March Forecasts.

We begin with a repetition of our warnings of a hard and stormy March. About the 3rd, the beginning of a storm period witl show itself in westerly regions by a falling barometer and rising temperature. The winds will shift to southerly-the thermometer will continue to rise, and the barometer to fall until extremes of both are reached, and until general and violent storms develop and start on their eastwa d career. The first storm period would Reopened, refurnished in elegant style, hot and cold water baths. Next to Post Office, in the most central situation in the city; electric bells and electric tights. The table will be supplied with all the delicacies of the season, and from past exacts there will be violent conflicts believed to the control of the contr tween the tropical and polar storms, with Much credit is due Miss McMinn and rear of these storms, or surprise and suf-The Subscriber has thoroughly fitted up fering are sure to result. On and touch ing March 11th is the annual crisis for magnetic and electrical perturbations.

The 14th is the center of the next to that date indications in westerly parts of the continent will plainly show that energetic storms are brewing. Watch the temperature, the weather reports, your own barometer and the clouds. During 13th to 17th, the storms will reach their crisis and make their sweep from the western to the eastern extremes of our continent. At the close of storms, each section in its turn will be struck by a polar wave of great severity, for the season. Centering on the 20th, 21st and 22ud, we have the full moon with partial eclipse of same, the equinoctial centers of Mercury, Earth, Venus, Vulcan's reactionary disturbances, and the direct pressure of the Mars equinox which is central on February 28th. He who will carefully read our chapter on "Foundation Facts" in our Passengers and Baggage taken to and from the almanac, will understand our reasons for admonishing the public of great probable danger at this time on land and sea. Unless this unusual centering of so many disturbing forces, right at the Vernal equinox, shall have neutralizing, balancing effects that we do not now foresee or understand, much violent phenomena is sure to result. Expect cyclonic sterms of great extent, resulting in tornadic features along the southern tangents, and blizzards to the north, all to be followed by a general cold wave that will be felt to the coasts of Florida. Earthquake perturbations, and volcanic eruptions, will be natural, but not necessarily dangerous or fatal. The last storm period for March will run from 25th to 29th, inclusive, and the storms of the period will show the same characteristics as those of earlier storms culminate in very high temperature may be looked for. The month will close cold and fair generally .- Word and Works.

**Best Medical Treatment** Failed

Surgical Operations and

"C. I. Hood & Co., Lowell, Mass.: "Beginning in February, '92, I was very siell for two months. Slowly I got better but wear confined to my bed. A physician said I had a

Pelvic Abscess in My Side. After an operation I did not improve, the abscess continuing to discharge even more freely than before. In two months time three operations were performed and tubes inserted to carry periods of the month. When March off the impurities, but all in vain. Finally it was decided that my life depended upon another operation and that I must be removed to the heavy hail with thunder and lightning hospital. About three weeks previous to this I had noticed an advertisement in the Daily News of a case where Hood's Sarsaparilla had cured a boy somewhat similarly afflicted in Trenton, N. J., and I decided to give it a trial. When the time decided upon for me to go to the hospital arrived I had been taking Hood's Sarsaparilla about two weeks.

I Was Cetting Better

and the abscess had already began to discharge less freely. I felt stronger and had a terrible appetite. Previous to this I had given up to die. When I had taken the second bottle I was able to sit up and accordingly I was not taken to the hospital and the final operation was deferred. Now I have taken six bottles and the abscess has entirely healed. I am well and go every where. My friends think it is a miracle to have me restored to them again so healthy and even younger in looks than before my sickness.

I Feel Better Than Ever I did in my life and weigh over 130 pounds, the heaviest in my life. I do a big day's work and am gaining in strength every day. My mother worried and worked herself almost sick in car-ing for me. She has since taken Hood's Sarsa-parilla and it has done her much good. We praise Hood's Sarsaparilla to everybody, for

I Know It Saved My Life. I am 27 years old, and a stranger to look at me now would not think I ever had a day's sickness. Even the doctors are surprised at the success of Hood's Sarsaparilla in my case. Mother and myself continue to take the medi-

cine regularly and we earnestly recommend Hood's Sarsaparilla." MRS. MOLLIE WENDT, 568 West Eighteenth Street, Chicago, Illinois.

Corroborates the Above. C. I. Hood & Co., Lowell, Mass.: "Dear Sirs; -I am a drug clerk and have sold Mrs. Mollie Wendt many bottles of Hood's Sar-saparilla and can sertify that she was cured by the use of it." F. C. BILLERBECK, 530 West Eighteenth Street, Chicago.

Hood's Pills cure liver ills, jaundice, bil-10usness, sick headache and constipation. 25c.
