

MOTHER AND DAUGHTER Rejoice Together.

Three Year Old Maggie McRitchie, a Victim of Chronic Fainting Spells and Nervous Weakness, Completely Cured by South American Nervine After all Other Efforts had failed. The Mother, a Sufferer From Nervous Prostration and Indigestion, Likewise Cured. Hear What the Thankful Father Has to Say.

MRS. JAMES McRITCHIE AND DAUGHTER.

A leading local physician, whose profession takes him among the children of the various public institutions, remarked to the writer, that one would hardly believe that so many children were affected by nervous troubles, which sap the system and prevent proper development. In many cases the doctors are powerless to cure these troubles. They can relieve the suffering little ones, but in South American Nervine we have a medicine that does more than simply give relief. Its peculiar strength is that it completely cures where physicians relieve. A case in point came to us the 24th ult., in a letter from Mr. James W. McRitchie of Bothwell, Ont. He says:—"My daughter Maggie, aged 9 years, was afflicted with nervous fainting spells for over a year, which left her in such a condition of weakness afterwards that the child was practically an invalid. We tried several remedies and doctored with her in one way and another, but nothing gave relief. Seeing South American Nervine advertised, as particularly efficacious in nervous dis-

orders, I decided on trying it for her, and I must say that I noticed a decided change in my daughter for the better after she had taken only a few doses. As a result of using this medicine, she is now entirely free from those fainting spells and possessed of that life and brightness that is the happy lot of childhood. I am satisfied it is an excellent medicine for any nervous weakness. My experience has been further supplemented in the fact that my wife has also been using South American Nervine for indigestion, dyspepsia and nervous prostration, and has found very great relief."

Whether the patient be man or woman, young or old, South American Nervine provides a complete medium for restoration to health. It is a medicine differing absolutely from every other. A cure is effected by application to the nerve centres of the human system, and science has proved that when these nerve centres are kept healthy the whole body is healthy. For these reasons failure is impossible.

DEC. 6.—Will you allow me a small space in your valuable columns to let your readers know that the outlook for the coming winter is favorable indeed. The industrious people of this place are preparing themselves to make the best of such opportunities as offer. True, we feel the depression of the dull times, which exists all over the continent of America, yet we have no reason to complain. We have been favored with a bountiful harvest, and have no paupers in our midst.

Mr. Thomas McWilliam, one of the prosperous mill men of the county, is making preparations for extensive lumber operations which will no doubt give employment to a large number of people and teams. He will also manufacture a large quantity of sleepers, barrel wood for the Moncton Sugar Refinery, cord wood, etc.

Messrs. William, Howard, A. McIntosh, and R. Ward, have contracted to haul a quantity of bark, for Mr. James Brown.

A. Burgis and Matthew Little are busily engaged in lumbering.

Wm. Kenney is busy plastering a house and digging a well.

Richard Little, another of our hustlers, has completed and moved into his new house across the road.

Johnny Brown, one of our estimable young men who never eats idle bread, is about to take to himself a life partner, which is one of the events to take place at Christmas. The writer takes this opportunity of wishing them a happy Christmas and a merry New Year, and many happy returns.

Mr. John Swift, our obliging merchant, has been favored with a good business through the season.

David Mills has recently returned from Sussex, where he assisted in carrying his mother's remains to their last resting place. During his trip he disposed of his celebrated entire horse, Colonel Rolfo, and purchased another very fine young horse. David is going to leave us next week. He has a situation engaged at Lynn, Mass., where he will remain for the winter.

Mr. Peter Flynn met with a serious accident while splitting wood last week. The axe handle broke, and the axe fell on his head cutting it about two inches.

Mrs. Martin Doyle is boarding with her father, Mr. Patrick Holland. We are glad to have Mrs. Doyle with us again.

J. G. Gibson, Conductor on G. T. R., Hamilton, Ont., writes:—"It gives me pleasure to inform you of the excellent results I have received from the use of your great remedy K. D. C. For a considerable time I had been a great sufferer from acute indigestion; my body was wasting away for want of proper nourishment, which my stomach refused to accept, nor was I able to find any remedy that afforded any relief, until one of my sons brought home a few packages of K. D. C. and requested me to try them. It is now about six or seven months since I commenced taking the K. D. C., my health has improved, my weight has greatly increased, and I feel like myself again."

Acadieville.

Once upon a time I believe there existed in Acadieville, a correspondent to your paper. However, I think we must resign ourselves to the inevitable, and "in mournful numbers," chant his requiem, for I believe he exists now only as a memory. I will try to fill the void that exists since he gave up the pen, and give you the run of gossip up here.

Mr. Philias Gallant and family have left us for the United States, where he occupies a position as telegraph-operator. Mrs. Morton has taken his place as post-mistress.

Councillor F. Bordage has entered into a life partnership with Miss Josephine Johnson. May the tide of life always bear them towards success.

Master Jos. J. Richard cut his knee very badly with a knife last week.

We regret to hear that Mr. Basile Daigle lies very ill at his home.

Our great big trapper and hunter, Mr. Moise Babineau, while setting rabbit snares the other day, was lucky enough to drive into them two partridges which were caught. Who can find a better device to get the partridges?

Now that the handsome presbytery is finished, the people under the lead of their enterprising pastor have begun a new church, which when finished, will be a credit to the parish. The foundation is placed and the parishioners are busy preparing the woodwork. May success attend their enterprise.

Eugene Vautour, son of the late Max Vautour, who had the misfortune to pierce his cheek with an iron hook, is on a fair way to recovery.

Councillors Barrieau and Bordage held a meeting in North Branch, on Monday the 3rd, which was well attended.

Mr. G. Jardine passed Tuesday night in Acadieville, the guest of Mr. Sylvain Barrieau. He is on a lumbering expedition.

Kouchibouguac Notes.

DEC. 8.—Not having seen any notes from this vicinity for some time, I came to the conclusion that your correspondent must have left the country or climbed a tree.

John L. has not yet succeeded in shooting a goose this fall. He thinks he will go north and fish smelts for the winter. John L. is a hustler, and I wish him success.

Miss Effie Murphy has got a new organ. She intends giving music lessons to some of the boys this winter.

Some of our young ladies were down the river visiting friends, but received a cold reception.

Several of the young men in the village are taking music lessons. Hurry up, Hughie, or you will be left.

Mr. Alec. R. Stewart is working in the Blue Ridge. He intends to quit his old job in the spring and take up a life on the ocean wave, a home on the rolling deep.

I wonder what brings Ronald to our city so often. Some of the young fellows think he has a girl.

BUFFALO BILL.

A BOON TO HORSEMEN.—One bottle of English Spavin Liniment completely removed a curb from my horse. I take pleasure in recommending the remedy, as it acts with mysterious promptness in the removal of horses of hard, soft or calloused lumps, blood spavin, splints, curbs, sweeny, stifles and sprains.
