in the word "codfish. Herrings are classed as "fry or smoked fish," and will be dutiable as laid down in the tariff.

HAWKER'S LIVER PILLS, contain no mercury, are purely vegetable, safe, sure and effective. Do not gripe, small, easy to take. Sold everywhere.

The aggregate of the chattel mortgages registered in Ontario at the end of 1893 was a little over \$9,000,000. Of this total \$3,000,000 represented indebtedness in-

curring by farmers, \$1,000,000 by lumbermen, \$749,000 by merchants, \$635,000 by manufacturers, and \$204,000 by printers and publishers.

Itch Mange and Scratches of every kind, by human or animals, cured in 30 minutes on Woolford's Sanitary Lotion. This never fails. For sale by W. W. Short, agent for Kent County.

BANGOR, Me., Oct. 8.—Gilbert McPherson was arrested here last night for burning the house and barns of Summer Finson of West Bangor on October 3. McPherson is a native of New Brunswick. His wife left him and was living at Finson's and McPherson's appeals to her to return to him were unsuccessful.

In many cases, the first work of Ayer's Sarsaparilla is to expel the effects of the other medicines that have been tried in vain. It would be a saving of time and money if experimenters took Ayer's Sarsaparilla at first instead of at last.

MINNEAPOLIS, Minn., Oct. 8.—The northern portion of South Dakota and northern border of Minnesota are buried under a heavy fall of snow. The storm which in some localities has developed into a blizzard began yesterday morning and every indication points to a repetition of the blizzard of fourteen years ago.

We know whereof we affirm when we state that Ayer's Pills, taken promptly, at the first symptoms of cold and fever, arrest further progress of these disorders, and speedily restore the stomach, liver, and bowels, to their normal and regular action.

CENTRETOWN, N. Y., Oct. 14.—Elders Freeman and Mercer, Mormon missionaries who have converted fifty people in this vicinity, mostly women, to their faith, were visited by a party of citizens at 1 a. m., Friday, and given a coat of tar and feathers. The two were then ordered to leave at once, which they promised to do.

Some surprising effects have been recorded from the use of Miller's Emulsion of Cod Liver Oil in the most desperate cases of consumption. Miller's Emulsion is "the kind that cures" colds, coughs, bronchitis and lung diseases generally. Every bottle warranted. No oily taste like others. In big bottles, 50c. and \$1.00, at druggists.

Miss Tweedie, daughter of James Tweedie, Fort Fairfield, was recently treed by two moose—a cow and a bull. She was walking along the main road about a mile and a half from her home, when they attacked her. She was kept in the tree two hours and a half. It was a close call, the moose tearing her dress as she went up the tree.

"BURNS AND SCALDS."—If you are so unfortunate as to injure yourself in this way, we can suggest a remedy that will (we speak from experience) soon relieve you of all pain and quickly heal the wound; it costs but twenty-five cents for the New big bottle and is sold by all Druggists—ask for PERRY DAVIS' PAIN-KILLER.

Seven masked men held up a train on the Richmond, Fredericksburg and Potomac Railroad near Quantico, Va., Friday night. The express messenger was forced to open the safe, which contained \$150,000. The robbers secured all this and other express packages containing money. The full amount stolen is believed to be \$180,000.

For Throat Troubles. Norway Pine Syrup is the safest and best cure for coughs, colds, asthma, bronchitis, sore throat, and all throat and lung troubles. Price 25c. and 50c.

BOSTON, Oct. 13.—A special to the Herald from Shanghai says: "China is suing for peace through the British minister at Tokio. She offers to recognize the independence of Corea and pay a large money indemnity. This proposal emanated from Prince Kung and Li Hung Chang. The British minister, Mr. O'Connor, is waiting for Japan's reply at Peking."

On The Inside. As a remedy for internal use Hagyard's Yellow Oil is wonderful in its curative power. One or two doses cure Hoarseness and Sore Throat. Asthma, Bronchitis and Swelled Tonsils are quickly relieved. For Quinsy, Colds, etc., it is the best remedy.

F. P. Reid, of Moncton, when on a recent trip to his old home at Hopewell, A. C., recently procured a clock which was brought by his great-grandfather, Mr. Stephen Stiles, at the time of the landing of the Loyalists, and consequently is over a hundred years old. It is seven feet high and two feet broad; its works are wood, and instead of a key it is wound by a reversible pulley.

On The Platform. Public speakers and singers are often troubled with sore throat and hoarseness and are liable to severe bronchial attacks which might be prevented and cured by

the use of Hagyard's Pectoral Balsam—the best throat and lung remedy in use.

BOSTON, Oct. 8.—Oliver Wendall Holmes, famous as a poet and author, died at his residence on Beacon street at 12.15 p. m., yesterday, from a complication of diseases. Dr. Holmes has been in feeble health for a long time, and although an iron constitution, has long baffled disease, it was at last shattered. The last hours of Dr. Holmes were passed quietly, with his family at his bedside.

Doctors Say It Is The Best. GENTLEMEN—Last July I took Congestion of the Lungs and was in bed for four weeks. I was very weak and could not speak above a whisper. Dr. Lawson, of Hamiota, attended me and sent a bottle of Milburn's Emulsion. It soon restored my voice and health.

ALF. SMITH, Wheatlands, Man. Shaw Lefevre, president of the Local Government Board, said at a Liberal meeting in Bradford, Wednesday evening, the government has determined to end the obstructive tactics of the House of Lords, which has ceased to be an independent part of the legislature and become merely a section of the Tory caucus. The country might expect a statement on the subject from the prime minister in a few days.

HEART DISEASE RELIEVED IN 30 MINUTES.—Dr. Agnew's Cure for the Heart gives perfect relief in all cases of Organic or Sympathetic Heart Disease in 30 minutes, and speedily effects a cure. It is a peerless remedy for Palpitation, Shortness of Breath, Smothering Swells, Pain in Left Side and all symptoms of a Diseased Heart. One dose convinces. Sold by W. W. Short.

At Washington, Ohio, William Dolby, colored, who criminally assaulted Mrs. Mary S. Boyd, aged fifty-five, a week ago, was on Wednesday sentenced to twenty years in the penitentiary. The sheriff and three companies of militia started with him to the penitentiary. At the depot a mob got possession of the prisoner. The militia charged, killing two of the mob and recapturing the prisoner, who was hurried back to the jail.

RELIEF IN SIX HOURS.—Distressing Kidney and Bladder diseases relieved in six hours by the "GREAT SOUTH AMERICAN KIDNEY CURE." This new remedy is a great surprise and delight on account of its exceeding promptness in relieving pain in the bladder, kidneys, back and every part of the urinary passages in male or female. It relieves retention of water and pain in passing it almost immediately. If you want quick relief and cure this is your remedy. Sold by W. W. Short.

In Kroski, Russia, seventy peasants have been sentenced variously to terms of from ten years' to four months' imprisonment for resisting a detachment of Cossacks in a successful attempt to close the Catholic church at that place. The court, while carrying out the law, took into consideration the brutality of the Cossacks and recommended to the Czar the justice of commuting the ten-year sentence to a year and pardoning the others.

A BOON TO HORSEMEN.—One bottle of English Spavin Liniment completely removed a curb from my horse. I take pleasure in recommending the remedy, as it acts with mysterious promptness in the removal from horses of hard, soft or caloused lumps, blood spavin, splints, curbs, swellings, stifles and strains.

GEORGE ROBB, Farmer, Markham, Ont. Sold by W. W. Short.

LONDON, Oct. 13.—Sir Halliday McCartney, secretary of the Chinese legation in London, declares there is not an atom of truth in the report that China has begun negotiations with Japan for a peaceful settlement of the war. He says any such proposals are not within sight and are in fact a long way off. The Japanese Legation here has received no information tending to confirm the report and little credence is placed in the matter in London.

Sir George Trevelyan, secretary for Scotland, addressed the Liberals of Glasgow Friday evening. He said the last Parliamentary session proved the country to be better off without the House of Lords. The majority of peers against popular measures was so overwhelming there was no prospect of the Liberals carrying out business before the Upper House should be reformed. Hostility between the two Houses has become open and permanent.

SHERBROOKE, Quebec, Oct. 6.—A report reached here that on Tuesday on the new branch of the Quebec Central between Tring and Megantic an Italian laborer exchanged a few rough words with the foreman and finally struck him on the arm with a shovel. The foreman drew a revolver and fired three shots, wounding the laborer in the back. The man did not

fall and, as he was about to move away, the foreman drew a knife and, it is stated, killed him on the spot, afterwards escaping to the woods.

LONDON, Oct. 19.—A despatch to the Central News from Tien Tsim says the emperor has ordered all Chinamen accused of connection with the recently arrested Japanese spy to be sent to Peking for trial.

A force of troops has arrived at Peking from Hunan and Hupen. They are raw recruits, badly armed. Prince Kung, the emperor's uncle, who is president of the Tsungli Yamen and of the admiralty, is an advocate of peace at any price.

A contract has been closed with an Austrian firm for the delivery of a large quantity of rifles.

PARIS, Oct. 18.—The special committee of the Academy of Medicine have reported favorably to the serum treatment of diphtheria, which is universally known in France as the Roux treatment. The report ascribes full credit also to Klebs, Loeffler, Yersin, Fraenkel, Behring and Kilawato for their shares in the discovery and development of the remedy. It expresses the hope that the Pasteur institute where the serum is prepared, will be enabled to supply all France. The number of cures effected with the serum multiplies in France, Austria, Germany, Italy and other countries.

Some time since at the instigation of the Pharmaceutical Society, Mr. E. R. Chapman secured a conviction before the Newcastle police magistrate against H. H. Johnson for carrying on a drug business without being registered. The case was appealed and tried Tuesday in the Northumberland County Court before Judge Wilkinson. Mr. Chapman again appeared for the society and Mr. C. J. Thomson represented Johnson. Judgment was reserved. The other cases before the court were The Massey Manufacturing Company against T. H. Ramsay, jr., an action for guarantee on a note, and Adam Hill against John Menzies, an action by a constable for fees for services rendered the defendant as Scott Act inspector.

John L. Sullivan last night summoned a party of newspaper men to the theatre at Boston where he is filling an engagement and talked. He said that Al Johnson has offered to back him for \$20,000 a side to fight the winner of the coming Corbett-Fitzsimmons battle, and he thinks he will go in for it. However, he believes that Corbett will not fight Lanky Bob. He's got too much money, said John, "and moneyed men don't want to take any chances." The ex-champion added: "I quit drinking last Sunday for good, and I'm going to be a different man. Then I'll fight anybody that comes along. I'm only on the stage for a little while."

SUMMERSIDE, P. E. I., Oct. 6.—The now cause celebre brought against Father Burke, of Alberton, for destroying the liquor of an itinerant rum seller who invaded his tea party last July, was heard in appeal here yesterday before Judge Fitzgerald. The decision of Magistrate Wright was reversed with costs, thus vindicating to the full the action of the priest. The judge commended Father Burke in the highest possible terms whilst in scathing language he condemned the rum seller and magistrate. The decision gives unbounded satisfaction and is a splendid victory for temperance. Attorney General Peters appeared for Father Burke.

LONDON, Oct. 13.—A despatch to the Central News from Tokio says Cocea is being cleared of Chinese. The opportunity has arrived for Japan to undertake a thorough internal reform of the government of that country. To carry out this reform the presence of an experienced minister is necessary. For this purpose Count Inauye, Japanese minister of interior, will be sent to Corea. The Emperor has the fullest confidence in Count Inauye, who will proceed at once in warship Yoshino to Chemulpo. In Corea he will act as special advisory ambassador.

Advices from Nankin report an outbreak of the Kolaohwei Society, fifty miles from Hankow. All is quiet at Wu Chang. Foreigners are not allowed to remain there.

BALLSTON SPRINGS, N. Y., Oct. 16.—The October grand jury brought into court yesterday an indictment of murder in the first degree against Catherine M. and Elizabeth Nolan, of Waterford, Saratoga county. The sisters have been in the county jail here since July 13th. They are charged with murder in the first degree in administering arsenic to their brother, John Nolan, in sufficient quantities to cause death. John Nolan died June 13th in Waterford after five days' sickness. Within eight months other members of the Nolan family, a father, mother and a sister, had died. All these persons had insurance policies on their lives. In court yesterday the girls were dressed in deep mourning. They are both

young and prepossessing, and the oldest is not more than 20 years old.

OTTAWA, Oct. 18.—In his boarding house, 102 Victoria street, Charles Judd, a young man about 24 years, clerk in the Department of Agriculture, lay dead in bed with a bullet hole in his right temple and a revolver still smoking in his left hand when found at four o'clock this morning. The unfortunate young man came to the department from London, Ont., July, 1890. He was brought here by Sir John Carling. He was a temporary clerk, getting only \$400 per year. Want of money, however, cannot have troubled him, as he has some four thousand dollars in the bank, which his father, who died about a year ago, left him. Deceased was a brother to Mr. Judd, Q. C., London. He was of a quiet nature and is reported to have been temperate in his habits. What possessed him to take his own life no one appears to know. He boarded for two years past where he now lies a corpse.

LONDON, Oct. 18.—A correspondent in Tien Tsin says Japanese newspapers now received afford negative evidence that the report three weeks ago of the despatch of an army corps to Hiroshima was intended to be a bluff, and such movement being impossible in consequence of the shattered condition of the Japanese fleet. Moreover Japan perhaps is beginning to reflect on the problem of eventual extrication of her troops from Corea, where they remain on the sufferance of the maritime powers, especially Russia. The latter is sending additional ships, including three ironclads, and will have the most formidable fleet ever assembled east of the Suez canal.

There is scant news from the front. The Chinese headquarters are at Kiu Lientcheng. Commander General Sung and his generals Yeh and Wei have been degraded by imperial edict. The Japanese have their headquarters at Ping Yang with outposts in the direction of the Yalu. They seem to be occupied in roadmaking.

LONDON, Oct. 17.—A despatch to the Central News from Wiju, dated Monday, says the two opposing armies still face each other on the banks of the Yalu river.

The Chinese have not fired a shot but work night and day strengthening the defences. Count Yamagata, Japanese commander-in-chief, is awaiting the arrival of heavier artillery before attacking the Chinese position. Japanese scouts estimate the Chinese force numbers 25,000 men. Scouts brought in detailed information as to the condition of the Chinese defences, showing they are not so strong as first reports indicated. The Chinese artillery is shown to be less formidable than the Japanese supposed. The decisive attack is expected shortly. Various indications justify the belief that the chief stand of the Chinese will be at Kubenabac.

Negotiations for peace have collapsed. A serious split has occurred at Peking between Mr. O'Connor, British minister, and Count Cassin, Russian minister.

### One Better than Thirteen.

William F. Goetchins, Esq., contractor and builder, office 552 Seventh Avenue, New York City, writes: "I have suffered from dyspepsia for a number of years and was confined to my house for five months. Have had thirteen New York and Mount Vernon doctors (will name them if necessary) attending me but failed to get any benefit. I tried K. D. C., and am pleased to say the effect was magical. I have tried probably every known remedy for dyspepsia and found none to benefit me until I took K. D. C. I recommend K. D. C. as the dyspeptic's best friend. Try it and prove what I say."

### Surnames in Ireland

Among other things shown by a parliamentary report on surnames in Ireland is that Murphy is the commonest, there being no fewer than 62,600 persons (or 13.3 per 1,000 of the population) so called, and the next in order of numerical strength are Kelly (55,900), Sullivan (43,500), Walsh (51,700), Smith (33,700), O'Brien (33,400) and Byrne (33,500).

As to the derivation of surnames, there are examples like the following: MacFadden, derived from MacPadden (Irish), son of little Patrick; O'Toole, from O'Taughall, the descendant of Taulah; Kilbride from Giolla Brigid, the servant of St. Bridget; Gilchrist, from Giolla Chriosd, the servant of Christ; McIntyre, from Macan-t-Saoir, the son of the workman.

In many cases the descendants of the ancient families are still domiciled in the same tracts as their forefathers. The MacCubes were a warlike clan originally from County Monaghan; the MacCarthys were anciently kings and princes of County Cork and elsewhere; the MacDermotts were ancient princes, their chief fortress being on an island in Lough key, near Boyle, and so on.
